Pathways General Education

The Pathways to Degree Completion Initiative is CUNY’s general education framework.

- Pathways establishes a new system of general education requirements and new transfer guidelines across CUNY and by doing so reinforces CUNY's educational excellence while easing student transfer between CUNY colleges.
- The three elements of this framework include:
  - Required Common Core
  - Flexible Common Core
  - College Option Requirement (for students in bachelor's degree programs)
The Goals of Pathways

Through Pathways, CUNY seeks to provide students with:

✓ Well-rounded knowledge;
✓ A critical appreciation of diverse cultural and intellectual traditions;
✓ An interest in relating the past to the complex world in which students live today;
✓ The ability to help society create a fresh and enlightened future.

The framework also allows students:

✓ To explore knowledge from various perspectives;
✓ To develop their critical abilities to read, write, and use language and symbol systems effectively;
✓ To develop intellectual curiosity and a commitment to lifelong learning.

Completing your Educational Plan

- Once you complete your course selection, write down the courses you enrolled in for Spring 2016 in “Year One”.
- Bring this document for future semester advising.
Preparing for Spring 2017

• All first-semester students (all of you) are required to attend a group session during your first semester at CSI in order to prepare for next semester.

• During the session, you will be advised in a group, based on your intended major, and your advisement “hold” will be removed.

• To prepare for your session, review the majors offered at CSI using the Undergraduate Catalog and Degree Works.

• You will need to bring ID, pen and paper, your Educational Plan and Degree Audit to the group session.

• Once your hold is removed and your enrollment comes, you can enroll in classes for Fall 2016 via CUNYfirst.

*Tip*

Schedule your appointment for Advisement early using Advisor Trac.
Checkout Procedure

- Advisor review of course schedule and Educational Plan
- **Checkout is required.** Students who do not properly checkout will have a negative service indicator placed on their academic record. You will not be able to change your schedule from home if this negative service indicator is posted and you will need to return to campus.

*Tip*

During the checkout process with your session leader, please bring up your advisement worksheet, your printed schedule and completed Educational Plan.
