Job Title: Lecturer - Program Director, Medical Technology - Biology

Job ID: 14278

Location: College of Staten Island

Full/Part Time: Full-Time

Regular/Temporary: Regular

FACULTY VACANCY ANNOUNCEMENT

The Department of Biology at the College of Staten Island invites applications for a faculty position at the rank of Lecturer to serve as the Program Director for the Medical Technology Program. This position is anticipated to begin in September 2016. The program is currently registered by the New York State Education Department and is a NAACLS-accredited training program. The successful candidate is expected to maintain or improve our current status as an accredited program and, working closely with the Biology Department Chairperson in conjunction with our Academic Advisor and Clinical Consultant, to interface with the local hospitals for didactic training sites. She/he will also be responsible for the creation of new courses or programs as warranted by the needs of the medical technology field, including any graduate programs.

The selected faculty member is expected to:
- Teach at the undergraduate and graduate levels, especially in the area of Medical Technology;
- Serve on committees at the department, college or university level(s);
- Plan, organize, and provide feedback to promote and direct student learning;
- Engage students outside of class in support of the curriculum and co-curriculum;
- Provide thorough, timely, and effective feedback to students regarding the mastery of course and program learning outcomes;
- Develop curriculum and work collaboratively with colleagues to choose program and/or discipline resources;
- Participate in and/or lead the activities and governance of the discipline, division, campus, and college; and
- Collaborate with relevant academic disciplines and community partners in support of institutional effectiveness and student learning.

Candidate will be expected to demonstrate a strong commitment to teaching courses currently offered in the program in addition to playing an active leadership role in program development. Further information regarding the Medical Technology Program can be found through our website: http://www.csi.cuny.edu/departments/biology/medical_technology

For more complete information regarding the Department of Biology, please refer to: http://www.csi.cuny.edu/departments/biology/

The College of Staten Island (CSI) is a City University of New York (CUNY) senior College organized around two academic divisions and three schools, with over 14,000 students. CSI offers a broad range of academic programs in the liberal arts and sciences, and in several professional areas. The College awards associate’s, bachelor’s, master’s and clinical doctoral degrees, and in collaboration with The CUNY Graduate Center, numerous PhD degrees. CSI’s internationally recognized faculty passionately engage in scholarly and artistic activities, and together with a strong professional staff, lead students through transformational learning experiences both inside and outside of the classroom. The College is situated on a 204-acre site, has recently incorporated a residential component, and is currently engaging in capital expansion. It is a hub of intellectual and artistic activity and a
community partner and source of economic impact and job creation for the greater Staten Island area.

QUALIFICATIONS

Bachelor's degree in area(s) of expertise, and the ability to teach successfully.

Preferred Qualifications:

A Bachelor's degree in area(s) of expertise with concentration in Biology, Medical Technology, or a closely related field. A Master's degree in area of expertise with concentration in Biology, Medical Technology, or a closely related field and an ASCP(CLS)cm Generalist Certification is preferred.

The qualified candidate should have experience in the field of microbiology, histology, immunology/serology, molecular biology, or cell biology. Demonstrated scholarship achievement and the ability to cooperate with others for the good of the institution. Candidates will be expected to develop an independent research program.

COMPENSATION

$41,435 - $67,431

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.

HOW TO APPLY

To apply, please go to www.cuny.edu; select "Employment" - "Search Job Listings" - "More Options to Search for CUNY Jobs" - then enter the Job ID# 14278 in the "Job Opening ID" field. Applicants should submit a current curriculum vitae and the names, addresses, and email addresses of three referees who can attest to the ability to teach a diverse student body.

If you have difficulty with uploading documents to the website please send them to the following email address: facultyrecruitsci@csi.cuny.edu.
