Greetings

from the President

Greetings! It is my pleasure to welcome you to the College of Staten Island, a senior college of The City University of New York, the nation's leading urban university.

The 204-acre landscaped campus of CSI, the largest in NYC, is fully accessible and contains an advanced, networked infrastructure to support technology-based teaching, learning, and research. We offer associate’s degrees in selective areas, a comprehensive range of bachelor’s and master’s degrees, and doctoral degrees in cooperation with the CUNY Graduate Center. CSI boasts students and alumni not only from the New York metro area, but from across the nation and around the world.

CSI’s administration, faculty, and staff are singularly dedicated to your success, and as we affirm in the College’s mission statement, “practice their commitment to educational excellence as they instill in students preparing to enter their chosen careers an enduring love of learning, a sensitivity to pluralism and diversity, a recognition of their responsibility to work for the common good, and an informed respect for the interdependence of all people.” In addition, the College’s Master Plan is actively working to improve and expand facilities on campus in continuous effort to enable a broad educational experience for all our students.

Please explore The Gazetteer and our Website, www.csi.cuny.edu, to learn more about the programs that are available to you as a member of our College community. Beyond our primary academic focus, you will also find valuable information about CSI’s Health Center, Children’s Center, Student Government, Bylaws, Public Safety, and Parking, among other important and helpful policies and offices, all of which reflect CSI’s trademark dedication to the intellectual, professional, and personal well-being of our students.

Welcome to the CSI family — our faculty, staff and I wish you every success!

Tomas D. Morales, PhD

Greetings

from the CSI Student Government

Dear Fellow Students:

The CSI Student Government would like to take this opportunity to welcome you to CSI. The College offers many exciting opportunities to participate in extracurricular activities. Although we realize that our academic pursuits are of the utmost importance, we should not forget the benefits of the many “out of the classroom” experiences that CSI offers. They can provide you with many skills that will be very helpful to you in your future endeavors besides offering you the opportunity to take a break from the rigors of class and study!

Opportunities to get involved cover a wide range of categories. Student Government, the College Association, Auxiliary Services, College Council, Campus Activities Board, student clubs, and student publications are some of the groups that you, as a student, can participate in. You should also be sure to avail yourself of the many programs that these groups offer. The Student Government provides funding for many programs and activities such as the chartering of 40+ clubs and organizations, evening and weekend coffee hours, lectures, scholarships, and textbooks for the Library to name just a few.

Please stop by and visit us in the Student Government Office, located in the Campus Center (1C), Room 207. We would be happy to talk to you and perhaps help you to get involved in college life. CSI is a wonderful place to learn and grow. We encourage you to make the most of your college education, both in and out of the classroom. Good Luck!

Sincerely,

Your Elected Student Government

FYI-FOR YOUR INFORMATION

STUDENT ID CARDS

Every member of the College community should carry a validated identification card while on campus. ID cards are required to borrow books from the Library. Staff and faculty are required to provide an ID card in order to obtain access to buildings and offices during off-hours. Your ID card should be validated and updated each semester.

ID cards are processed at the Public Safety Office, Monday through Friday, 10:00am to 12noon, 1:00pm to 2:30pm, 4:00pm to 8:00pm and on Saturday and Sunday, 10:00am to 12noon, when classes are in session.

Students must show a paid Bursar’s receipt in order to obtain an ID card. If lost, an additional card will be provided for a fee of $5. Student ID cards are validated each semester upon presentation of a paid Bursar’s receipt.

PERSONAL SAFETY WHILE ON CAMPUS

CUNY Alert

CUNY Alert is a new emergency notification system that will enable the College of Staten Island to advise students, faculty and staff of an emergency (a severe snowstorm or hazmat incident, for example), and provide timely information to protect lives and minimize campus disruption. CUNY Alert messages can range from specific instructions to general warnings. These notifications will be sent to members of your campus community who have signed up for CUNY Alert. Messages can be received via cell phone (text and/or voice), landline telephone and e-mail. The CUNY Alert system is tested campus-wide periodically and annually. You must "opt in" at http://web.cuny.edu/news/alert.html to receive alerts, and you can choose your preferred format or formats to receive the messages.

Blue Light System

The exterior blue light system is presently under renovation. The new system will provide immediate voice contact with public safety personnel.

Fire Safety and Emergency Procedures

Preparation prevents problems. By the same token, taking note of a possible fire hazard may prevent an inconvenience, or even a tragedy on campus. Here are some tips:

• Report any condition you believe to be a fire hazard to Public Safety.
• Find out where fire extinguishers and fire alarms are located.
• Find the nearest fire exit and fire stairwell.
• Treat fire drills as real emergencies. Don’t panic, but if you hear an alarm, think immediately about what you would do if it were a real fire. It may, in fact, be a real fire. Locate an exit and leave the building. Never use an elevator unless instructed to by the Fire Department.
• A fire warden will be designated for each floor of every building. This person will be made knowledgeable about the building and will be capable of leading evacuation procedures.

If you discover a fire, pull the nearest fire alarm box and call 911 or Public Safety at 2111. In addition, make an effort to notify those in the immediate area.
Fire Safety and Persons with Disabilities

Students with disabilities should be aware of fire procedures as well:

- Always know the nearest way out and get to know the fire wardens on each floor.
- Discuss any specific concerns you may have with the Director for Disability Services in the Center for the Arts (1P), Room 101. This office can also be reached at 1.718.982.2510.
- In addition, please inform the Office of Disability Services of your class schedule for each semester.

Shelter in Place and Emergency Lockdown Procedures

This is the most serious or potentially serious type of situation which could occur within the College of Staten Island campus. Typically this would be an emergency that would require immediate notification to the campus community.

One or more of the following methods may be used to immediately alert the campus community of a shelter in place or a campus lockdown unless issuing a notification will in the judgment of Public Safety, the New York City Fire Department or the New York City Police Department compromises the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

- CUNY Alert - via cell phone (text and/or voice), land line telephone and e-mail.
- Web to All - Email alert
- Public Address System
- Verbal instructions from Public Safety Officers, Fire Wardens and other first responders.

Shelter in Place Procedures

Examples of when shelter in place procedures may be implemented:

- Hazardous substance spill
- Serious approaching weather conditions (i.e. tornado, lightning)
- Any other serious or potentially serious threatening situation where persons inside college buildings must Shelter in Place/Lock Down for their own safety.

If an incident occurs and the buildings or areas around where you are become unstable, or if the air outdoors becomes dangerous due to toxic or irritating substances in the air, it is usually safer to stay indoors, because leaving the area may expose you to that danger. Thus, to “shelter in place” means to make a shelter of the building that you are in, and with a few adjustments this location can be made more safe and more comfortable until it is safe to go outside.

If an incident occurs and the building you are in is “not” damaged, stay inside—seeking an interior room until you are told it is safe to come out. If your building is damaged, take your personal belongings (purse, wallet, etc.) and follow the evacuation procedures for your building (close your door, proceed to the nearest exit use the stairs instead of the elevators). Once you have evacuated, seek shelter at the nearest College of Staten Island building quickly. If the police or fire department are on the scene, follow their directions.

Emergency Lockdown Procedures

Examples of when emergency lockdown procedures may be implemented:

- Active shooter
- Hostage situation
- External event that has a potential impact on campus safety
- Any other serious or potentially serious threatening situation where persons inside the college buildings must Shelter in Place/Lock Down for their safety.

When an announcement is made to initiate an emergency lockdown, the CSI campus community may be advised to “Shelter in Place” in the following manner:

- Proceed to an area that can be secured. (Offices can self-lock/Classrooms need a key)
- All doors into the area should be locked. If is not possible to lock the doors, place furniture and equipment in front of them to barricade them. Some doors open out into the corridor. In this situation, use whatever means possible to try to restrict entry to the room, including placing furniture and equipment in front of the door, or using a belt or other item to tie the door handle to something stable.
- Move to the point in the room that is most distant from a door entering the room from the outside or from a corridor/hallway. Do not huddle, but spread out.
- Close blinds and drapes for concealment.
- Turn off lights. Put cell phones on vibrate, and if communication is needed, use text messaging only.
- Remain under lockdown until advised by the Public Safety Director or NYPD Law Enforcement Personnel that the crisis has been resolved.
- After the lockdown order has been lifted, faculty and staff should then attempt to restore normalcy and
comfort/assist the room occupants.

**Power Failure**

Report power failures to the Public Safety Office. Emergency power should make it possible to use phones for up to three hours. If telephones are unavailable, ask the nearest available Public Safety Officer to radio the information to the Public Safety Office. In the case of a blackout, generators will provide low-level lighting to certain areas such as classrooms, hallways, and stairwells. Classes in session should remain so until notified of a possible evacuation.

**WHAT IS STUDENT LIFE?**

The Office of Student Life serves the entire population of CSI by providing leadership development opportunities, advisement to clubs and organizations including the Campus Activities Board, and through the management of the Campus Center. The Office of Student Life sponsors annual programs including a leadership development workshop series, an annual leadership conference, voter registration, and the publication of the student handbook, The Gazetteer.

Leadership Opportunities

How can I become a Student Leader?

Becoming a student leader is easy and the options for leadership involvement at CSI are vast. Students can run for and be elected to a leadership position on Student Government, College Council, or the CSI Association. Club membership is also a great way to become a leader. Student Life and Student Government charter over 40 clubs each year. There are also several other organizations on campus on which you, as a student, are eligible to serve, such as the Campus Activities Board, or becoming an Ambassador, Peer Educator, or Orientation Leader. For ways to get involved, stop in the Office of Student Life, Campus Center (1C), Room 201 and let us help you decide which leadership role would best meet your needs and interests.

Running for Office – Elected Student Leader Positions on Campus

Every spring semester (and sometimes in the fall), elections are held wherein the students of CSI have the chance to vote for those fellow students they feel will best represent them in the affairs of the College. The following are those organizations and what they do:

CSI Student Government is composed of 25 representatives elected by the student body each spring. Any student who has earned at least 6 credits with at least a 2.25 grade point average can run for a seat on Student Government.

CSI Association, Inc. is composed of six students, three faculty, and four administrators who administer the Student Activity Fee at CSI. Students who have a 2.25 grade point average may run for a seat on the Association.

College Council is a governance body of faculty, administrators, and seven students that approves and formulates policy relating to admission and retention of students, grading practices and standards, degree requirements, and protection of academic freedom; encourages cultural activities; and addresses itself to the aspects of campus life that relate to academic affairs and educational matters.

Faculty Student Disciplinary Committee is composed of two faculty members, two student members, and a chairperson and is responsible for hearing charges, accusations, or allegations presented against a student, which if proved, may subject that student to disciplinary action.

Auxiliary Services Corporation is composed of five students and provides essential services to the students, faculty, and staff of the College through administration of the CSI bookstore, dining services, vending services, and parking registration and enforcement. Students who have a 2.25 grade point average may run for a seat on the Association.

The University Student Senate (USS) is an elected body of students with constituent representation from each
of CUNY’s institutions. The USS represents students’ interests at the University level. The chairperson of the USS sits as a voting member on the CUNY Board of Trustees.

Mission of the Campus Center at CSI

The Campus Center draws together all members of the College of Staten Island community. It is a shared possession of the students, faculty, staff, alumni, and guests. While each of these groups is important, it is the students who are at the heart of what the Campus Center is about.

Every student is welcome at the Campus Center. Every student has an equal share. By providing the opportunity for each student to come into contact with others, the Campus Center promotes an understanding and appreciation of the diversity of the College of Staten Island and of the world at large.

The Campus Center fulfills this mission through its programs and services. Students who create programs in the Campus Center complement their education with experience in group process, ethics, leadership, volunteerism, and social responsibility. Students who attend these programs and participate in these activities also enrich their education through the learning, growth, and entertainment that such events offer.

The Campus Center’s services endeavor to meet the social, educational, and recreational needs of the College community. As needs change, so too must the services. By encouraging personal growth, by supporting divergent thought and free expression, by celebrating the individual, and by providing an environment that fosters integrity and respect, the Campus Center exists as more than a building.

Our Services

The Campus Center is comprised of many operating areas and offices. Our public areas include the Green Dolphin Lounge, West Dining Room, and Rotunda—all on the main level of the Campus Center. On the second floor, the Campus Center offers students the opportunity to play games in the Game Room, meet quietly and socialize in the Quiet Games Room, to keep up to date on Email and computer classes in the Computer Lab, or to take some quiet study time in the Sleeping Dolphin Lounge. Also located on the second floor are student organization offices including The Banner, Serpentine, Third Rail, the Campus Activities Board (CAB), NYPIRG, and Student Government.

Located in the Campus Center are the CSI Association Office (1C-202), CSI Auxiliary Services (1C-208), the Bookstore (1C-First Floor), The Multifaith Center (1C-212A), the Veteran’s Resource Center (1C-219), WSIA- 88.9 FM (1C-106), Dining Services (1C-Cafeteria), Health & Wellness Services (1C-211), Student Government (1C-207), and the Office of Student Life (1C-201). Each of these offices serves the College community in many different ways. Each area offers students the opportunity to help shape campus life through programs and services. To find out more, just stop in to the Office of Student Life and explore all that we have to offer to you.

Campus Center Lockers

The Campus Center offers students the only location to rent lockers anywhere on campus. By renting a locker here on campus, you have the opportunity to store items that you use daily or only once in a while. The centralized location in the Campus Center offers you the opportunity to stop by and grab a bite to eat, play a video game, study, or meet up with some friends—all this while just getting “stuff” from your locker!

Lockers are rented on a semester basis, from the first day of class through the last day of class, with the cost of $10 for rental and $5 for security deposit. Lockers are rented on a first come, first served basis. Students interested in renting a locker should come to the Office of Student Life located in the Campus Center (1C), Room 201.

A club, formed around acommonality of educational, vocational, cultural, social, religious, or political interests, offers the chance to share interests and goals in a non-classroom setting. During the academic semester CSI features two club hour periods each week that are reserved for “other than classroom activities.” These hours, every Wednesday from 2:30pm to 3:20pm, and every Thursday from 1:25pm to 3:20pm, are designed to increase learning opportunities by providing time for faculty, staff, and students to attend programs, hold meetings, and pursue interests that may not be strictly related to course content and classroom demands. During these periods most student clubs and organizations hold meetings. The Office of Student Life, Campus Center (1C), Room 201, reserves classroom space during the club hours so various groups can meet on campus. Club meeting spaces and times are available in the Office of Student Life.

POLICIES ON RECOGNITION OF STUDENT CLUBS, ORGANIZATIONS, & PUBLICATIONS

Recruitment and Initiations Practices and Hazing

The College of Staten Island is a public college supported by funds appropriated by the Legislature of the State of New York. As a publicly supported institution, it espouses the principles of access to all student organizations by all members of the student body.

In order for an organization to be officially recognized at the College of Staten Island, membership and participation in it must be available to all eligible students of the College. In addition, in order to be recognized, each organization must agree not to discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, gender identity, marital status, disability, genetic predisposition or carrier status, alienage, citizenship, status as victim of domestic violence, military or veteran status.

Furthermore, the practices commonly referred to as pledging and rushing are not permitted. New York State law and University policy prohibit hazing, which includes but is not confined to, any action or situation which recklessly or intentionally endangers mental or physical health or involves forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization.

The same law provides that the governing documents of every campus organization are deemed to prohibit the organization from engaging in hazing. This means that your organization’s constitution is considered to contain a provision, which prohibits hazing, even if the organization has not officially adopted such a provision.

It is a violation of acceptable standards of conduct at the College of Staten Island for any individual or organization to engage in the practice of hazing as defined above. Any such violation may result in disciplinary proceedings against the involved students and organization and subject the students to the penalty of expulsion, suspension, restitution, probation, censure, warning, or admonition, and subject the organization to the penalty of revocation of its permission to operate on

Enhancing CSI Experiences!

The Campus Activities Board (CAB) is the programming board that allocates an earmarked portion of the Student Activity Fee for social, cultural, educational, and community service programs. The programming board works to identify the diverse needs of the CSI student body and then to develop programs of a cultural, educational, or social nature that will educate and entertain.

The Campus Activities Board is comprised of seven committees: Music, Comedy, Film, Special Events, Marketing and Membership, Speaker Series, and "On the Road with CAB". CAB committees have sponsored such programs as Welcome Back and Spring Carnivals, a film series featuring hit movies, and trips to Dorney Park and Broadway shows. Students and members of the College community may make proposals to the Board for programs, events, and activities they would like to have on campus. CAB has cosponsored events with numerous College departments and organizations including the Resume Rush with the Career and Scholarship Center and the Mind and Health Fair with the Counseling Center, which have been huge successes. They also support many campus-wide programs such as the GDL Cafe, Honors Convocation, and annual Student Leadership Conference.

Have an idea for an event or trip? Feel free to stop by the Office of Student Life. The advisor will tell you about the Campus Activities Board and how to go about proposing an event. The CAB Advisor’s Office is located in the Campus Center (1C), Room 220.

Each year the Campus Activities Board accepts new members by application and interview. Students interested in applying to serve on the Board should come to Office of Student Life, Campus Center (1C), room 201. The Committee meets approximately twice a month during Thursday club hours. The planning and decision-making process is one in which students learn many skills, especially those related to working with other students on campus-wide projects.

The College of Staten Island is home to several award-winning student publications, all of which are paid through the Publications portion of the Student Activity Fee. The Student Publications Board, composed of students, faculty, and staff, is charged with allocating funding to student publications in a fair and timely manner.

CSI’s student publications are:

*The Banner* — a regular newspaper that focuses on campus news and issues of interest to CSI students, faculty, and staff.

*Caesura* — a literary magazine founded by a community of writers and artists who hold the principle that art is a craft and, as is, more than self-expression.

*Operation Three-Legged Dolphin* — a humor magazine infusing comedic writing and artwork with social commentary.

*Serpentine/Artifacts* — a literary journal focusing on the celebration of knowledge. Serpentine regularly publishes poetry, prose and artwork from the student body.

*Third Rail* — a political journal focusing on the intersection between art, culture and politics. Third Rail regularly publishes poetry, fiction and non-fiction, along with photography, drawing and in-depth journalism.

*Dolphin Yearbook* — The yearbook is an annual publication coordinated by the Office of Student Life. Students can submit photos or volunteer to work on the yearbook by visiting the Office of Student Life, Campus Center (1C), room 201.

Any currently registered student is welcome to join any student publication, or join with others to create a new publication of their own. The rules by which student publications may charter are set out in the CUNY Bylaws, Article 15, section 7, which is included in the Gazetteer. For more information on creating a new publication, please stop by the Office of Student Life in the Campus Center (1C), Room 201.

The College of Staten Island’s Intercollegiate Athletics Program is dedicated to offering the best in varsity sports opportunities for all students. The CSI Dolphins currently boast 13 NCAA Division III intercollegiate sports, and participate in The City University of New York Athletic Conference (CUNYAC). Varsity sports offerings include men’s and women’s basketball, soccer, cross-country, swimming, tennis, and men’s baseball, and women’s volleyball and softball.

Student-athletes at CSI get to take advantage of the exceptional playing facilities on the College of Staten Island campus, from the 1,200-seat indoor basketball arena, home of the 2005-2006 Con Edison/CUNYAC Men’s and Women’s

Basketball Tournament, to the 2,500-seat baseball stadium, former home of the Staten Island Yankees minor league baseball team. The Sports & Recreation Center also features a 25-meter swimming pool. In the fall of 2004, the Dolphins unveiled their new CSI Soccer complex, featuring state-of-the-art Field Turf synthetic grass. In addition, the women’s softball field was completely renovated and surfaced with Field Turf as well.

Competing on a high level is nothing new for the Dolphins. In 2001, the CSI athletics program won its first ever CUNYAC Commissioner’s Cup, awarded annually to the top athletics program in the CUNYAC. The award is based on points system, where teams are rewarded for finishing as regular season champions, or by placing first or second in the CUNYAC championship tournament. In 2008-09, CSI picked up CUNYAC Championships in Women’s Softball, Men’s Tennis and Women’s Soccer.

CSI students don’t have to be athletes to enjoy what athletics has to offer. Admission to all CSI home games are free and all are Personal Growth (PG) CLUE certified. Students can also take part in free giveaway nights and contests during various sporting events.

The CSI Athletics Program also reaches out to students and the community by providing an in-depth Website (www.csiodolphins.com), which records the latest developments in the program. In 2008, CSI Athletics also unveiled CSI SportsNet, which provides live broadcasting feeds of select CSI sporting events live over the internet.

The student-athletes’ individual honors while at CSI have always reached superior levels. The CUNYAC acknowledged many CSI athletes as all-stars in their respective sports. Player of the Year, Rookie of the Year, Coach of the Year, and Scholar-Athletes of the Year awards are also offered by the conference promoting various players and coaches.

The annual CSI Awards Banquet each spring is another successful event. Over 80 student-athletes are honored with awards from coaches and administrators. The evening also acknowledges the parents and friends who help support athletics throughout the year.

Take Pride in CSI!

The mission of the Take Pride in CSI Committee is to raise awareness and encourage involvement from the College community to help promote pride in CSI. The Committee members – students and staff members – come from many areas of the campus. The Committee sponsors dances, sporting contests, and other programs to raise awareness and develop a sense of community among the members of the CSI population.

The CSI Pride Committee’s goals are to:
• Engage students in different activities inside and outside of the classroom
• Market the services of the Division of Student Affairs
• Develop programs that promote activities that engage students in the life of the campus
• Develop and administer surveys to determine what students are thinking in regard to CSI programs and activities
• Promote pride in CSI through the TAKE PRIDE IN CSI program

For information on the Take Pride in CSI Committee or to find out how to get involved, contact the Office of Student Life, Campus Center (1C), Room 220, 1.718.982.3268.

STUDENT ELECTION REVIEW COMMITTEE

Each year the Student Government nominates members of the College community to serve on the Student Election Review Committee (SERC), which are then appointed by the President of the College. Students, administrators, and faculty may serve. The Committee is responsible for overseeing student elections. They approve all procedures and rules, hear complaints about the conduct of the elections, count the votes, verify the results, and recommend the verified results to the President of the College for certification. Regularly scheduled student elections are held during April and October.

NYPIRG

Contact: Program Coordinator

Website: www.nypirg.org

NYPIRG, the New York Public Interest Research Group, is a statewide, student-directed group that works to protect the environment, defend higher education, and fight for consumer rights.
CSI NYPIRG is one of 21 chapters based out of colleges and universities across New York State. NYPIRG’s State Board of Directors is made up entirely of students, including three from the College of Staten Island. The Board of Directors is responsible for establishing NYPIRG’s direction.

NYPIRG students develop and lead projects on a variety of issues such as environmental protection, higher education, homelessness, and student empowerment.

CSI NYPIRG has advocated for environmental justice, lobbied in Albany and City Hall for better legislation to protect children against lead poisoning, and organized coalitions to fight against proposed CUNY budget cuts and tuition hikes. For example, just last year students working with NYPIRG fought for and won funding to clean up over 800 toxic waste sites in New York, including nine here in Staten Island.

Students involved in NYPIRG have become advocates for their local and statewide communities. Students conduct surveys and news conferences to alert consumers of rip-offs and other issues. The NYPIRG Straphangers Campaign reports on inadequate transit service and reduced fares for students.

NYPIRG offers internships on and off campus and every semester NYPIRG students participate in a Statewide Student Action Conference. This is an opportunity to meet students from across the state, have fun, and learn. CSI NYPIRG strongly encourages student leaders to attend.

NYPIRG organizes a General Interest Meeting/Student Action Meeting each semester for students looking to get involved. Those interested can stop by the NYPIRG office located in the Campus Center (1C), Room 218, or call 1.718.982.3109.

STATEMENT ON ACADEMIC INTEGRITY

ACADEMIC INTEGRITY, PLAGIARISM, AND CHEATING

Integrity is fundamental to the academic enterprise. It is violated by such acts as borrowing or purchasing assignments (including but not limited to term papers, essays, and reports); using concealed notes or crib sheets during examinations; copying the work of others and submitting it as one’s own; and misappropriating the knowledge of others. The sources from which one derives one’s ideas, statements, terms, and data, including Internet sources, must be fully and specifically acknowledged in the appropriate form; failure to do so, intentionally or unintentionally, constitutes plagiarism.

Violations of academic integrity may result in a lower grade or failure in a course or in disciplinary actions with penalties such as suspension or dismissal from the College.

A student accused of violating the College’s academic integrity policy will meet with the faculty member in whose class the alleged infraction has occurred. The meeting is held to review the facts of the alleged infraction and determine the sanction to be imposed. A faculty member can impose an academic penalty when a student does not contest his/her guilt or the reduced grade for the assignment or class.

If a student denies his/her guilt or contests the reduced grade, the departments grade appeals committee process is used and at a minimum the hearing must include an opportunity for the student to be heard and to present evidence.

You are encouraged to read the College’s academic integrity policy, which can be found on the College’s Website at www.csi.cuny.edu under current students.

ACADEMIC FREEDOM

The City University subscribes to the American Association of University Professors’ 1940 Statement of Principles on Academic Freedom, and the College of Staten Island respects academic freedom for faculty and students as well as freedom in their personal lives for all individuals in the campus community.

GRADE APPEALS

Students wishing to appeal a grade other than WN, WU or FIN must do so within 60 school days (except for the summer session), following the end of the semester. (Please refer to the Academic Calendar in the Schedule for Classes for the deadline). Appeals must be submitted in writing to the chairperson of the department in which the course was offered. Upon receipt of the appeal, the chairperson shall direct the student to discuss the issue with the instructor who assigned the grade. If the issue remains unresolved, the student may request a review by the Department Committee on Grade Appeals.

This Committee on Grade Appeals shall review all information presented by the student and shall meet with the instructor. The Committee shall render a decision within 30 days after the student requested the grade review by the
Committee since the student and instructor did not come to resolution. If the Committee upholds the appeal by a vote of 3-0, the chairperson shall change the grade to reflect the decision of the Committee. If the Committee does not uphold the student, there is no further appeal within the College and the grade remains.

In all deliberations on grade appeals, the burden shall be on the student to prove that a violation of the College’s regulations occurred or that the instructor’s own stated criteria for grading, which shall have been enunciated at the beginning of the semester, have not been followed. Students in need of advice about the procedure may consult an academic and personal counselor.

Students wishing to appeal a WN, WU or a FIN grade must file a written petition supported by documentation to the Committee on Course and Standing.

CUNY Portal

Through the CUNY Portal Website www.cuny.edu, students can, with a single sign-on, access their records, register, view grades, manage tasks, and much, much more. Installed software will enable students to easily determine schedules and availability of courses throughout the University as well as provide secure single sign-on directly to eSIMS, the Web-enhanced registration and the ePERMIT application.

To access the CUNY Portal, go to www.cuny.edu and click on the "Log In" button at the left. Next, register by clicking on "Register" and follow the directions to obtain an ID and password. Once registered, a personalized cuny.edu homepage will appear with links to eSIMS and other resources prominently displayed.

The Evening, Weekend Services Office is the central administrative office of the College during evening and weekend hours and in the summer. The Office serves evening, weekend, and summer students by providing administrative and academic assistance; information about College programs, policies, and procedures; and other special services. Academic advisement is an integral part of the service offered to both full-time and part-time evening and weekend students, whether they are working toward a degree or taking only a few courses. The Evening, Weekend Services Office advocates the special needs of the evening, weekend and summer students within the larger College community, and encourages the
provision of support services at times convenient for this student population. When classes are in session, the Evening,
Weekend Services Office is open each weekday and evening until 9:00pm and on Saturday and Sunday until 4:00pm. The
Office maintains two Websites with Email links—one for evening and weekend students and the other for summer session
students. The Email boxes are monitored regularly and pertinent responses are promptly sent out.

**Evening and Weekend Programs**

The College offers a wide variety of evening and weekend courses each semester for undergraduate and graduate
students who are unable to attend classes during the day. Evening classes begin at 6:30pm or later and meet twice a
week, on Monday and Wednesday, or on Tuesday and Thursday, or one night a week, Monday through Friday. Weekend
classes are scheduled so students may take classes on Saturday mornings and afternoons as well as on Sunday afternoons.
Over a period of time, evening and weekend students can fulfill general education requirements and complete degree
requirements for a number of specific majors.

**Summer Programs**

In the summer session at CSI, there are different course schedules to suit different needs. Courses are offered during
morning, afternoon, evening, and weekend time slots. Two four-week sessions (one starting in early June, the second
beginning in late June/early July), where each class meets four times weekly (Monday through Thursday), are very popular.
A six-week weekend college session, where classes meet both Saturdays and Sunday mornings, starts early in June and
finishes by mid-July. Finally, there is an eight-week session, where classes meet twice each week on a Monday/Thursday
or a Tuesday/Thursday pattern. The varied summer session course schedule provides an opportunity for students to
accelerate completion of their degree programs.

Immersion Programs are designed to address the developmental needs of incoming freshmen and continuing students as indicated by scores achieved on the CUNY Assessment Tests. Students who need to strengthen their skills in the areas of writing, reading and/or mathematics are given the opportunity to receive instruction in one or more basic skills areas by successfully completing intensive workshop programs. Workshops in reading, writing and mathematics are offered during the summer and January intersession. To be eligible, all students must continuously pursue any outstanding CUNY Assessment Test requirements prior to participating in a free Immersion program. For more information about eligibility criteria, please call at 718.982.4115, or visit http://www.csi.cuny.edu/oas/immersion.html

The PASS Program is designed to help students strengthen the basic academic skills necessary for success in college and to prepare them to retake the CUNY Assessment Tests. In the PASS Program, students with developmental needs have an opportunity to focus on basic skills enhancement without the burden of taking college-level courses or having to sustain a minimum number of credits to maintain financial aid eligibility. Students in the program are provided with the following services:

• Free instruction in the three basic skill areas (reading, writing and mathematics)
• Individual tutoring by appointment
• Academic and personal counseling
• Career advisement
• Workshops on topics including computer skills, study skills, and adjusting to college life

This program is offered through a cooperative effort between the Brooklyn Educational Opportunity Center (BEOC) and the College of Staten Island.

STUDY FOR SUCCESS INITIATIVE
Study centers are an integral component of the academic support services provided at CSI. Our study centers are dedicated to the academic needs of all students, and our goal is to assist students in developing the academic skills necessary to ensure their success at CSI. In the various study centers across campus, students have the opportunity to work with academic coaches to broaden their understanding of a variety of disciplines, and they are guided to take an active role in setting their educational goals. Various coaching modalities are incorporated, including individualized sessions, small group sessions, computer-assisted instruction and peer study groups. The Study for Success Initiative is a collaborative effort among CSI's study centers. For information and academic assistance, contact the following individuals:

SUPPLEMENTAL INSTRUCTION

Supplemental Instruction (SI) is a nationally recognized approach to addressing the problems of poor grades and student attrition. OAS consults with faculty to assist students in traditionally challenging courses. SI leaders, who are students selected for their outstanding communication skills and excellent command of course contents, facilitate out-of-class study sessions. In these sessions, SI leaders assist students by integrating course material with learning strategies and guide students through the more difficult material. Students are given opportunities to ask questions, review concepts and work with fellow students in developing strategies for academic success.

CUNY LANGUAGE IMMERSION PROGRAM (CLIP)

The CUNY Language Immersion Program (CLIP) is an intensive English language program for students who are non-native speakers of English and have been admitted to a CUNY college but have not passed the CUNY reading and/ or writing assessment tests. CLIP offers students the opportunity to spend more time learning English in an academic environment before formally enrolling in or returning to college courses. CLIP classes meet 25 hours a week during fall, spring, and summer sessions. Class hours are 8:45am - 2:30pm, Monday-Friday. Books and other materials are provided for CLIP students, and the students pay only a nominal fee for the program, saving their financial aid for college.

There are also many potential volunteer opportunities for CSI students at the Center. The Center is located in the North Administration Building (2A), Room 206. Stop by or call us at 1.718.982.2100.

English Language Institute (ELI)

The Institute offers intensive English and cultural orientation programs to international students, visitors, professionals, and business people. There are a variety of sessions offered, from two 14-week sessions and three nine-week terms and classes range from beginner to advanced levels.

Foreign Student and Scholar Services

The Center provides services for students and scholars from around the world. In addition to processing all required immigration documentation, the Center provides extensive orientation, ongoing advisement, and assistance in on- and off-campus adjustment.

Study Abroad

Study Abroad programs provide wonderful opportunities for students to learn about the world first-hand. CSI sponsors programs in Ecuador, Italy, Greece, China, Denmark, Barbados, Ireland, Japan, France, England, and several other countries. In addition, over 30 other programs are open to CSI students through our membership in the College Consortium for International Studies (CCIS) and through the programs offered by other CUNY colleges. While no previous language studies is required for most programs, students should have a 2.5 or better GPA. All programs provide academic credit for courses taken abroad. Internships and service learning opportunities are included in many programs. Financial aid applies and there are special scholarships and grants available to assist qualified CSI and CUNY students.

On-Campus International Programs

The Center organizes and sponsors a variety of on-campus programs. World on Wednesdays is held every Wednesday and
The Gazetteer

focuses on international topics of interest to the CSI community. International Coffee Hours are held the first Thursday of every month and provide an opportunity for the CSI community interested in international education to gather in an informal setting. The Center highlights many of their activities during the annual International Education Week in November. Occasional special speakers, international musicians, and cross-cultural films are also offered to the campus community throughout the year. Most programs are offered for CLUE credit.

In addition to possessing a respectable collection of books, journals, and magazines in traditional paper formats, the CSI Library utilizes state-of-the-art technology enabling students to electronically retrieve educational resources. The Library’s home page is a gateway to more than 100 databases that, in turn, offer access to thousands of publications in all disciplines. Students may search these resources in a variety of locations: at the Library’s numerous workstations, by borrowing a Library laptop computer to access the campus-wide wireless network, or by logging in from home.

The Library consists of three floors. Reference librarians are available to work with students whenever the Library is open. They gladly provide explanation of assignments, guidance in students’ search strategies, recommendations of useful library resources, instruction, and demonstration in effectively using the Library’s electronic holdings. Reference books, such as general and specialized encyclopedias and handbooks, line the shelves in the area behind the Reference desk. Articles and books (including many required textbooks) selected by professors for their classes are available from the Circulation/Reserve counter for reading and for duplication. At that same counter, books and calculators may be borrowed upon presentation of the College ID card.

The Library’s second floor houses a number of collections and facilities: the microform room stores and permits access to hundreds of thousands of articles; the document center which provides students access to a fax machine, a scanning workstation, and group study rooms; the Archives/Special Collection unit contains an ever-growing collection of political and historical materials about Staten Island; the distance learning facility provides communication between educational sites; and, the Library instruction facility wherein students receive formal training in effectively using the Library’s resources.

Books that may be borrowed are available on the third floor, as are the Library’s collections of journals, magazines, and newspapers in paper format.

To make full use of the Library’s resources, students require the following:
• an ID card that serves as a borrowing card;
• a user ID and a password for searching on a Library computer;
• a bar code sticker placed on the back of a College ID card that provides the password for accessing from off-campus. This can be obtained at the Library circulation counter.

Further information about the Library’s services as well as the points of access for database searching are available at the home page www.library.csi.cuny.edu.

NEW STUDENT ORIENTATION/CLUE
Brian DeLong, Director

Location: 2A-208

Web: www.csi.cuny.edu/CLUE

The Office of New Student Orientation/CLUE provides orientation services to new CSI students. These services include: operating an information center for new and prospective students, including a special peer mentoring program called CSI PLUS; assisting new students during their first advisement and registration sessions; providing introductory
new student orientation programs prior to the beginning of each semester; and coordinating the CLUE (College Life Unit Experience) Program. The Office also keeps records on all CLUE program activities and monitors students' progress toward meeting CSI's basic new student orientation degree requirement.

Orientation Choices

The orientation degree requirement applies to all new students entering CSI with fewer than six credits. Students choose between two options to satisfy the requirement. First, they may take a one-credit freshman orientation course (either SPD 101, Issues in College Life or SKO 100, Freshman Orientation). A description of these courses and a complete explanation of the orientation requirement can be found in the CSI Undergraduate Catalog.

A student’s second choice is to participate in the CLUE program. Students choosing the program CLUE start by attending a general orientation session, usually before classes begin. (If new students miss the summer or winter orientations, they should consult the NSO Office regarding alternative sessions). The next step is to attend four CLUE-certified events or activities during the first year at CSI. To find out which CLUEs are offered each week, students should look for a new issue of CLUE News every Friday or check the weekly listings on the Internet at www.csi.cuny.edu/eventsactivities/clue.pdf.

CLUE Program Highlights

Among the CLUEs that students select, two must be certified as Personal Growth (PG) and the other two must be Co-Curricular (CC). Co-Curricular CLUEs are activities that focus on scholarly, cultural, and civic development. Examples of these include lectures, concerts, documentary films, and theatrical events. PG CLUEs deal with students’ personal development, such as health and wellness, career discovery, and recreational and social experiences of college life. Beyond the basic CLUE requirement, many students also join the CLUE CHALLENGE, in which they agree to complete at least ten of each CLUE type prior to graduation. Students who complete the CHALLENGE receive a signed certificate from CSI’s President and special recognition from the Vice President for Student Affairs. The newest component of the CLUE Program is CLUE PATHWAYS, special CLUEs clustered around a theme, allowing students who have met the basic CLUE requirement to accumulate concentrations of CLUEs in selected topic areas and earn a special certificate.

Pluralism and Diversity Program

One of the commitments of the College of Staten Island is to create in all aspects of campus life “…a climate that fosters respect for the pluralism of American society” and to confront racism, sexism, homophobia, ageism and other such prejudice through education and enlightened example. Toward that end, the College supports a Pluralism and Diversity Program coordinated by the Office of New Student Orientation/CLUE. The Director of the Office of New Student Orientation/CLUE chairs a Pluralism and Diversity Committee (consisting of students, faculty and staff) and encourages and/or sponsors a variety of educational, social, and cultural events throughout the academic year, intended to promote appreciation and respect for the diversity of the College and its surrounding community. These events feature various ethnic, religious, cultural and other groups and explore the many meanings of pluralism in this society.

If you are interested in joining the Pluralism and Diversity Committee please contact Winnie Brophy, Coordinator of the Pluralism and Diversity Program, North Administration Building (2A), Room 208 at 1.718.982.2529.

Reading Between the Lines!

All of the important facts are revealed in a single class listing:

**BIO 106 BIOLOGY PRINCIPLES I**

3.0 CREDITS  3 HOURS  3.0 EQUATED CREDITS

PREREQ: APPROPRIATE SCORE ON CMAT OR MTH 020 & CO-REQ: BIO 107

DAY <SECTION 2480>  TUE  1010AM-1100AM  1S218  Fri  1010AM-1205PM  3S108 SILVER

DAY <SECTION 2484>  MON  125PM-215PM  2S219  Wed  1220PM-215PM  6S138 EHRLICH
DAY <SECTION 2485>  TUE 230PM-425PM  3S103  Thurs 335PM-425PM  3S107 SILVER

BIO 106 – This identifies the subject (Biology) and class level

BIOLOGY PRINCIPLES I – Class title, which reflects the content of the semester’s work. Note the “I,” which indicates that there must be a second-level class after completion of this one.

3.0 CREDITS – Number of credits, number of hours spent in class per week, and number of equated credits. Like most 100-level classes (there are some exceptions), BIO 106 is a three-credit class.

PREREQ – This is very important, because it tells students which classes have to be completed prior to registration for this class

CO-REQ BIO 107 – A corequisite is indicated, which means that there is a class that must be taken during the same semester as BIO 106. (In this case it is BIO 107, which is a one-credit laboratory class.)

DAY – Indicates when the class is being offered and when it is scheduled to meet. In this example, the course is offered during the day (as opposed to the evening or weekend). Please be sure to always refer to the most recent tuition bill that you received from the College and verify the building and room number, as sometimes buildings and rooms change from the time the Schedule of Classes is published or since you registered.

<SECTION 2480> – This is the section number, which is the unique identifying number assigned to each class. Section number is also known as the Course Registration Code. Be sure, when registering, that you have correctly entered the section number as the course registration code for the class you want to take. Otherwise, you will end up registered for the wrong class!

TUE 1010AM-1100AM 1S-218 – Day, time, and room number of the class. In this example Section 2480 meets in two different buildings both days but Section 2485 is in the same building both days but in two different rooms. Always double check class times and locations to make sure that they do not conflict with your personal schedule. Room numbers do occasionally change as well. Room changes appear on the Web at esims.cuny.edu or the CSI homepage at csi.cuny.edu.

SILVER – Knowing the name of the class instructor can be helpful. Other students who have taken the class can offer information and advice about particular professors. TBA is not a hardworking ubiquitous professor, but an abbreviation for “To Be Announced.” This simply means that the class instructor was not known when the schedule was printed.

Frequently Asked Questions about Registration

What’s the difference between a matriculated (degree) and a non-matriculated (non-degree) student?
A matriculated student is one who is enrolled and registered in a particular degree program (for example Biology). A non-matriculated student, though perhaps pursuing a degree or ultimately intending to pursue a degree, is not officially registered as such in the Registrar’s office. Also, students simply taking classes, for purposes other than obtaining a degree, are non-matriculated.

What is eSIMS?
eSIMS is the online electronic student information management system that provides Web-enhanced services via the Internet. The URL to access eSIMS is http://portal.cuny.edu. eSIMS allows students to conduct registration, view transcript and semester grades, view unofficial copy of tuition bill, look up e-mail address (see Student Campus Information Xchange).

Am I able to register using eSIMS?
CSI has installed eSIMS for the benefit of all currently enrolled undergraduate and graduate students. Students encountering any problems with the system should contact the Helpdesk either in person in 2A-306 by calling 1.718.982.4357.

What’s the difference between “real” credits and equated credits?
Although most classes offer students the same number of “real” credits as equated credits, perhaps leading students to assume that they are always the same. However, in many instances, the “real” credits are not the same as the equated credits. Equated credits are the credits you pay for and that number also determines your full-time or part-time status. Please note that remedial courses worth four equated credits produce zero “real” credits. “Real” credits are only those that go toward your degree credit requirement. In other words, you pay for any equated credits you take, but only “real” credits count toward your degree requirement.

Grade Point Average (GPA)
The grade point average (GPA) is determined by dividing the total quality points earned by the total number of credits attempted. All credits for which the student is officially registered after the change of program period of each semester shall be considered “attempted credits,” except where the grades carry no penalty, (i.e., grades of W, WA, INC, AUD, and PEN.) For example:

**Web Services at CSI**

Web-enhanced registration allows students a greater degree of flexibility and convenience. Registering via the Internet (via eSIMS) at your appointed time during Priority Registration is the best way to obtain a schedule that meets your academic needs and accommodates your schedule. If you do not have access to the Internet or wish to register on campus, computers are available for student use in the Web Resource Center, located in building 2A, room 104, during Priority Registration. Please refer to the Semester Bulletin on the web at www.csi.cuny.edu/registrar for Web registration system availability and additional instructions and information. Students will be receiving their Registration Appointment Email notification indicating the date and time they are scheduled to register via their assigned CSI Email. Students may register for the Summer Session at the same time as their Fall appointment; and for Winter Session at the same time as their Spring appointment. Students for whom advisement is required must see their advisor before registering. Registration will be blocked without the approval of an advisor. The advisor or department clerical staff must remove the advisement stop before you can register. Students for whom advisement is optional or not required may register without seeing an advisor.

The CUNY Portal at www.cuny.edu offers more than just registration. Students may also view their schedules, grades, transcripts, bill status, search for open course sections, change their PINs, and view their assigned CSI Email addresses.

Students may also view the listing of courses along with their open or closed status on the home page of the College of Staten Island website at www.csi.cuny.edu/registrar. The home page is updated with course information three times daily throughout the registration calendar.
The SEEK Program (Search for Education, Elevation, and Knowledge) is an educational opportunity program that offers students numerous forms of both academic assistance and financial aid. It is a multi-faceted program designed to help eligible students fulfill their academic potential and reach their desired goals.

Located in the South Administrative Building (1A), Room 112, the SEEK Program is staffed with a director who oversees the operations of the Program and three professional counselors who assist with personal, social, and academic problems, and career questions/decisions. SEEK’s Learning Center, located in the SEEK office, is staffed with a tutorial coordinator and 25 student tutors who are available Monday – Friday, 9:00am to 5:00pm to help students who have enrolled in the SEEK Program. This is a quiet area where SEEK students meet with tutors or come to study and do class assignments. There is also a computer lab equipped with 23 computers and a technician who is ready to assist students in accessing the Internet, and in using word processing and various interactive academic software programs.

Students in the program are assigned individual counselors who assist with career, academic, financial, and personal concerns and one-on-one tutors for each academic subject they wish to improve. The hours for tutoring and general counseling are 9 am to 5 pm, Monday through Friday.

Additional opportunities for SEEK students, include potential financial assistance to help cover the costs of tuition, books and transportation, skill building courses and workshops which are offered throughout the semester, a national honor society for which eligible SEEK students may be inducted, and an opportunity to work as a Research Assistant with faculty and CSI members who are engaged in various kinds of research.

CUNY Basic Skills Test

All new students, unless exempt, are required to take the CUNY Assessment Tests in reading, writing, and mathematics in order to become degree (matriculated) students. The scores are used for advisement and placement into college courses. Students who fail one or more of the tests will be directed to the appropriate summer or winter immersion workshops, into remedial courses, or into the PASS program. No associate’s or bachelor’s degree will be awarded unless all the tests have been passed.

Placement Examinations

Placement examinations are offered in the Department of Biology and the Department of Modern Languages. These examinations determine placement at the appropriate course level.

CUNY Proficiency Examination

All students pursuing an associate’s or bachelor’s degree must take and pass the CPE. Passage of the exam is a requirement for the associate’s degree, while students pursuing a bachelor’s degree must pass by the time they have completed their 60th credit. The University will administer the exams several times each year. Students will receive information regarding the exam by mail from the Office of Testing at the appropriate times.

**Parking Questions, Parking Answers**

It may seem at times that there are only seven parking spots on the entire CSI campus, and of course, they’re all taken! But there are actually seven lots, and several other gravel parking fields, located in different sections of the campus, all with access to nearby academic buildings, or intra-campus shuttle bus service. Since parking rules at CSI are strictly enforced, there are some items of information that students must know.

Rather than list all the information here however, the Office of Parking Services has created an easily accessible and extremely thorough booklet that outlines parking DO’s and DON’Ts at CSI. Additional questions, such as parking rules, fees, safety, penalties, visitor parking, and disabled parking are addressed. This booklet is sure to clue you in to everything you ever wanted to know about parking at CSI. Students can pick up one of these booklets at the Parking Services office.

There is one thing the Office of Parking Services especially wants you to know. If you have trouble parking near classrooms you may actually save time by parking further away! How? By parking in lot 6, and hopping on a shuttle bus.

Lot 6 may not be the closest to your classroom. However, consider this, how many times do you end up driving from lot to lot, circling around for 15 minutes or even 30 minutes all to “save” time by parking near your classroom? The fact is, securing a spot in lot 6, known as the Easy Parking lot, and getting a loop bus may be the best and quickest way to get to class. It actually works!

Parking Decals may be purchased by mail or at the Campus Center Box Office during the first two weeks of each new semester. After that, and throughout the school year, decals may be purchased only at the Parking Services office.

The Career and Scholarship Center provides individual career coaching to students to develop a career plan using MyPlan.com. The Center provides current students and graduates with career, internship, and placement services such as résumé review, job fairs, Senior Employment Referral Program, on-campus interviews, career and graduate school counseling, and a comprehensive database of full- and part-time jobs and internships. Office staff and employers, through the Employer Series Workshop Program, provide group session workshops to cover topics such as salary negotiations, interviewing tips, dressing for success, networking, business meal etiquette, etc. Special seminars and workshops are also offered throughout the academic year focusing on selected employment topics as well as the “Mock Interview” Program.

Seniors are encouraged to register for the Co-Curricular Transcript program, which includes having their résumés and assorted credentials kept in a virtual file.

Office staff assists with applications and preparation for fellowships, scholarships, and awards. Assistance will be given to students writing personal essays and mission statements.

Scholarships Available!

Scholarships at the College of Staten Island, CUNY recognize academic excellence for current students and transfer students, at all levels of study. Some scholarships, while recognizing academic excellence, also require financial need. Scholarships are awarded for the academic year and each year students must reapply. Few academic experiences match the intellectual and practical value of receiving a scholarship. Needless to say, any résumé is brightened by the presence of a scholarship award.

Scholarships have a fall semester deadline date for submission of completed applications for scholarships offered the following September. For more information contact the Career and Scholarship Center.

In addition, there are numerous fellowship and scholarship opportunities separate from the CSI scholarship program: The Jeannette K. Watson Summer Fellows, The Truman Scholarship, and the 100 Hispanic Women Scholarship are a few examples. Students are encouraged to visit the center to inquire about these special opportunity programs.

The Universal Pre-K program is offered in cooperation with the NYC Department of
Education. Children who are four years of age by December 31st of the calendar year may register for the program in addition to regular childcare hours. The school-age program for children five to nine years of age, involves creative and problem-solving activities, homework assistance, and outdoor play. All programs are run pending funding and enrollment.

The Children’s Center is licensed by the New York City Department of Health and Mental Hygiene, Bureau of Day Care and is funded through the CSI Association, Inc., Student Activity Fees, state and federal grant money, and childcare fees based on $2 per hour (subject to change). Some additional assistance with childcare fees may be available to income-eligible families through a federal childcare grant.

The Children’s Center is located in Building 2R, near parking lot 5 and is open Monday through Friday from 7:00am to 6:30pm for infants and toddlers, 7:00am to 8:30pm for preschoolers, and 3:00pm to 8:30pm for school age children. Children three years of age or older and toilet trained, as well as school age children, may enroll in Saturday programs that run from 8:30am to 4:30pm. Evening hours (6:30-8:30pm) and Saturday hours are scheduled pending enrollment.

The Center also offers Winter and Summer Programs for infants, toddlers and preschool children 15 months to five years of age; and a July session for school-age children ages five to nine. For more information about winter and summer programs, please contact the Children’s Center.

The Counseling Center offers a broad range of personal and academic counseling services to help the students of the College of Staten Island achieve their full academic potential. Professional counselors work in collaboration with student to explore issues that help overcome obstacles that interfere with accomplishing their goals.

Personal counseling is designed to help students address concerns, come to a greater understanding of themselves, and develop effective strategies for dealing with life’s challenges. Students seek personal counseling for a variety of reasons. Some common reasons for seeking personal counseling are stress, depression, anxiety, family and relationship issues, drugs or alcohol abuse, sexual identity, eating disorders, and cultural adjustment, to name a few.

Academic counseling is designed to assist students in maximizing their academic performance. Counselors help students with a variety of issues that affect academic success such as study and test taking skills, test anxiety, time management, concentration and attention difficulties, goal setting, and motivation. Counselors can also provide help with appeals to the Committee on Course and Standing.

The Ombudsperson is located in the South Administration Building (1A), Room 301, and is available to all students enrolled at the College. The Ombudsperson is authorized to investigate student concerns and to make recommendations regarding the outcome of those investigations. The Ombudsperson is a source of information about College policies and procedures, and, in certain situations, will provide mediation and advocacy services. Students may be advised to visit other College offices to file official student concerns as well.

The Ombudsperson helps students to develop positive strategies to resolve problems and conflicts and acts as a neutral party so that he can hear any type of student concern or dispute related to the College.

The office deals with academic matters such as grade appeals, accusations of cheating and plagiarism, faculty/student disputes, and non-academic matters such as billing disagreements, conduct issues, campus environment concerns, health and safety issues, and interpersonal conflict. This is not a comprehensive list, as it is understood that each individual may have concerns and needs that are unique.

Mission Statement
The mission of the Office of Public Safety is to provide a safe and secure campus for our College community. We strive to maintain an environment in which the primary educational mission of the College can be realized. Each member of the Office of Public Safety is committed to providing services with the highest degree of integrity, concern, and respect for individual rights.

Public Safety Staffing
The administrative staff consists of a Director of Public Safety, a Deputy Director, three Assistant Directors, one full-time Office Assistant, and one part-time College Assistant. The uniformed Public Safety personnel consist of six sergeants, six corporals, and 27 Campus Peace Officers who have Peace Officer status and arrest powers. In addition, there are
approximately 25 uniformed security guards who are employed by a contract security firm.

**Campus Weapons Policy**

No one within the University community, except Peace Officers, pursuant to authorization of the College President, shall have in their possession a rifle, shotgun, firearm, or any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage to a building or the grounds of a campus.

**Access to Facilities**

The Office of Public Safety is charged with the maintenance of security and personal safety of all members of the College community and visitors while on campus. All students and members of the faculty and staff are required to have a valid, updated College identification card on their person while on campus. Upon request of an officer, or other College official, the identification card must be presented. During normal school hours all academic, administrative, and athletic facilities are accessible to students, faculty, staff, and authorized visitors. Any authorized person may obtain access to a locked facility during non-school hours by presenting themselves at the Public Safety office.

**Escort Service**

The Office of Public Safety maintains a safety escort program during the evening hours on every regularly scheduled school day during the fall and spring semesters. Members of the College community may avail themselves of the safety escort program. Escorts will be provided to on-campus parking lots and bus stops.

**Lost & Found**

Found property can be turned over to any uniformed officer or brought into the Office of Public Safety in building 2A, room 108. Inquiries about lost property should be made at the Office of Public Safety or by phone, 718-982-2116. All lost articles will be kept for a period of at least 60 days. At the end of the 60 day period, if ownership cannot be established and the article is unclaimed, the article may be claimed by the finder of the property. Useful articles of clothing left unclaimed will be donated to local charitable organizations.

**Reporting Crimes and Recent CSI Crime Statistics**

Students and other members of the College community are encouraged to report actual or suspected criminal behavior or other emergencies that may occur on campus. The primary place to report such behavior is the Office of Public Safety. If a person is unable or unwilling to make a report to the Office of Public Safety, he/she may make a report to any official at the College. The Office of Public Safety will accept for investigation a report of a crime from any responsible member of the College community. In all cases of criminal activity, the complainant is encouraged and assisted by the Office of Public Safety to report the incident to the proper law enforcement authorities. All information, such as physical descriptions, license plate numbers, etc., is helpful. CSI has always advocated prompt and accurate reporting of all crimes that occur on campus. Every report of a criminal incident received is recorded on a CUNY Security Incident Report and assigned a sequential number for that reporting period. The Federal Crime Awareness and Campus Security Act of 1990 mandates that every college in the United States publicize the incidents of crime reported on their campus, from the last three years.

**Annual Safety Report**

A copy of the College of Staten Island 2009 Annual Safety Report is now available. This report includes statistics for the previous three years (2008, 2007, 2006) concerning reported crimes that occurred on-campus and on public property within, or immediately adjacent to and accessible from, the campus. The report also includes institutional policies concerning campus security, such as policies concerning sexual assault, and other matters. You can obtain a copy of this report at the Public Safety Office, Building 2A, room 108 or by accessing the following web site: http://www.csi.cuny.edu/publicsafety/Annualcrime.htm

March 31 is the priority deadline for applying for financial aid for the summer and fall. November 30 is the priority deadline for those starting college in the spring. Everyone must reapply each year. Meeting these deadlines means the College will receive your application from both federal and state financial aid programs, and that you will have time to resolve any edits or verifications before your bill is due. This permits any financial aid you may be eligible to receive to be credited to your tuition and fees, allowing you to confirm your bill using your financial aid. The office operates a Student Service Center, where you may apply for federal and state financial aid using the web. Call for an appointment at 1.718.982.2601 to use this service, located in the North Administration Building (2A), room 402.

To apply for a Federal Direct Loan, complete the web-based Free Application for Federal Student Aid (FAFSA) and TAP application; complete the applications online at www.fafsa.ed.gov. Next, go to www.csi.cuny.edu/finaid and print out a Federal Direct Loan application; complete the loan application and send it to the Student Financial Aid Office. If this is your first loan at CSI, you must also complete the Entrance Counseling and sign the Multiple-year Promissory Note (eMPN). Go to www.csi.cuny.edu/finaid click on Loans, then use the links provided to do the Entrance Counseling and sign the eMPN with your Federal PIN.

There are financial aid implications when students withdraw from one or more courses. Therefore, please consult a Financial Aid Counselor prior to any withdrawal. Additionally, students are expected to attend class in all courses for which they receive aid; eligibility will be recalculated to exclude any courses in which there is no evidence of attendance. Please attend class.

The Astrophysical Observatory at CSI has been officially recognized by the Minor Planet Center (MPC) commissioned by the International Astronomical Union (IAU) located at the Harvard-Smithsonian Astrophysical Observatory. The MPC regularly issues calls for positional data on asteroids whose orbits are weakly known, called critical asteroids, as well as data for asteroids that come near Earth, called unusual or NEO, Near Earth Objects (possible collisions with our planet!). The CSI observatory data is used by the MPC, in conjunction with data from other observatories worldwide, to refine orbital elements of asteroids. In other words, the most significant outcome of this effort is in the follow-up of newly discovered asteroids and keeping track of any NEO whose orbit is secured with follow-up astrometry that is done at CSI. The CSI Astrophysical Observatory uses a Meade 16" LX 200 Telescope that is computer-controlled. Research on asteroids is also done with very light-sensitive digital cameras and analysis programs. Research is primarily funded by NASA and NSF grants and provides funds to use robotic telescopes elsewhere in the world. The latter work has resulted in the discovery of two new minit planets to date.

A public program for observing the heavens is carried out monthly during the term. The observatory schedule is on the CSI Website (www.csi.cuny.edu), see Quick Links upper right for "Astrophysical Observatory". Dressing warmly is important. Call 1.718.982.3260 for information or if weather is doubtful. Call Professor Robbins for more details call (718) 982-2818.

STUDENT RIGHTS & RESPONSIBILITIES
AND COLLEGE POLICIES

CAMPU S BEHAVIOR CODE: HEND ERSON RULES

Rules and Regulations for the Maintenance of Public Order pursuant to Article 129 A of the Education Law

The tradition of the university as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom: the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can flourish only in an atmosphere of mutual respect, civility, and trust among teachers and students, only when members of the university community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the University campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom. Against such offenders the University has the right, and indeed the obligation, to defend itself. We accordingly announce the following rules and regulations to be in effect at each of our colleges which are to be administered in accordance with the requirements of due process as provided in the Bylaws of the Board of Higher Education.

With respect to enforcement of these rules and regulations we note that the Bylaws of the Board of Higher Education provide that:

THE PRESIDENT. The president, with respect to his educational unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his jurisdiction;

b. Be the advisor and executive agent of the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the Bylaws, resolutions and policies of the Board, the lawful resolutions of any of its committees and the policies, programs and lawful resolutions of the several faculties;

c. Exercise general superintending over the concerns, officers, employees and students of his educational unit.

1. Rules:

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent others from the exercise of their rights. Nor shall he interfere with the institution’s educational processes or facilities, or the right of those who wish to avail themselves of any of the institution’s instructional, personal, administrative, recreational, and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the University/college when they are acting in their official capacities. Members of the academic community are required to show their identification cards when requested to do so by an officer of the college.

3. Unauthorized occupancy of University/college facilities or blocking access to or from such areas is
prohibited. Permission from appropriate college authorities must be obtained for removal, relocation and use of
University/college equipment and/or supplies.
4. Theft from or damage to University/college premises or property, or theft of or damage to property of
any person on University/college premises is prohibited.
5. Each member of the academic community or an invited guest has the right to advocate his position without
having to fear abuse, physical, verbal, or otherwise from others supporting conflicting points of view. Members of
the academic community and other persons on the college grounds shall not use language or take actions reasonably likely
to provide or encourage physical violence by demonstrators, those demonstrated against, or spectators.
6. Action may be taken against any and all persons who have no legitimate reason for their presence on any
campus within the University/college or whose presence on any such campus obstructs and/or forcibly prevents
others from the exercise of their rights or interferes with the institution’s educational processes or facilities, or
the rights of those who wish to avail themselves of any of the institution’s instructional, personal, administrative,
recreational, and community services.
7. Disorderly or indecent conduct on University/college owned or controlled property is prohibited.
8. No individual shall have in his possession a rifle, shotgun or firearm or knowingly have in his possession
any other dangerous instrument or material that can be used to inflict bodily harm on an individual or damage upon
a building or the grounds of the University/college without the written authorization of such educational institution.
Nor shall any individual have in his possession any other instrument or material which can be used and is intended to
inflict bodily harm on an individual or damage upon a building or the grounds of the University/college.
9. Any action or situation which recklessly or intentionally endangers mental or physical health or involves
the forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization is
prohibited.
10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other
controlled substances by University students or employees on University/college premises, or as part of any
University/college activities is prohibited. Employees of the University must also notify the College Personnel
Director of any criminal drug statute conviction for a violation occurring in the workplace not later than five days
after such conviction.
11. The unlawful possession, use, or distribution of alcohol by students or employees on University/college
premises or as part of any University/college activities is prohibited.
II. Penalties:
1. Any student engaging in any manner in conduct prohibited under Substantive Rules 1-8 shall be subject
to the following range of sanctions as hereafter defined: admonition, warning, censure, disciplinary probation,
restitution, suspension, expulsion, ejection, and/or arrest by the civil authorities.
2. Any tenured or non-tenured faculty member, or tenured or non-tenured member of the administrative
or custodial staff engaging in any manner in conduct prohibited under Substantive Rules 1-8 shall be subject to the

within a period of time stated in the warning, may be cause for more severe disciplinary action. Censure: Written
reprimand for violation of specified regulation, including the possibility of more severe disciplinary sanction in the event of conviction for the violation of any university regulation within a period stated in the letter of reprimand.

THE CUNY BY-LAWS

ARTICLES XV AND XVI, AND THE CUNY CAMPUS BEHAVIOR CODE

ARTICLE XV STUDENTS *

Section 15.0. Preamble.

Academic institutions exist for the transmission of knowledge, the pursuit of truth, the development of students, and the general well-being of society. Student participation, responsibility, academic freedom, and due process are essential to the operation of the academic enterprise. As members of the academic community, students should be encouraged to develop the capacity for critical judgment and to engage in a sustained and independent search for truth.

Freedom to learn and to explore major social, political, and economic issues are necessary adjuncts to student academic freedom, as is freedom from discrimination based on racial, ethnic, religious, sex, political, and economic differentiations.

Freedom to learn and freedom to teach are inseparable facets of academic freedom. The concomitant of this freedom is responsibility. If members of the academic community are to develop positively in their freedom; if these rights are to be secure, then students should exercise their freedom with responsibility.

Section 15.1. Conduct Standard Defined.

Each student enrolled or in attendance in any college, school, or unit under the control of the board and every student organization, association, publication, club, or chapter shall obey the laws of the city, state, and nation, and the Bylaws and resolutions of the board, and the policies, regulations, and orders of the college.

The faculty and student body at each college shall share equally the responsibility and the power to establish, subject to the approval of the board, more detailed rules of conduct and regulations in conformity with the general requirement of this article.

This regulatory power is limited by the right of students to the freedoms of speech, press, assembly, and petition as applied to others in the academic community and to citizens generally.

Section 15.2. Student Organizations.

a) Any group of students may form an organization, association, club, or chapter by filing with the duly elected student government organization of the college or school at which they are enrolled or in attendance and with an officer to be designated by the faculty of the college or school at which they are enrolled or in attendance (1) the name and purpose of the organization, association, club, or chapter, (2) the names and addresses of its president and secretary or other officers corresponding in function to president and secretary.

However, no group, organization, or student publication with a program against the religion, race, ethnic origin or identification or sex of a particular group or which makes systematic attacks against the religion, race, ethnic origin or sex of a particular group shall receive support from any fees collected by the college or be permitted to organize or continue at any college or school. No organizations, military or semi-military in character, not connected with established college or school courses, shall be permitted without the authorization of the faculty and the duly elected student government and the board.

b) Extra-curricular activities at each college or school shall be regulated by the duly elected student government
organization to insure the effective conduct of such college or school as an institution of higher learning and for the prevention of activities which are hereafter proscribed or which violate the standards of conduct of the character set forth in Bylaw 15.1. Such powers shall include:

1) The power to charter or otherwise authorize teams (excluding intercollegiate athletics), publications, organizations, associations, clubs or chapters, and when appropriate in the exercise of such regulatory power, the power to refuse, suspend, or revoke any charter or other authorization for cause after hearing on notice.

2) The power to delegate responsibility for the effective implementation of its regulatory functions hereunder to any officer or committee which it may appoint. Any aggrieved student or group whose charter or other authorization has been refused, suspended, or revoked may appeal such adverse action by such officer or committee of student government to the duly elected student government. On appeal an aggrieved student or group shall be entitled to a hearing following the due process procedures as set forth in section 15.3. Following such hearing the duly elected student government shall have the authority to set aside, decrease, or confirm the adverse action.

c) Any person or organization affiliated with the college may file charges with an office of the dean of students alleging that a student publication has systematically attacked the religion, race, ethnic origin, or sex of a particular group, or has otherwise contravened the laws of the city, state, or nation, or any Bylaw or resolution of the board, or any policy, regulation, or order of the college, within a reasonable period of time after such occurrence. If the dean of students determines, after making such inquiries as he/she may deem appropriate, that the charges are substantial, he/she shall attempt to resolve the dispute, failing which he/she shall promptly submit the charges to the faculty-student disciplinary committee for disposition in accordance with the due process procedures of section 15.3 thereof.

If the committee sustains the charges or any part thereof against the student publication, the committee shall be empowered to (1) reprimand the publication, or (2) recommend to the appropriate funding bodies the withdrawal of budget funds. The funding body shall have the authority to implement fully, modify, or overrule the recommendations.

d) Each college shall establish a student elections review committee in consultation with the various student governments. The student elections review committee shall approve the election procedures and certify the results of elections for student governments and student body referenda.

e) Student government elections shall be scheduled and conducted, and newly elected student governments shall take office, in accordance with policies of the board, and implementing regulations.

Section 15.3. Student Disciplinary Procedures.

Complaint Procedures:

a) Any charge, accusation, or allegation which is to be presented against a student, and, which if proved, may subject a student to disciplinary action, must be submitted in writing in complete detail to the office of the dean of students promptly by the individual, organization, or department making the charge.

b) The chief student affairs officer of the college or his or her designee will conduct a preliminary investigation in order to determine whether disciplinary charges should be preferred. The chief student affairs officer or his or her designee will advise the student of the charge(s) against him or her, consult with other parties who may be involved or who have information regarding the incident, and review other relevant evidence. Following this preliminary investigation, which shall be concluded within thirty (30) calendar days of the filing of the complaint, the chief student affairs officer or designee shall take one of the following actions:

(i) Dismiss the matter if there is no basis for the allegation(s) or the allegation(s) does not warrant disciplinary actions. The individuals involved shall be notified that the complaint has been dismissed;

(ii) Refer the matter to conciliation. If a matter is referred to conciliation the accused student shall receive a copy of the notice required pursuant to section 15.3.e. of this Bylaw; or

(iii) Prefer formal disciplinary charges.

Conciliation Conference:

c) The conciliation conference shall be conducted by the counselor in the office of the dean of students or a qualified staff or faculty member designated by the chief student affairs officer. The following procedures shall be in effect at this conference:

1. An effort will be made to resolve the matter by mutual agreement.

2. If an agreement is reached, the counselor shall report his/her recommendation to the chief student affairs officer for approval and, if approved, the complainant shall be notified.
3. If no agreement is reached, or if the student fails to appear, the counselor shall refer the matter back to the chief student affairs officer who will refer disciplinary charges.

4. The counselor is precluded from testifying in a college hearing regarding information received during the conciliation conference.

Notice of Hearing and Charges:

d) Notice of the charge(s) and of the time and place of the hearing shall be personally delivered or sent by the chief student affairs officer of the college to the student at the address appearing on the record of the college, by registered or certified mail and by regular mail. The hearing shall be scheduled within a reasonable time following the filing of the charges or the conciliation conference. Notice of at least five business days shall be given to the student in advance of the hearing unless the student consents to an earlier hearing.

e) The notice shall contain the following:

1. A complete and itemized statement of the charge(s) being brought against the student including the rule, Bylaw, or regulation he/she is charged with violating, and the possible penalties for such violation.

2. A statement that the student has the following rights:

   (i) to present his/her side of the story;

   (ii) to present witnesses and evidence on his/her behalf;

   (iii) to cross-examine witnesses presenting evidence against the student;

   (iv) to remain silent without assumption of guilt; and

   (v) to be represented by legal counsel or an advisor at the student’s expense.

3. A warning that anything the student says may be used against him/her at a non-college hearing.

Faculty-Student Disciplinary Committee Procedures:

f) The following procedures shall apply at the hearing before the faculty-student disciplinary committee:

1. The chairperson shall preside at the hearing. The chairperson shall inform the student of the charges, the hearing procedures, and his or her rights.

2. After informing the student of the charges, the hearing procedures, and his or her rights, the chairperson shall ask the student charged to plead guilty or not guilty. If the student pleads guilty, the student shall be given an opportunity to explain his/her actions before the committee. If the student pleads not guilty, the college shall present its case. At the conclusion of the college’s case, the student may move to dismiss the charges. If the motion is denied by the committee the student shall be given an opportunity to present his or her defense.

3. Prior to accepting testimony at the hearing, the chairperson shall rule on any motions questioning the impartiality of any committee member or the adequacy of the notice of the charge(s). Subsequent thereto, the chairperson may only rule on the sufficiency of the evidence and may exclude irrelevant, immaterial, or unduly repetitive evidence. However, if either party wishes to question the impartiality of a committee member on the basis of evidence that was not previously available at the inception of the hearing, the chairperson may rule on such a motion. The chairperson shall exclude all persons who are to appear as witnesses, except the accused student.

4. The college shall make a record of each fact-finding hearing by some means such as a stenographic transcript, a tape recording, or the equivalent. A disciplined student is entitled upon request to a copy of such a transcript, tape, or equivalent without cost.

5. The student is entitled to a closed hearing but has the right to request an open public hearing. However, the chairperson has the right to hold a closed hearing when an open public hearing would adversely affect and be disruptive of the committee’s normal operations.

6. The college bears the burden of proving the charge(s) by a preponderance of the evidence.

7. The role of the faculty-student disciplinary committee is to listen to the testimony, ask questions of the witnesses, review the testimony and evidence presented at the hearing and the papers filed by the parties and render a determination as to guilt or innocence. In the event the student is found guilty, the committee shall then determine the penalty to be imposed.

8. At the end of the fact-finding phase of the hearing, the student may introduce additional records, such as character references. The college may introduce a copy of the student’s previous disciplinary record, where applicable, provided the student was shown a copy of the record prior to the commencement of the hearing. The disciplinary record shall be submitted to the committee in a sealed envelope and shall not be opened until after the committee
The Gazetteer

has made its findings of fact. In the event the student has been determined to be guilty of the charge or charges the records and documents introduced by the student and the college shall be opened and used by the committee for disposition purposes, i.e., to determine an appropriate penalty if the charges are sustained.

9. The committee shall deliberate in closed session. The committee’s decision shall be based solely on the testimony and evidence presented at the hearing and the papers filed by the parties.

10. The student shall be sent a copy of the faculty-student disciplinary committee’s decision within five days of the conclusion of the hearing. The decision shall be final subject to the student’s right of appeal.

11. Where a student is represented by legal counsel the president of the college may request that a lawyer from the general counsel’s office appear at the hearing to present the college’s case.

Section 15.4. Appeals.

An appeal from the decision of the faculty-student disciplinary committee may be made to the president, who may confirm or decrease the penalty but not increase it. His/her decision shall be final except in the case of dismissals or suspension for more than one term. An appeal from a decision of dismissal or suspension for more than one term may be made to the appropriate committee of the board. Any appeal under this section shall be made in writing within fifteen days after the delivery of the decision appealed from. This requirement may be waived in a particular case for good cause by the president or board committees as the case may be. If the president is a party to the dispute, his/her functions with respect to an appeal shall be discharged by an official of the university to be appointed by the chancellor.

Section 15.5. Committee Structure.

a. Each faculty-student disciplinary committee shall consist of two faculty members and two student members and a chairperson. A quorum shall consist of the chair and any two members. Hearings shall be scheduled at a convenient time and efforts shall be made to assure full student and faculty representation.

b. The president shall select in consultation with the head of the appropriate campus governance body or where the president is the head of the governance body, its executive committee, three (3) members of the instructional staff of that college to receive training and to serve in rotation as chair of the disciplinary committee. If none of the chairpersons appointed from the campus can serve, the president, at his/her discretion, may request that a chairperson be selected by lottery from the entire group of chairpersons appointed by other colleges. The chairperson shall preside at all meetings of the faculty-student disciplinary meetings and decide and make all rulings for the committee. He/she shall not be a voting member of the committee but shall vote in the event of a tie.

c. The faculty members shall be selected by lot from a panel of six elected annually by the appropriate faculty body from among the persons having faculty rank or faculty status. The student members shall be selected by lot from a panel of six elected annually in an election in which all students registered at the college shall be eligible to vote. In the event that the student or faculty panel or both are not elected, or if more panel members are needed, the president shall have the duty to select the panel or panels who have not been elected. No individuals on the panel shall serve on the panel for more than two consecutive years.

d. In the event that the chairperson cannot continue, the president shall appoint another chairperson. In the event that a student or faculty seat becomes vacant and it is necessary to fill the seat to continue the hearing, the seat shall be filled from the faculty or student panel by lottery.

e. Persons who are to be participants in the hearings as witnesses or have been involved in preferring the charges or who may participate in the appeals procedures or any other person having a direct interest in the outcome of the hearing shall be disqualified from serving on the committee.

Section 15.6. Suspension or Dismissal.

The board reserves full power to dismiss or suspend a student, or suspend a student organization for conduct which impedes, obstructs, or interferes with the orderly and continuous administration and operation of any college, school, or unit of the university in the use of its facilities or in the achievement of its purposes as an educational institution.

The chancellor or chancellor’s designee, a president or any dean may in emergency or extraordinary circumstances, temporarily suspend a student, or temporarily suspend the privileges of a student organization or group for cause, pending an early hearing as provided in Bylaw section 15.3. to take place within not more than seven (7) school days. Prior to the commencement of a temporary suspension of a student, the college shall give such student oral or written notice of the charges against him/her and, if he/she denies them, the college shall forthwith give such student an informal oral explanation of the evidence supporting the charges and the student may present informally his/her explanation or theory of the matter. When a student’s presence poses a continuing danger to person or property or an ongoing threat of
disrupting the academic process, notice and opportunity for denial and explanation may follow suspension, but shall be
given as soon as feasible thereafter.

Section 15.7. The University Student Senate.
There shall be a university student senate responsible, subject to the board, for the formulation of university-
wide student policy relating to the academic status, role, rights, and freedoms of the student. The authority and duties
of the university student senate shall not extend to areas of interest, which fall exclusively within the domain of the
student governments of the constituent units of the university. Consistent with the authority of the board of trustees in
accordance with the education law and the Bylaws of the board of trustees, the university student senate shall make its own
Bylaws providing for the election of its own officers, the establishment of its own rules and procedures, for its internal
administration and for such other matters as is necessary for its existence. The university student senate shall have the full
rights and responsibilities accorded student organizations as provided in these Bylaws. The delegates and alternate delegates
to the university student senate shall be elected by their respective constituencies or by their student governments from the
elected members of the respective student governments.

Section 15.8. College Governance Plans.
The provisions in a duly adopted college governance plan shall not be inconsistent with the provisions contained in
this article.

review by the college association as required in these Bylaws.

Student activity fee funds shall be allocated and expended only for the following purposes:

each student government where more than one duly elected student government exists, for its own use and for the use
of student organizations, as specified in section 15.2. of these Bylaws, provided, however, that the allocation is based on
a budget approved by the duly elected student government after notice and hearing, subject to the review of the college
association. Where more than one duly elected student government exists, the college association shall apportion the
student government fees to each student government in direct proportion to the amount collected from members of each
student government.

Section 16.4. Student Government Activity Defined.
a. A student government activity is any activity operated by and for the students enrolled at any unit of the
university provided (1) such activity is for the direct benefit of students enrolled at the college, (2) that participation

and orders of the university or the duly established college authorities.

Section 16.5. College Association.

a. The college association shall have responsibility for the supervision and review over college student activity fee supported budgets. All budgets of college student activity fees, except where earmarked by the board to be allocated by another body, should be developed by a college association budget committee and recommended to the college association for review by the college association prior to expenditure. The college association shall review all college student activity fees, including student government fee allocations and expenditures for conformance with the expenditures categories defined in Section 16.2. of this article, and the college association shall disapprove any allocation or expenditure it finds does not so conform, or is inappropriate, improper, or inequitable.

2. The college association structure provides a budget committee composed of members of the governing board, at least a majority of who are students, selected in accordance with section 16.5.(b)(1)(i) of these Bylaws. The budget committee shall be empowered to receive and review student activity fee budget requests and to develop a budget subject to the review of the college association. The college association may choose to not approve the budget or portions of the budget if in their opinion such items are inappropriate, improper, or inequitable. The budget shall be returned to the budget committee with the specific concerns of the college association noted for further deliberation by the budget committee and subsequently resubmitted to the college association. If the budget is not approved within thirty (30) days those portions of the budget voted upon and approved by the college association board will be allocated. The remainder shall be held until the college association and the budget committee agrees.

3. The governing documents of the college association have been reviewed by the board’s general counsel and approved by the board.

Section 16.6. Management and Disbursement of Funds.

The college and all student activity fee allocating bodies shall employ generally accepted accounting and investment procedures in the management of all funds. All funds for the support of student activities are to be disbursed only in accordance with approved budgets and be based on written documentation. A requisition for disbursement of funds must contain two signatures; one, the signature of a person with responsibility for the program; the other, the signature of an approved representative of the allocating body.

Section 16.7. Revenues.

All revenues generated by student activities funded through student activity fees shall be placed in a college central depository subject to the control of the allocating body. The application of such revenues to the account of the income generating organization shall require the specific authorization of the allocating body.

The chancellor or his/her designee shall promulgate regulations in a fiscal accountability handbook, to regulate all aspects of the collection, deposit, financial disclosure, accounting procedures, financial payments, documentation, contracts, travel vouchers, investments, and surpluses of student activity fees and all other procedural and documentary aspects necessary, as determined by the chancellor or his/her designee to protect the integrity and accountability of all student activity fee funds.

Section 16.9. College Purposes Fund.

a. A college purposes fund may be established at each college and shall be allocated by the college president. This fund may have up to twenty-five (25) percent of the unearmarked portion of the student activity fee earmarked to
by resolution of the board, upon the presentation to the board of a list of activities that may be properly funded by student activity fees that are deemed essential by the college president.

b. Expenditures from the college purposes fund shall be subject to full disclosure under section 16.13. of these Bylaws.

c. Referenda of the student body with respect to the use and amount of the college purposes fund shall be permitted under the procedures and requirements of section 16.12. of these Bylaws.

1. The governing board is composed of the college president, or his/her designee as chair, plus an equal number of students and the combined total of faculty and administrative members.

2. The college president appoints the administrative members.

3. The faculty members are appointed by the college president from a panel whose size is twice the number of seats to be filled, and the panel is elected by the appropriate college faculty governance body.

4. The student members are the student government president(s) and other elected students, and the student seats are allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable, in proportion to the student enrollment by head counter from the respective constituencies.

5. The auxiliary enterprise board structure provides for a budget and contract committee composed of a combined total of faculty and administrative members that is one more than the number of student members. The budget and contract committee shall be empowered to develop all contract and budget allocation proposals subject to the review and approval of the auxiliary enterprise board.

6. The governing documents of the auxiliary enterprise board have been reviewed by the board’s general counsel and approved by the board.

Section 16.11. The Review Authority of College Presidents over Student Activity Fee Allocating Bodies and Auxiliary Enterprise Boards.

a. The president of the college shall have the authority to disapprove any student activity fee, including student government fee, or auxiliary enterprise allocation or expenditure, which in his or her opinion contravenes the laws of the city, state, or nation or any Bylaw or policy of the university or any policy, regulation, or order of the college. If the college president chooses to disapprove an allocation or expenditure, he or she shall consult with the general counsel and vice chancellor for legal affairs and thereafter communicate his/her decision to the allocating body or auxiliary enterprise board.

b. The president of the college shall have the authority to suspend and send back for further review any student activity fee, including student government fee, allocation or expenditure which in his or her opinion is not within the expenditure categories defined in section 16.2. of this article. The college association shall, within ten (10) days of receiving a proposed allocation or expenditure for further review, study it and make a recommendation to the president with respect to it. The college president shall thereafter consider the recommendation, shall consult with the general counsel and vice chancellor for legal affairs, and thereafter communicate his/her final decision to the allocating body or auxiliary enterprise board.

c. The chancellor of his/her designee shall have the same review authority with respect to university student activity fees that the college president has with respect to college student activity fees.

d. All disapprovals exercised under this section shall be filed with the general counsel and vice chancellor for legal affairs.

e. Recipients of extramural student activity fees shall present an annual report to the chancellor for the appropriate board committee detailing the activities, benefits and finances of the extramural body as they pertain to
the colleges where students are paying an extramural fee.

Section 16.12. Referenda.

1. A referendum proposing changes in the student activity fee shall be initiated by a petition of at least ten (10) percent of the appropriate student body and voted upon in conjunction with student government elections.
   a. Where a referendum seeks to earmark student activity fees for a specific purpose or organization without changing the total student activity fee, the results of the referendum shall be sent to the college association for implementation.
   b. Where a referendum seeks to earmark student activity fees for a specific purpose or organization by changing the total student activity fee, the results of such referendum shall be sent to the board by the president of the college together with his/her recommendation.
   c. At the initiation of a petition of at least ten (10) percent of the appropriate student body, the college president may schedule a student referendum at a convenient time other than in conjunction with student government elections.
   d. Where the referendum seeks to affect the use or amount of student activity fees in the college purposes fund, the results of the referendum shall be sent to the board by the college president together with his/her recommendation.

a. The college president shall be responsible for the full disclosure to each of the student government of the college of all financial information with respect to student activity fees.
   b. The student government shall be responsible for the full disclosure to their constituents of all financial information with respect to student government fees.

Certified independent audits performed by a public auditing firm shall be conducted at least once each year.

The payment of stipends to student leaders is permitted only within those time limits and amounts authorized by the board.

*For graduate students at the graduate division, the president of the graduate division shall, insofar as practicable, establish procedures, consistent with this article and implement provisions thereof. The sections on student activity fees shall apply to the graduate division.

**Throughout these Bylaws in any college or unit where the title “dean of students” does not exist, the same shall refer to the officer performing the functions which would otherwise be performed by a dean of students.
A. Prohibited Conduct

It is a violation of University policy for any member of the University community to engage in sexual harassment or to retaliate against any member of the University community for raising an allegation of sexual harassment, for filing a complaint alleging sexual harassment, or for participating in any proceeding to determine if sexual harassment has occurred.

B. Definition of Sexual Harassment

For purposes of this policy, sexual harassment is defined as unwelcome sexual advances, requests for sexual favors, and other oral or written communications or physical conduct of a sexual nature when:

1. submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment or academic standing;
2. submission to or rejection of such conduct by an individual is used as a basis for employment or academic decisions affecting such individual; or
3. such conduct has the purpose or effect of unreasonably interfering with an individual's work or academic performance or creating an intimidating, hostile or abusive work or academic environment.

Sexual harassment can occur between individuals of different sexes or of the same sex. Although sexual harassment most often exploits a relationship between individuals of unequal power (such as between a faculty member and student, supervisor and employee, or tenured and untenured faculty members), it may also occur between individuals of equal power (such as between fellow students or coworkers), or in some circumstances even where it appears that the harasser has less power than the individual harassed (for example, a student sexually harassing a faculty member). A lack of intent to harass may be relevant to, but will not be determinative of, whether sexual harassment has occurred.

C. Examples of Sexual Harassment

Sexual harassment may take different forms. Using a person’s response to a request for sexual favors as a basis for an academic or employment decision is one form of sexual harassment. Examples of this type of sexual harassment include, but are not limited to, the following:

- requesting or demanding sexual favors in exchange for employment or academic opportunities (such as hiring, promotions, grades, or recommendations);
- submitting unfair or inaccurate job or academic evaluations or grades, or denying training, promotion, or access to any other employment or academic opportunity, because sexual advances have been rejected.

Other types of unwelcome conduct of a sexual nature can also constitute sexual harassment, if sufficiently severe or pervasive that the target does find, and a reasonable person would find, that an intimidating, hostile or abusive work or academic environment has been created. Examples of this kind of sexual harassment include, but are not limited to, the following:

- sexual comments, teasing, or jokes;
- sexual slurs, demeaning epithets, derogatory statements, or other verbal abuse;
- graphic or sexually suggestive comments about an individual's attire or body;
- inquiries or discussions about sexual activities;
- pressure to accept social invitations, to meet privately, to date, or to have sexual relations;
- sexually suggestive letters or other written materials;
- sexual touching, brushing up against another in a sexual manner, graphic or sexually suggestive gestures, cornering, pinching, grabbing, kissing, or fondling;
- coerced sexual intercourse or sexual assault.

D. Consensual Relationships

Amorous, dating, or sexual relationships that might be appropriate in other circumstances have inherent dangers when they occur between a faculty member, supervisor, or other member of the University community and any person for whom he or she has a professional responsibility. These dangers can include: that a student or employee may feel coerced into an unwanted relationship because he or she fears that refusal to enter into the relationship will adversely affect his or her education or employment; that conflicts of interest may arise when a faculty member, supervisor, or other member of the University community is required to evaluate the work or make personnel or academic decisions with respect to an individual with whom he or she is having a romantic relationship; that students or employees may perceive that a fellow student or co-worker who is involved in a romantic relationship will receive an unfair advantage; and that if the relationship ends in a way that is not amicable, either or both of the parties may
THE GAZETTEER

wish to take action to injure the other party.

Faculty members, supervisors, and other members of the University community who have professional responsibility for other individuals, accordingly, should be aware that any romantic or sexual involvement with a student or employee for whom they have such a responsibility may raise questions as to the mutuality of the relationship and may lead to charges of sexual harassment. For the reasons stated above, such relationships are strongly discouraged.

For purposes of this section, an individual has "professional responsibility" for another individual at the University if he or she performs functions including, but not limited to, teaching, counseling, grading, advising, evaluating, hiring, supervising, or making decisions or recommendations that confer benefits such as promotions, financial aid awards or other remuneration, or that may impact upon other academic or employment opportunities.

E. Academic Freedom

This policy shall not be interpreted so as to constitute interference with academic freedom.

F. False and Malicious Accusations

Members of the University community who make false and malicious complaints of sexual harassment, as opposed to complaints which, even if erroneous, are made in good faith, will be subject to disciplinary action.

G. Procedures

The University has developed procedures to implement this policy. The President of each constituent college of the University, the Senior Vice Chancellor at the Central Office, and the Dean of the Law School shall have ultimate responsibility for overseeing compliance with this policy at his or her respective unit of the University. In addition, each dean, director, department chairperson, executive officer, administrator, or other person with supervisory responsibility shall be required to report any complaint of sexual harassment to the individual or individuals designated in the procedures. All members of the University community are required to cooperate in any investigation of a sexual harassment complaint.

H. Enforcement

There is a range of corrective actions and penalties available to the University for violations of this policy. Students, faculty, or staff who are found, following applicable disciplinary proceedings, to have violated this Policy are subject to various penalties, including termination of employment and/or student expulsion from the University.

Effective October 1, 1995 / (Revised January 1, 2005)

Drugs, Alcohol, and Tobacco

Help Keep CSI a Drug-Free Campus

Selling and using drugs on campus is illegal. Drinking alcohol if you are under 21 is illegal. Isn’t it time you got involved in creating a drug-free campus?

Policy/Standards of Conduct

The City University affirms its continuing commitment to drug, tobacco, and alcohol education on campus. It is committed to the development of educational and support programs directed toward the use and abuse of drugs, tobacco, and alcohol, whether legal or illegal.
The inappropriate use of alcohol and other drugs threatens the health and safety of students, employees, their families, fellow students, and the general public, as well as adversely impairing performance. In addition to promoting health, safety, and a positive learning and working environment, The City University is committed to preventing alcohol and other drug-related problems among all members of The University Community.

**Unlawful Possession**

The unlawful possession, use, or distribution of alcohol or other drugs by anyone, either on University property or at University-sponsored activities, is prohibited. Any person who is determined to have violated this policy will be subject to intervention by City University officials. Starting in 1998 federal law allows, but does not require, Colleges and Universities to notify parents anytime a student under 21 violates drug or alcohol laws.

This policy and its requirements are consistent with The City University’s desire to promote health and safety and are in accordance with the requirements of the Drug-Free Workplace Act of 1988 and the Drug-Free School and Communities Act Amendments of 1989.

The College of Staten Island, a unit of The City University of New York, actively supports prevention of alcohol and drug abuse through education. It presents a variety of drug and alcohol abuse education and prevention programs. Specifically, the College of Staten Island’s programs aim to:

- educate students about substance abuse;
- offer supportive, confidential counseling;
- refer students with substance abuse-related programs to community agencies and treatment centers.

**Sanctions Against Drug Policy Violations**

Students are expected to comply with the Rules of Conduct printed in the *Undergraduate Catalog* and reprinted in *The Gazetteer*. Any student found in violation of the rules and regulations set forth in this policy may be subject to disciplinary action. Sanctions may include admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, and/or complaint to civil authorities. These are clearly defined in the College Bulletins and *The Gazetteer*.

A student who is experiencing difficulty with alcohol or chemical dependency may be referred to the Vice President for Student Affairs or the appropriate Counseling Center by members of the instructional staff or may seek assistance directly. The Vice President for Student Affairs may recommend disciplinary action or recommend that the student meet with a counselor for appropriate referral or assistance through self-help organizations or other outside intervention agencies.

Both federal and state law make it a criminal offense to manufacture, distribute, dispense, or possess with intent to manufacture, distribute, dispense, or simply possess a controlled substance.

The New York State Penal Law makes it a criminal offense to possess, possess with intent to sell, or actually sell various drugs. The drugs to which this law applies include marijuana and those listed in the schedules contained in the New York Public Health Law 3306.

The possible sanctions for violation of federal or state law depend upon the particular offense. The various offenses are premised upon aggravating factors, including the type and quantity of drugs involved. Sanctions range from community service to a monetary fine and/or imprisonment.

It is a violation of New York State Penal Law 240.40 for a person to appear in public under the influence of narcotics or drugs other than alcohol to the degree that this endangers oneself or other persons or property, or annoys persons in his/her vicinity. It is also a violation of New York State Penal Law 260.20 (2) for a person to give or sell an alcoholic beverage to a person less than 21 years old.

Any person who operates a motor vehicle while intoxicated or while his/her ability to operate such vehicle is impaired by the consumption of alcohol or drugs, in violation of Vehicle and Traffic Law 1192, is subject to suspension or revocation of driving privileges in that state as well as a fine and possible imprisonment. These begin at $300 to $500 in fines and/or up to fifteen (15) days in prison, plus a ninety-day suspension. In addition, under New York State Civil Practice Law and Rules section 1301 and 1321, seizure and forfeiture of vehicles driven while impaired or intoxicated is also possible.
The College of Staten Island is an Equal Opportunity and Affirmative Action institution. The College does not discriminate on the basis of race, color, national or ethnic origin, religion, age, sexual orientation, transgender, disability, genetic predisposition or carrier status, alienage or citizenship, veteran or marital status in its student admissions, employment, access to programs, and administration of educational policies.

Mr. Kenichi Iwama is the College Affirmative Action Officer, Coordinator for Title IX, which prohibits sex discrimination in federally assisted education programs, and Coordinator of Americans with Disabilities Act (ADA), which prohibits disability discrimination in federally assisted education programs. His office is located in the South Administration Building (1A), Room 103, and the telephone number is 1.718.982.2250.

Mr. Chris Cruz-Cullari, Interim Director of Disability Services, is the student coordinator for the Americans with Disabilities Act and Section 504, which prohibits discrimination on the basis if disability. Mr. Cruz-Cullari’s office is located in the Center for the Arts (1P), Room 101, and his telephone number is 1.718.982.2513.

Policy for Requesting a Reasonable Accommodation

College of Staten Island, in compliance with Sections 503 and 504 of the Federal Rehabilitation Act of 1973 (“Rehabilitation Act”), the Americans with Disabilities Act of 1990 (“ADA”), New York State Executive Law §296, and the New York City Human Rights Law, provides qualified individuals with disabilities the opportunity to participate in programs, activities, or employment.

Policies and Procedures for Moving Programs/Activities to Accessible Areas

The campus of the College of Staten Island was designed according to the accessibility guidelines at the time of construction. However, events such as broken equipment or elevators, or unique needs of a student or College employee with a disability may require reasonable accommodations. The student or employee requiring that a class, academic program, or academic activity on campus be moved to make it accessible should contact the Office of Disability Services, 1P-101, extension 2510. Mr. Chris Cruz-Cullari, Interim Director of Disability Services, 1P-101D, extension 2513, is responsible for arranging for the change of site to an accessible area. It is the responsibility of the student or employee to make the Office of Disability Services aware of the need for accommodations to allow adequate time for the change.

If an activity or program other than a class or an academic program/activity needs to be moved, the responsibility to ensure accessibility lies with the sponsoring agent.

Student Procedure for Requesting a Reasonable Accommodation

A student should make an initial request for accommodation to the Office of Services for Students with Disabilities, and provide appropriate supporting documentation. The Student Disabilities Services Coordinator may consult with appropriate College officials such as the instructor or Provost to determine the appropriateness of the requested accommodation consistent with the program requirements. Such consultation shall be confidential, and limited to those officials whose input is necessary to the decision.

If a proffered accommodation is unacceptable to the student, the student may discuss the situation with the 504/ADA Compliance Coordinator who will review the matter and attempt to resolve it. The college 504/ADA Compliance Coordinator may designate one or two members of the 504/ADA Compliance Committee to assist in this effort. If the proffered accommodation is still unacceptable, the College Compliance Coordinator will apprise the College President of the issues and the College Compliance Coordinator’s recommendation. The President shall make the final decision.

Employee Procedure for Requesting a Reasonable Accommodation

An employee should make any initial request for accommodations to her/his immediate supervisor. Alternatively, an employee may direct his/her request to the Director of Human Resources. The Human Resources office is located in the South Administration Building (2A) Room 204, and the telephone number is 1.718.982.2250. In either case, consultation between the employee’s supervisor and the Director of Human Resources should take place to determine whether the requested accommodation, or an alternate accommodation, is appropriate and should be implemented. Appropriate supporting documentation should be provided to the Human Resources Director. If the proffered accommodation is acceptable to the employee, the Human Resources Director should inform the 504/ADA Compliance Coordinator of the nature of the accommodation.

If an employee does not agree with a proffered accommodation, the employee may discuss the situation with the 504/ADA members of the 504/ADA Committee to assist with this effort. If the matter is not resolved, the employee may exercise any and all rights available under the law without fear of retaliation. If the employee is an union member, the...
employee may wish to discuss this situation with his/her union representative and exercise any rights available under the collective bargaining agreement. The Compliance Coordinator will keep the President apprised of the matter.

**CUNY Policy on Academic Integrity**

Academic Dishonesty is prohibited in The City University of New York and is punishable by penalties, including failing grades, suspension, and expulsion, as provided herein.

1. **Definitions and Examples of Academic Dishonesty**

   Cheating is the unauthorized use or attempted use of material, information, notes, study aids, devices or communication during an academic exercise.

   The following are some examples of cheating, but by no means is it an exhaustive list:
   - Copying from another student during an examination or allowing another to copy your work.
   - Unauthorized collaboration on a take home assignment or examination.
   - Using notes during a closed book examination.
   - Taking an examination for another student, or asking or allowing another student to take an examination for you.
   - Changing a graded exam and returning it for more credit.
   - Submitting substantial portions of the same paper to more than one course without consulting with each instructor.
   - Preparing answers or writing notes in a blue book (exam booklet) before an examination. Allowing others to research and write assigned papers or do assigned projects, including use of commercial term paper services.
   - Giving assistance to acts of academic misconduct/dishonesty.
   - Fabricating data (all or in part).
   - Submitting someone else’s work as your own.
   - Unauthorized use during an examination of any electronic devices such as cell phones, palm pilots, computers or other technologies to retrieve or send information.

   Plagiarism is the act of presenting another person’s ideas, research or writings as your own. The following are some examples of plagiarism, but by no means is it an exhaustive list:
   - Copying another person’s actual words without the use of quotation marks and footnotes attributing the words to their source.
   - Presenting another person’s ideas or theories in your own words without acknowledging the source.
   - Using information that is not common knowledge without acknowledging the source.
   - Failing to acknowledge collaborators on homework and laboratory assignments.
   - Internet plagiarism includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the internet without citing the source, and “cutting & pasting” from various sources without proper attribution.

   Obtaining Unfair Advantage is any activity that intentionally or unintentionally gives a student an unfair advantage in his/her academic work over another student.

   The following are some examples of obtaining an unfair advantage, but by no means is it an exhaustive list:
   - Stealing, reproducing, circulating or otherwise gaining advance access to examination materials.
   - Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them.
   - Retaining, using or circulating examination materials which clearly indicate that they should be returned at the end of the exam.
   - Intentionally obstructing or interfering with another student’s work.

2. **Falsification of Records and Official Documents**

   The following are some examples of falsification, but by no means is it an exhaustive list:
   - Forging signatures of authorization.
   - Fabricating information on an official academic record.
   - Falsifying information on an official document such as a grade report, letter of permission, drop/add form, ID card or other college document.

III. PROCEDURES FOR IMPOSITION OF SANCTIONS FOR VIOLATIONS OF CUNY POLICY ON ACADEMIC INTEGRITY

A. Introduction

As a legal matter, in disciplining students for violations of policies of academic integrity, CUNY, as a public institution, must conform to the principles of due process mandated by the Fourteenth Amendment to the United States Constitution - generally speaking, to provide notice of the charges and some opportunity to be heard. In the context of court litigated violations, questions as to how much and what kind of process was "due" turn on the courts' judgment whether the decision on culpability was "disciplinary" (a question of fact) or "academic" (a question of the instructor's expert judgment). This distinction has proved difficult to apply on campus. Accordingly, these procedures provide for alternative approaches depending on the severity of the sanction(s) being sought. If the instructor desires solely an "academic" sanction, that is, a grade reduction, less process is due than if a "disciplinary" sanction, such as suspension or expulsion, is sought.

A faculty member who suspects that a student has committed a violation of the CUNY or the college Academic Integrity Policy shall review with the student the facts and circumstances of the suspected violation whenever possible. The decision whether to seek an academic sanction only, rather than a disciplinary sanction or both types of sanctions, will rest with the faculty member in the first instance, but the college retains the right to bring disciplinary charges against the student. Among the factors the college should consider in determining whether to seek a disciplinary sanction are whether the student has committed one or more prior violations of the Academic Integrity Policy and mitigating circumstances if any. It is strongly recommended that every instance of suspected violation should be reported to the Academic Integrity Official on a form provided by the college as described in the third Recommendation for Promoting Academic Integrity, above. Among other things, this reporting will allow the college to determine whether it wishes to seek a disciplinary sanction even where the instructor may not wish to do so.

B. Procedures in Cases Where the Instructor Seeks an Academic Sanction Only

1. Student Accepts Guilt And Does Not Contest The Academic Sanction

If the faculty member wishes to seek only an academic sanction (i.e., a reduced grade only), and the student does not contest either his/her guilt or the particular reduced grade the faculty member has chosen, then the student shall be given the reduced grade, unless the college decides to seek a disciplinary sanction, see Section I above and IV below. The reduced grade may apply to the particular assignment as to which the violation occurred or to the course grade, at the faculty member's discretion.

2. Student Denies Guilt And Or Contests The Academic Sanction

If the student denies guilt or contests the particular grade awarded by the faculty member, then the matter shall be handled using the college's grade appeals process, including departmental grading committees where applicable, or the Academic Integrity Committee. In either case, the process must, at a minimum, provide the student with an opportunity to be heard and to present evidence.

C. Procedures in Cases Where A Disciplinary Sanction Is Sought

If a faculty member suspects a violation and seeks a disciplinary sanction, the faculty member shall refer the matter to the college's Academic Integrity Official using the Faculty Report form, as described in the third Recommendation for Promoting Academic Integrity above, to be adjudicated by the college's Faculty-Student Disciplinary Committee under Article 15 of the CUNY Bylaws. As provided for therein, the Faculty-Student Disciplinary Committee may, among other things, investigate, conciliate, or hear evidence on cases in which disciplinary charges are brought. Under certain circumstances, college officials other than the Academic Integrity Official may seek disciplinary sanctions following the procedures outlined above. For the reasons discussed in Item IV below, if a reduced grade is also at issue, then that grade should be held in abeyance, pending the Faculty-Student Disciplinary Committee's action.

D. Procedures in Cases in Which Both A Disciplinary And an Academic Sanction Are Sought

If a faculty member or the college seeks to have both a disciplinary and an academic sanction imposed, it is not advisable to proceed on both fronts simultaneously lest inconsistent results ensue. Thus, it is best to begin with the disciplinary proceeding seeking imposition of a disciplinary sanction and await its outcome before addressing the academic sanction. If the Faculty-Student Disciplinary Committee finds that the alleged violation occurred, then the
A faculty member may reflect that finding in the student’s grade. If the Faculty-Student Disciplinary Committee finds that the alleged violation did not occur, then no sanction of any kind may be imposed. The decision whether to pursue both types of sanctions will ordinarily rest with the faculty member.

E. Reporting Requirements

1. By The Faculty Member To The Academic Integrity Official

In cases where a violation of academic integrity has been found to have occurred (whether by admission or a fact-finding process), the faculty member should promptly file with the Academic Integrity Official a report of the adjudication in writing on a Faculty Report form (see sample attached) provided by the college as described above. The Academic Integrity Official shall maintain a confidential file for each student about whom a suspected or adjudicated violation is reported. If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student’s confidential academic integrity file. Before determining what sanction(s) to seek, the faculty member or the Academic Integrity Official may consult the student’s confidential academic integrity file, if any, to determine whether the student has been found to have previously committed a violation of the Academic Integrity Policy, the nature of the infraction, and the sanction imposed or action taken.

2. By the Academic Integrity Official To the Faculty Member

Where a matter proceeds to the Faculty-Student Disciplinary Committee, the Academic Integrity Official shall promptly report its resolution to the faculty member and file a record of the resolution in the student’s confidential academic integrity file, unless, as indicated above, the suspected violation was held to be unfounded, in which case all reporting forms concerning that suspected violation shall be destroyed.

1 A reduced grade can be an "F," a "D-," or another grade that is lower than the grade that would have been given but for the violations.

2 Typically, disciplinary sanctions would be sought in cases of the most egregious, or repeated, violations, for example: infraction in ways similar to criminal activity (such as forging a grade form; stealing an examination from a professor or a university office; or forging a transcript); having a substitute take an examination or taking an examination for someone else; sabotaging another student’s work through actions designed to prevent the student from successfully completing an assignment; dishonesty that affects a major or essential portion of work done to meet course requirements. [These examples have been taken from a list of violations compiled by Rutgers University.]

RESOLVED, That the procedures for handling student complaints about faculty conduct in formal academic settings be adopted, effective February 1, 2007.

EXPLANATION: Although the University and its Colleges have a variety of procedures for dealing with student-related issues, those procedures generally have not covered student complaints about faculty conduct in the classroom or other formal academic settings. The University respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. At the same time, however, the University recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that is not protected by academic freedom and not addressed in other procedures. The proposed procedures will accomplish this goal.

PROCEDURES FOR HANDLING STUDENT COMPLAINTS ABOUT FACULTY CONDUCT IN ACADEMIC SETTINGS

I. Introduction. The University and its Colleges have a variety of procedures for dealing with student-related issues, including grade appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual harassment complaints, disability accommodations, and discrimination. One area not generally covered by other procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The University respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the University recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct unbecoming a member of the
staff.

II. Determination of Appropriate Procedure. If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

III. Informal Resolution. Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

IV. Formal Complaint. If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as the "Fact Finder.")

A. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.

B. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief; if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder.

C. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, to discuss the complaint and to try to resolve it. The Fact Finder may seek the assistance of the campus ombudsman or other appropriate person to facilitate informal resolution.

D. If resolution is not possible, and the Fact Finder concludes that the facts alleged by the student, taken as true and viewed in the light most favorable to the student, establish that the conduct complained of is clearly protected by academic freedom, he or she shall issue a written report dismissing the complaint and setting forth the reasons for dismissal and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. Otherwise, the Fact Finder shall conduct an investigation. The Fact Finder shall separately interview the complaining student, the faculty member and other persons with relevant knowledge and information and shall also consult with the chief student affairs officer and, if appropriate, the college ombudsman. The Fact Finder shall not reveal the identity of the complaining student and the faculty member to others except to the extent necessary to conduct the investigation. If the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student government representative or attorney) present during the initial meeting, the interview and any post-investigation meeting.

E. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

V. Appeals Procedure. If either the student or the faculty member is not satisfied with the report of the Fact Finder, the student or faculty member may file a written appeal to the chief academic officer within 10 calendar days of receiving the report. The chief academic officer shall convene and serve as the chairperson of an Appeals Committee, which shall also include the chief student affairs officer, two faculty members elected annually by the faculty council or senate and one student elected annually by the student senate. The Appeals Committee shall review the findings and recommendations of the report, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.
VI. Subsequent Action. Following the completion of these procedures, the appropriate college official shall decide the appropriate action, if any, to take. For example, the department chairperson may decide to place a report in the faculty member’s personnel file or the president may bring disciplinary charges against the faculty member. Disciplinary charges may also be brought in extremely serious cases even though the college has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by a college must comply with the bylaws of the University and the collective bargaining agreement between the University and the Professional Staff Congress.

VII. Campus Implementation. Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college website.

VIII. Board Review. During the spring 2009 semester, the Chancellery shall conduct a review of the experience of the colleges with these procedures, including consultation with administrators, faculty and students, and shall report the results of that review to the Board of Trustees, along with any recommended changes.

WORKPLACE VIOLENCE POLICY & PROCEDURES

The City University of New York has a long-standing commitment to promoting a safe and secure academic and work environment that promotes the achievement of its mission of teaching, research, scholarship and service. All members of the University community – students, faculty and staff – are expected to maintain a working and learning environment free from violence, threats of harassment, violence, intimidation or coercion. While these behaviors are not prevalent at the University, no organization is immune.

The purpose of this policy is to address the issue of potential workplace violence in our community, prevent workplace violence from occurring to the fullest extent possible, and set forth procedures to be followed when such violence has occurred.

Policy

The City University of New York prohibits workplace violence. Violence, threats of violence, intimidation, harassment, coercion, or other threatening behavior towards people or property will not be tolerated. Complaints involving workplace violence will not be ignored and will be given the serious attention they deserve. Individuals who violate this policy may be removed from University property and are subject to disciplinary and/or personnel action up to and including termination, consistent with University policies, rules and collective bargaining agreements, and/or referral to law enforcement authorities for criminal prosecution. Complaints of sexual harassment are covered under the University’s Policy Against Sexual Harassment.

The University, at the request of an employee or student, or at its own discretion, may prohibit members of the public, including family members, from seeing an employee or student on University property unless necessary to transact University-related business. This policy particularly applies in cases where the employee or student suspects that an act of violence will result from an encounter with said individual(s).

Scope

All faculty, staff, students, vendors, contractors, consultants, and others who do business with the University, whether in a University facility or off-campus location where University business is conducted, are covered by this policy. This policy also applies to other persons not affiliated with the University, such as former employees, former students, and visitors. When students have complaints about other students, they should contact the Office of Student Affairs at their campus. To download a full transcript of this policy please visit the CSI website: http://www.csi.cuny.edu/privacy/hr/HR_The_City_University_of_New_York_Workplace_Violence_Policy_and_Procedures.pdf

POLICY ON THE COLLEGE’S RIGHT TO DENY ADMISSION

The College reserves the right to deny admission to any student if in its judgment, the presence of that student on campus poses undue risk to the safety or security of the college or in the college community. That judgment will be based on an individualized determination taking into account any information the college has about a student’s criminal record and the particular circumstances of the college, including the presence of a child care center, a public school, or public school students on the campus.
