At the time of the transaction, the vendor will automatically take the convenience fee of $13.55 and $510.00 is the amount that will appear on your tuition account. 13. **How do I sign up for a payment plan?**

Pay your bill by making a monthly payment through the Universities Tuition Pay Program for a $16.75 application fee. You can make monthly payments using the Tuition Pay Program. If you sign up by January 1, 2012 you can use a credit card, e-check or check to pay your tuition. If you sign up after January 1, 2012 your first payment must be check or money order only. Subsequent payments can be made by check, money order or credit card. To sign up for this program go to [www.tuitionpay.com/cuny](http://www.tuitionpay.com/cuny), call (866) 267-CUNY or if you are signing up after January 1, 2012 you must come to the Bursar’s Office 2A-105.

14. **Why is this credit card policy with convenience fees being implemented?**

CUNY has found that paying by credit card has become prohibitively expensive because of the fees charged to CUNY for processing credit card transactions. This expense is paid by CUNY out of tuition revenues collected from students and therefore reduces the tuition dollars available for academic programs and services for all students. Whether or not a student uses a credit card for tuition payments, the student’s tuition is used to pay the increasing fees charged by credit card companies for those students who pay tuition with credit cards.
