GREETINGS

from the CSI Student Government

Dear Fellow Students:

The CSI Student Government would like to take this opportunity to welcome you to CSI. The College offers many exciting opportunities to participate in extracurricular activities. Although we realize that our academic pursuits are of the utmost importance, we should not forget the benefits of the many “out of the classroom” experiences that CSI offers. They can provide you with many skills that will be very helpful to you in your future endeavors besides offering you the opportunity to take a break from the rigors of class and study!

Opportunities to get involved cover a wide range of categories. Student Government, the College Association, Auxiliary Services, College Council, Campus Activities Board, student clubs, and student publications are some of the groups that you, as a student, can participate in. You should also be sure to avail yourself of the many programs that these groups offer. The Student Government provides funding for many programs and activities such as the chartering of 40+ clubs and organizations, evening and weekend coffee hours, lectures, scholarships, and textbooks for the Library to name just a few.

Please stop by and visit us in the Student Government Office, located in the Campus Center (1C), Room 207. We would be happy to talk to you and perhaps help you to get involved in college life. CSI is a wonderful place to learn and grow. We encourage you to make the most of your college education, both in and out of the classroom.

Good Luck!

Sincerely,
Your Elected Student Government

FYI - FOR YOUR INFORMATION

THE CIVILITY CAMPAIGN

"Give Respect 2 Get Respect (GR2GR)" is the Civility Campaign slogan. You may have seen posters around campus. Do you know what civility is?

The Civility Campaign at the College of Staten Island seeks to build a sense of respect, unity, community, and awareness throughout the College. Join the Civility Committee in a campaign to build a more unified and civil community at the College.

A website has been created, www.csi.cuny.edu/civility/ that will serve as a forum for discussion and the promotion of Civility. The website provides resources to define and understand the importance of Civility on our campus while providing tools to create a framework in which to build a more civil campus. There are links to social media where you can express your ideas of what it means to be civil.

OFFICE OF PUBLIC SAFETY & SECURITY

Email: robert.wilson@csi.cuny.edu
Website: www.csi.cuny.edu/publicsafety

The Public Safety Office, located in building 2A, room 108, is the central office from which uniformed Campus Peace Officers, College Security Assistants and Contract Security Officers are assigned to campus details and patrols 24 hours a day, 365 days a year. Two satellite desks are located conspicuously at the front entrance of the Campus Center (1C) and the lobby of the Library (1L).

Emergency Number Ext. 2111 (from any CSI phone)
1.718.982.2111 (from any other phone)

Emergency Public Safety pull boxes (blue lights) are located in corridors, stairwells, places of public assembly and throughout the campus grounds for direct contact with the Public Safety dispatch center.

Every building on the campus is equipped with an in house telephone, located in the lobby. In the event of an emergency call the Public Safety Office emergency number at Ext. 2111.

Non-Emergency Ext. 2116 (Public Safety Main Number)
Ext. 2110 (Keys and Parking Access Cards)
Ext. 2112 (Clerical)

REPORTING AN INCIDENT

Everyone is encouraged to report actual or suspected criminal behavior as well as emergencies. Reports can be made in person at any Public Safety Office, by calling any of the phone numbers listed above or made directly to any uniformed officer on campus. All reports will be acted upon promptly and all information will be kept confidential.

EMERGENCY NOTIFICATION AND RESPONSE

The college participates in the University-wide CUNYALERT System. Upon activation by the college during emergency events, this system sends messages via email, text message and telephone (land-line/cellular). The system is tested monthly for administrative users and one (1) full scale test of the system to all users (students/faculty/staff) is held annually.

New students and employees are provided with information on signing up for CUNYALERT at orientations or can "opt in" at http://web.cuny.edu/news/alert.html to receive alerts. In the event that a situation arises, either on or off campus, that, in the judgment of Public Safety, constitutes an ongoing threat and there are enough details known about the incident to provide useful information, a campus wide public safety advisory or "timely warning" may be issued, unless issuing a notification will in the judgment of Public Safety, the New York City Fire department or the New York City Police Department compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency. The Public Safety Advisory or "timely warning" may be issued through the college email system, the college web site, electronic message board announcements, flyers, and/or other available methods including CUNY Alert Mass Emergency Notification System.

The college conducts evacuation and fire drills three (3) times per year. During these drills building occupants
are familiarized with campus evacuation procedures. Each building is assigned fire/evacuation floor wardens who provide training and direction to the college community during drills and actual emergency events.

Drills or table-top exercises for other emergencies are held on an annual basis.

Active Shooter Response Training

The Office of Public Safety provides training designed to guide members of our community on how to respond to an active shooter situation. This course is intended to prepare students and employees—non-law enforcement personnel—to react appropriately to such a situation. The desired outcome of the training is to encourage decisive action to any rapidly unfolding, life-threatening situation.

Interested individuals or groups should contact the Public Safety Department at (718)982-2111 to arrange a presentation. Additionally, we have an active shooter response training video on our webpage: http://www.csi.cuny.edu/publicsafety/emergency_procedure_guide.html#Active_Shooter

Emergency Procedure Guide

An Emergency Procedure Guide was prepared for the College of Staten Island Department of Public Safety to assist members of the campus community when reporting or dealing with on and off campus emergency situations. It combines current College of Staten Island policies and procedures along with recommended guidelines from various government agencies including the Federal Bureau of Investigation, U.S. A. Department of Homeland Security, U.S. Federal Emergency Management Agency, NYC Office of Emergency Management, NYC Fire Department, Bureau of Alcohol, Tobacco, Firearms, and Explosives, U.S. Postal Service and the Centers for Disease Control. While it is impossible to produce a document that is all-inclusive, this publication addresses the most common campus emergencies that have occurred in the past and those that may occur in the future.

All on campus play a critical role during emergency response procedures. The guide will help students, faculty, staff and visitors become more familiar with the campus, hazards presented, and procedures to be followed to ensure the health and safety of the campus community in the event of an emergency. All members of the campus community should become familiar with this guide and review its contents. Knowledge will make a difference during an emergency and could save lives.

This Guide is updated on an annual basis. Each year, an email notification is made to all enrolled students, faculty and staff that will provide information on how to obtain this guide. You can obtain a copy of the Emergency Procedure Guide at the Public Safety Office, Building 2A, room 108 or you can download a copy from the Public Safety website at http://www.csi.cuny.edu/publicsafety/emergency_procedure_guide.html

Emergency Medical Services (EMT)

The goal of the College of Staten Island Emergency Medical Technician Team is to provide pre-hospital and emergency medical treatment to members of the college community and to visitors of its campus.

Emergency Medical Technicians are routinely dispatched to handle medical emergencies during both the day and evening hours while school is in session. Each member of the College’s EMT Team is a Peace Officer licensed by the City University of New York as well as being and certified under the New York State Department of Health.

These officers undergo extensive training and re-certification. This is a voluntary program and the officers do not receive additional compensation. They perform these additional duties because of their commitment to the health and safety of our campus community. The following Peace Officers are part of our Emergency Medical Team: Sergeant Adewole Canton, Corporal Barbara Bravcaccio, Officers Brian Backstrom, Laura Devine, Donna Rosendorf and Brady Tweed. The College of Staten Island also offers professional medical care at the Health Center located in the Campus Center Building (1C), room 112. Please visit their web site at http://www.csi.cuny.edu/studentaffairs/ health services/ for additional information.

If someone experiences a Medical Emergency:

- Notify Public Safety at 718.982.2111 or dial 2111 directly from any lobby phone
- Notify 911 if the patient or nurse requests an ambulance
- Notify the Health Center at 718.982.3045
- Do not move the patient

Bicycle and Segway® Unit

On Campus there are many areas that are inaccessible to cars, but are well suited for bicycles and Segways®. These units are composed of specially trained officers who have received certification from the International Police Mountain Bicycle Association (IPMBA) and Segway®. These officers received training in patrol tactics, equipment maintenance, safety, physical fitness, legal issues and operational laws.

Leadership Opportunities

How Can I Become a Student Leader?

Becoming a student leader is easy and the options for leadership involvement at CSI are vast. Students can run for and be elected to a leadership position on Student Government, College Council, or the CSI Association. Club membership is also a great way to become a leader. Student Life and Student Government charter over 40 clubs each year. There are also several other organizations on campus on which you, as a student, are eligible to serve, such as the Campus Activities Board, or becoming an Ambassador, Peer Educator, or Orientation Leader.

For ways to get involved, stop in the Office of Student Life, Campus Center (1C), Room 201 and let us help you decide which leadership role would best meet your needs and interests.

Running for Office – Elected Student Leader Positions on Campus

Every spring semester (and sometimes in the fall), elections are held wherein the students of CSI have the chance to vote for those fellow students they feel will best represent them in the affairs of the College. The following are those organizations and what they do:

**CSI Student Government** is composed of 25 representatives elected by the student body each spring. Any student who has earned at least 6 credits with at least a 2.25 grade point average can run for a seat on Student Government.

**CSI Association, Inc.** is composed of six students, three faculty, and four administrators who administer the Student Activity Fee at CSI. Students who have a 2.25 grade point average may run for a seat on the Association.

**College Council** is a governance body of faculty, administrators, and seven students that approves and formulates policy relating to admission and retention of students, grading practices and standards, degree requirements, and protection of academic freedom; encourages cultural activities; and addresses itself to the aspects of campus life that relate to academic affairs and educational matters.

**Faculty Student Disciplinary Committee** is composed of two faculty members, two student members, and a chairperson and is responsible for hearing charges, accusations, or allegations presented against a student, which if proved, may subject that student to disciplinary action.

**Auxiliary Services Corporation** is composed of five students and provides essential services to the students, faculty, and staff of the College through administration of the CSI bookstore, dining services, vending services, and parking registration and enforcement. Students who have a 2.25 grade point average may run for a seat on the Association.

**The University Student Senate (USS)** is an elected body of students with constituent representation from each of CUNY’s institutions. The USS represents students’ interests at the University level. The chairperson of the USS sits as a voting member on the CUNY Board of Trustees.

Mission of the Campus Center at CSI

The Campus Center draws together all members of the College of Staten Island community. It is a shared possession of the students, faculty, staff, alumni, and guests. While each of these groups is important, it is the students who are at the heart of what the Campus Center is about.

Every student is welcome at the Campus Center. Every student has an equal share. By providing the opportunity for each student to come into contact with others, the Campus Center promotes an understanding and appreciation of the diversity of the College of Staten Island and of the world at large.

The Campus Center fulfills this mission through its programs and services. Students who create programs in the Campus Center complement their education with experience in group process, ethics, leadership, volunteerism, and social responsibility. Students who attend these programs and participate in these activities also enrich their education through the learning, growth, and entertainment that such events offer.

The Campus Center’s services endeavor to meet the social, educational, and recreational needs of the College community. As needs change, so too must the services. By encouraging personal growth, by supporting divergent thought and free expression, by celebrating the individual, and by providing an environment that fosters integrity and respect, the Campus Center exists as more than a building.

Our Services

The Campus Center is comprised of many operating areas and offices. Our public areas include the Green Dolphin Lounge, West Dining Room, and Rotunda—all on the main level of the Campus Center. On the second floor, the Campus Center offers students the opportunity to play games in the Game Room, meet quietly and socialize in the Quiet Games Room, or to keep up to date on Email and computer classes in the Computer Lab. Also located on the second floor are student organization offices including The Banner, Catalyst, Third Rail, the Campus Activities Board (CAB), NYPIRG, and Student Government.

Located in the Campus Center are the CSI Association Office (1C-202), CSI Auxiliary Services (1C-208), the Bookstore (1C-First Floor), The Multifaith Center (1C-212A), the Veteran’s Resource Center (1C-216), WSIA- 88.9 FM (1C-106), Dining Services (1C-Cafeteria), Health & Wellness Services (1C-112), Student Government (1C-207), Student Life Involvement Center and Campus Activities Board (1C-212B), Computer Lab (1C-213), LGBTQ Resource Center (1C-225) and the Office of Student Life (1C-201). Each of these offices serves the College community in many different ways. Each area offers students the opportunity to help shape campus life through programs and services. To find out more, just stop in to the Office of Student Life and explore all that we have to offer to you.

Campus Center Lockers

The Campus Center offers students the only location to rent lockers anywhere on campus. By renting a locker here on campus, you have the opportunity to store items that you use daily or only once in a while. The centralized location in the Campus Center offers you the opportunity to stop by and grab a bite to eat, play a video game, study, or meet up with some friends – all this while just getting “stuff” from you locker!

Lockers are rented on a semester basis, from the first day of class through the last day of class, with the cost of $10 for rental and $5 for security deposit. Lockers are rented on a first come, first served basis. Students interested in renting a locker should come to the Office of Student Life located in the Campus Center (1C), Room 201.

Interested in Joining a Club? There Are Lots from which to choose!

Clubs at CSI are formed around a commonality of educational, vocational, cultural, social, religious, or political interests. Students who get involved in clubs are offered an opportunity to share interests and goals in a non-classroom setting. Clubs at CSI often serve as a center for social interaction and a forum for the expression and exploration of ideas.

Getting Involved!

Getting involved with clubs at CSI is easy. Our web-based involvement system CSI CONNECT (http://www.orgsync.com/login/college-of-staten-island) allows you to learn about student groups on campus, decide which groups best meet your interests, join them and stay connected to their programs, meetings and other members. The system is also available as an APP for ios and android devices - download “ORGSYNC” from the apple or google play store and get connected. To access the full features of CSI CONNECT you log on with your SLAS username and password. Contact the Office of Student Life if you have questions 718.982.2816.
Club Hours

During the academic semester CSI features two club hour periods each week that are reserved for "other than classroom activities." These hours, every Tuesday from 2:30pm to 4:25pm, and every Thursday from 2:30pm to 4:25pm, are designed to increase learning opportunities by providing time for faculty, staff, and students to attend programs, hold meetings, and pursue interests that may not be strictly related to course content and classroom demands. During these periods most student clubs and organizations hold meetings. The Office of Student Life, Campus Center (1C), Room 201, reserves classroom space during the club hours so various groups can meet on campus. Club meeting spaces and times are available in the Office of Student Life.

CSI Clubs and Organizations

CSI boasts a variety of clubs that encompass a broad range of interests and goals. For a list of clubs, when they meet, and to learn more about the groups at the college, log in to CSI CONNECT (http://www.orgsync.com/login/college-of-staten-island).

Start a Club

The College of Staten Island encourages students to form clubs to design and implement programs, events and activities which support, enrich, extend and amplify the goals of the CSI educational mission. Involvement in these types of groups presents students with the opportunity to broaden their learning, obtain leadership and interpersonal skills, and develop a commitment to service. Student clubs should strengthen campus-community relations, improve inter-institutional communications, and facilitate students' acquisition of skills, which will be transferable to other areas of their lives. For more information on how you can start a club at CSI visit the CSI website at http://www.csi.cuny.edu/currentstudents/studentlife/startaclub.html or stop in the Office of Student Life Involvement Center located in the Campus Center (1C), room 212B.

Policies on Recognition of Student Clubs, Organizations, and Publications

Recruitment and Initiations Practices and Hazing

The College of Staten Island is a public college supported by funds appropriated by the Legislature of the State of New York. As a publicly supported institution, it espouses the principles of access to all student organizations by all members of the student body.

In order for an organization to be officially recognized at the College of Staten Island, membership and participation in it must be available to all eligible students of the College. In addition, in order to be recognized, each organization must agree not to discriminate on the basis of race, color, national or ethnic origin, religion, age, sex, sexual orientation, gender identity, marital status, disability, pregnancy, genetic predisposition or carrier status, alienage, citizenship, status as victim of domestic violence, military or veteran status.

Furthermore, the practices commonly referred to as pledging and rushing are not permitted. New York State law and University policy prohibit hazing, which includes but is not confined to, any action or situation which recklessly or intentionally endangers mental or physical health or involves forced consumption of liquor or drugs for the purpose of initiation into or affiliation with any organization.

The same law provides that the governing documents of every campus organization are deemed to prohibit the organization from engaging in hazing. This means that your organization's constitution is considered to contain a provision, which prohibits hazing, even if the organization has not officially adopted such a provision.

It is a violation of acceptable standards of conduct at the College of Staten Island for any individual or organization to engage in the practice of hazing as defined above. Any such violation may result in disciplinary proceedings against the involved students and organization and subject the students to the penalty of expulsion, suspension, restitution, probation, censure, warning, or admonition, and subject the organization to the penalty of revocation of its permission to operate on College facilities.

Enhancing CSI Experiences!

The Campus Activities Board (CAB) is the programming board that allocates an earmarked portion of the Student Activity Fee for social, cultural, educational, and community service programs. The programming board works to identify the diverse needs of the CSI student body and then to develop programs of a cultural, educational, or social nature that will educate and entertain.

The Campus Activities Board is comprised of seven committees: CAB Live, CAB Live @ Night, Film and Television, Special Events, Marketing and Membership: Print and Social Media, Speaker Series, and "On the Road
**The Gazetteer**

With CAB, CAB committees have a goal of providing programming that directly promotes social interaction; presents alternative out-of-classroom opportunities and encourages diversity as well as a sense of community. The process of producing programs offers CAB members the opportunity to develop both leadership and life skills; participate in professional interactions; collaborate with faculty, staff and fellow students, and learn fiscal responsibility.

CAB Committees have sponsored such programs as Welcome Back and Spring Carnivals, a weekly film series, trips to Broadway shows and amusement parks, comedy shows, a speaker series, and the popular Make Your Own events. CAB works with a number of campus departments to sponsor events through the Board's Community Proposal process. To find out about upcoming events visit the CAB page on CSI CONNECT (http://www.orgsync.com/login/college-of-staten-island/)

The Campus Activities Board is always looking for students to help create and implement student programs and events. If you are interested in joining CAB please go to Office of Student Life, Involvement Center, Campus Center (1C), room 212B. The Board meets approximately twice a month during Tuesday club hours. The planning and decision-making process is one in which students learn many skills, especially those related to working with other students on campus-wide projects.

CSI's student publications are:

- **The Banner**: a regular newspaper that focuses on campus news and issues of interest to CSI students, faculty, and staff.
- **Caesura**: a literary magazine founded by a community of writers and artists who hold the principle that art is a craft and, as is, more than self-expression.
- **Catalyst**: a magazine that promotes awareness, campus and community involvement in all the sciences on campus and related sub-disciplines.
- **Third Rail**: a political journal focusing on the intersection between art, culture and politics. Third Rail regularly publishes poetry, fiction and non-fiction, along with photography, drawing and in-depth journalism.

Any currently registered student is welcome to join any student publication, or join with others to create a new publication of their own. The rules by which student publications may charter are set out in the CUNY Bylaws, Article 15, section 2, which is included in THE GAZETTEER. WHAT IS THE CSI ASSOCIATION?
The CSI Association is a nonprofit corporation with a Board of Directors composed of six students, three faculty members, and four administrators who approve budgets and administer the student activity (SA) fee at CSI. The Association also allocates an earmarked portion of the fee that it traditionally has applied to Commencement exercises, and administration of the corporation. The Association participates in the development and review of activity fee budgets for Sports and Recreation, Health and Wellness, the Children’s Center, the WSIA radio station, and the Campus Activities Board, all SA fee funded. Any student with a minimum GPA of a 2.25 can run for a position on the Association’s Board of Directors. The Vice President for Student Affairs serves as the President of the Association. All student activity fee budgets are approved at meetings of the Association’s Board of Directors. Minutes of these meetings are posted for review and sent to the archives housed in the Library. Each year the financial records of the Association are audited by an independent certified public accountant. The City University also periodically audits the Association’s financial records. Interested parties may review copies of the annual audit and related budget information that are sent to the Library. Members of the Association glean good resume experience, gain a glimpse into the economic and political aspects of college life, and have a say in the allocation of the activity fee.

Understanding your Student Activity Fee!
If you have ever carefully studied your tuition bill, you will notice that $139.60 or $103.60 (or $109.60 for summer sessions) is tacked onto the total and clarified (though not made much clearer) as “Student Activity Fee.” What is this? This is your Student Activity (SA) Fee. Each full-time student and each part-time student pays a SA fee of $139.60 and $103.60 (or $109.60 for summer sessions), respectively. The Student Activity Fee funds different types of activities, programs and events, but, these things all have one common denominator – the money is used for the benefit of the student body. The SA Fee provides funds for the University Student Senate (USS); the New York Public Interest Research Group (NYPIRG); the Children’s Center; Campus Activities Board; the WSIA student-run radio station; the Student Government; the Association; athletic teams and other activities in the Sports & Recreation Center; Publications such as the The Banner, Caesura, The Catalyst and Third Rail; Health and Wellness services; and student clubs and organizations. An example of your SA fee at work would be one of the many campus barbecues you may see and participate in that offers free food and soda. Technically, of course, it is not free – it was paid for using SA Fee funds. Other student activities and events funded by the SA fee include Broadway plays, bands, comedians, other performers and speakers, outings to sporting events and theme parks, and movie showings in the Campus Center. On the other hand, SA Fee money has no affiliation with the CSI Bookstore, dining services, or Parking and Dolphin Card Services. SA Fee money is allocated to a club or an organization and then budgets are approved by the CSI Association.

Through its various commissions and committees, the Student Government represents student interests to the administration and faculty of the College along with sponsoring many programs of both an academic and non-academic nature. Any student who has earned six credits, with at least a 2.25 GPA can run for a seat on the Student Government. The Student Government office provides assistance to student clubs, organizations, and the general student body. The office staff consists of the Student Government Coordinator, Office Assistant, and part-time Office Assistant. The Student Government also hires students each year to supervise the free coffee it distributes through its Part-time, Evening, and Weekend Commission in the Campus Center weekdays (except Friday) nights and Saturday afternoons, and to greet students and provide information as the Campus Center Welcome Desk Employee through its Campus Center and Student Facilities Commission. The Student Government conducts open business meetings at least every two weeks while classes are in session. Meetings are held every other Thursday during Club Hours.

The Student Government provides many programs and services for the students of CSI as well as the College community. The Student Government as a whole sponsors many programs to assist students such as providing scholarships and loans, and providing funds to buy a copy of all currently used textbooks for the Library reserve. They also fund a graduate school assistance program and travel assistance fund for students invited to participate in academic conferences and the study abroad program, as well as provide informational forums and bring in guest lecturers. The Student Government accepts proposals from the College community for both academic and cultural programs through special funds provided for these purposes. The Student Government Club Commission provides funding for approximately 40 clubs along with sponsoring the Club Fair, Club Festival, and Club Awards Ceremony. The Election Commission sponsors student elections each year at which students are elected to several campus governance bodies. Students who are encountering problems on campus are encouraged to contact members of the Student Government in the Campus Center (1C), Room 207.

The CSI Student Government Constitution

The College of Staten Island of The City University of New York established the Student Government of the College in accordance with Article XV and Article XVI of the Bylaws of the Board of Trustees, which enumerates the principles and procedures governing the rights, conduct, and organization of students. The CSI Student Government Constitution which outlines the mission, structure, duties and responsibilities of Student Government is available on the CSI website at http://www.csi.cuny.edu/currentstudents/studentlife/studentgovernment.html. The College of Staten Island’s Intercollegiate Athletics Program is dedicated to offering the best in varsity sports opportunities for all students. The CSI Dolphins currently boast 14 NCAA Division III intercollegiate sports, and participate in The City University of New York Athletic Conference (CUNYAC). Varsity sports offerings include men’s and women’s basketball, soccer, cross-country, swimming, tennis, volleyball, and men’s baseball, and women’s softball. Non-varsity club sports are also available in men’s and women’s track and field and co-ed cheerleading.

Student-athletes at CSI get to take advantage of the exceptional playing facilities on the College of Staten
Island campus, from the newly renovated 1,200-seat indoor basketball arena, home of the 2005-2006 Con Edison/CUNYAC Men's and Women's Basketball Tournament, to the 2,500-seat baseball stadium, former home of the Staten Island Yankees minor league baseball team. The Sports & Recreation Center also features a 25-meter swimming pool. In the fall of 2004, the Dolphins unveiled their new CSI Soccer complex, featuring state-of-the-art Field Turf synthetic grass. In addition, the women's softball field was completely renovated and surfaced with Field Turf as well.

Competing at a high level is nothing new for the Dolphins. In 2001, the CSI athletics program won its first ever CUNYAC Commissioner's Cup, awarded annually to the top athletics program in the CUNYAC. The award is based on a points system, where teams are rewarded for finishing as regular season champions, or by placing first or second in the CUNYAC championship tournament. In 2011-12, CSI Men's Basketball took it's longest journey in any NCAA DIII tournament with that team going all the way to the NCAA “Sweet 16”. During the 2014-15 athletic year CSI laid claim to championships in Men's Cross-Country, Women's Softball, and Men's Baseball. To kick off the 2015-16 athletic year, CSI won the CUNYAC Championships in Men's Cross-Country, and Men's Swimming, and Women's Soccer.

CSI students don't have to be athletes to enjoy what athletics has to offer. Admission to all CSI home games are free and all are Personal Growth (PG) CLUE events. Students can also take part in free giveaway nights and contests during various sporting events.

The CSI Athletics Program also reaches out to students and the community by providing an in-depth Website (www.csidolphins.com), which records the latest developments in the program. In 2007, CSI Athletics also unveiled CSI SportsNet, which provides live streaming video feeds of select CSI sporting events live over the internet.

The student-athletes’ individual honors while at CSI have always reached superior levels. The CUNYAC acknowledged many CSI athletes as all-stars in their respective sports. Player of the Year, Rookie of the Year, Coach of the Year, and Scholar-Athletes of the Year awards are also offered by the conference promoting various players and coaches.

The annual CSI Awards Banquet each spring is another successful event. Over 80 student-athletes are honored with awards from coaches and administrators. The evening also acknowledges the parents and friends who help support athletics throughout the year.

**Student Election Review Committee (SERC)**

Each year the Student Government nominates members of the College community to serve on the Student Election Review Committee (SERC), which are then appointed by the President of the College. Students, administrators, and faculty may serve. The Committee is responsible for overseeing student elections. They approve all procedures and rules, hear complaints about the conduct of the elections, count the votes, verify the results, and recommend the verified results to the President of the College for certification. Regularly scheduled student elections are held during April and October.

**NYPIRG (New York Public Interest Research Group)**

NYPIRG, the New York Public Interest Research Group, is a statewide, student-directed group that works to protect the environment, defend higher education, and fight for consumer rights.

CSI NYPIRG is one of 20 chapters based out of colleges and universities across New York State. NYPIRG’s State Board of Directors is made up entirely of students, including three from the College of Staten Island. The Board of Directors is responsible for establishing NYPIRG’s direction.

NYPIRG students develop and lead projects on a variety of issues such as environmental protection, higher education, homelessness, and student empowerment.

CSI NYPIRG has advocated for environmental justice, lobbied in Albany and City Hall for better legislation to protect children against lead poisoning, and organized coalitions to fight against proposed CUNY budget cuts and tuition hikes. For example, students working with NYPIRG fought for and won funding to clean up over 800 toxic waste sites in New York, including nine here in Staten Island.

Students involved in NYPIRG have become advocates for their local and statewide communities. Students conduct surveys and news conferences to alert consumers of rip-offs and other issues. The NYPIRG Straphangers Campaign reports on inadequate transit service and reduced fares for students.
NYPIRG offers internships on and off campus and every semester NYPIRG students participate in a Statewide Student Action Conference. This is an opportunity to meet students from across the state, have fun, and learn. NYPIRG strongly encourages student leaders to attend.

NYPIRG organizes a General Interest Meeting/Student Action Meeting each semester for students looking to get involved. Those interested can stop by the NYPIRG office located in the Campus Center (1C), Room 218, or call 1.718.982.3109.

**SUCCEEDING IN ACADEMIA**

**Academic Freedom**

The City University subscribes to the American Association of University Professors’ 1940 Statement of Principles on Academic Freedom, and the College of Staten Island respects academic freedom for faculty and students as well as freedom in their personal lives for all individuals in the campus community.

**Grade Appeals**

Students wishing to appeal a grade other than WN, WU or FIN must do so within 60 school days, (except for the summer session), following the end of the semester. (Please refer to the Academic Calendar posted on the Registrar Website [http://www.csi.cuny.edu/currentstudents/academiccalendars/](http://www.csi.cuny.edu/currentstudents/academiccalendars/)). Appeals must be submitted in writing to the chairperson of the department in which the course was offered. Upon receipt of the appeal, the chairperson shall direct the student to discuss the issue with the instructor who assigned the grade. If the issue remains unresolved, the student may request a review by the Department Committee on Grade Appeals.

This Committee on Grade Appeals shall review all information presented by the student and shall meet with the instructor. The Committee shall render a decision within 30 days after the student requested the grade review by the Committee since the student and instructor did not come to resolution. If the Committee upholds the appeal by a vote of 3-0, the chairperson shall change the grade to reflect the decision of the Committee. If the Committee does not uphold the student, there is no further appeal within the College and the grade remains.

In all deliberations on grade appeals, the burden shall be on the student to prove that a violation of the College’s regulations occurred or that the instructor’s own stated criteria for grading, which shall have been enunciated at the beginning of the semester, have not been followed. Students in need of advice about the procedure may consult an academic and personal counselor.

Students wishing to appeal a WN, WU or a FIN grade must file a written petition supported by documentation to the Committee on Course and Standing.

**CUNY Portal**

Through the CUNY Portal website (www.csi.cuny.edu) students can access a variety of links including: Application for Admission - Blackboard (online course management system) - CPE Results - CUNY eMall - Degreeworks (online transcript) and ePermit.

CAAS supports the academic goals of the College by providing our constituents with efficient academic advising and educational planning services. Our mission is to equip students, faculty, and college staff with the essential tools, skills, and knowledge to navigate the educational experience, successfully transit into academic careers and to promote lifelong independent learning. We oversee early alert outreach, and provide administrative and academic assistance, information about College programs, policies, and procedures, and other special services. Committed to utilizing best practices in student academic success, we empower students to proactively become active participants in their own educational experience. CAAS consists of two units: Academic Advisement and Evening & Weekend Services.

**Academic Advisement**

Contact: Suzy Shepardson, Associate Director  
Dina Grant Pattelli, Freshman Year Advising Specialist  
Aliza Martini, Senior Academic Advisor & Communications Specialist  
Phone: 1.718.982.2283  
Academic Advisement provides advisement support to new students, matriculated continuing students in most majors who have earned less than 45 credits, and to students who are declared as Associate Degree Liberal Arts majors. Here, students find academic assistance with educational goal planning, major and career identification, general education requirements, DegreeWorks (the degree audit self-advisement tool), TAP eligibility, and academic policies.

All students assigned to this office are required to meet with an advisor minimally once each semester during the Early Advisement Period (each March and October). At least 3 weeks prior to the opening of the Registration Period, students meet with an advisor to complete their educational plans, discuss their major and career goals, review their course eligibility and review all applicable coursework requirements. After the meetings, student advisement holds are released and students can complete their registration process in CUNYfirst on or after their enrollment access date. During these periods, most students assigned to CAAS are required to schedule an appointment to fulfill their advisement requirement. Further information on this process can be obtained at:  
Continuing Student Appointment Service: https://advisortrac.csi.cuny.edu

Normally however, advisement is only accessible on a walk-in basis; additional information can be found on our website under the “News & Events” link or via limited email service.

**Evening and Weekend Services**

The Evening & Weekend Services Office is the central administrative office of the College during evening and weekend hours. In addition to providing academic advisement services, we advocate for the special needs of the evening/weekend students within the larger College community, and encourage the provision of support services at convenient times for them.

**Evening and Weekend Programs**

The College offers a wide variety of evening and weekend courses each semester for undergraduate and graduate students. Evening classes begin at 6:30pm, meet twice a week (Monday and Wednesday, or Tuesday and Thursday); or one night a week, Monday through Friday. Weekend classes are also available Saturday or Sunday mornings and afternoons as well. A number of specific majors allow students to complete their degree requirements primarily through evening and weekend study.

**Adults Returning to the Classroom (ARC)**

The College is proud to support students at all stages and ages, including our adults who may be coming to college for the first time, or returning after a prolonged absence. The Adults Returning to the Classroom (ARC) Program offers personalized services from pre-admissions counseling through registration, and provides guidance and support as adult students make choices about their careers and education. Interested adults (those who are at least 25 years old) not yet admitted to the College should have an initial consultation with an admissions counselor; please call 718.982.2470 or send an e-mail to sean.walsh@csi.cuny.edu. Currently enrolled students who feel they would benefit from this program should contact CAAS at 718.982.2283 for assistance.

Immersion Programs are designed to address the developmental needs of incoming freshmen and continuing students as indicated by scores achieved on the CUNY Assessment Tests. Students who need to strengthen their skills in the areas of writing, reading and/or mathematics are given the opportunity to receive instruction in one or more basic skills areas by successfully completing intensive workshop programs. All immersion workshops are offered during the summer and January Intersession. It is important to understand that specific eligibility criteria for enrollment apply and that students are responsible to inform themselves of these eligibility criteria by calling at 718.982.4115 or visiting http://www.csi.cuny.edu/oas/immersion.html

Supplemental Instruction (SI)
Supplemental Instruction (SI) is a nationally recognized approach to addressing the problems of poor grades and student attrition. OAS provides SI leaders upon faculty request to assist students in traditionally challenging courses. SI student leaders are selected for their outstanding communication skills and excellent command of course content. They facilitate out-of-class study sessions by integrating course material with learning strategies and guide students through difficult material. Students are given opportunities to ask questions, review concepts and work with student peers in developing strategies for academic success.

Study for Success
Study centers are an integral component of the academic support services provided at CSI. The study centers are dedicated to meeting the academic needs of all students, and to assisting them in developing the skills necessary to ensure their success. In the various study centers across campus, students have the opportunity to work with peer tutors to broaden their understanding of a variety of disciplines. Students are guided to take an active role in setting their educational goals. Various tutoring strategies are incorporated, including individualized sessions, small group sessions, computer-assisted instruction and peer study groups. The CUNY Language Immersion Program (CLIP) offers students who have been admitted to a City University of New York (CUNY) college the opportunity to spend more time learning English in an academic environment before formally enrolling in college courses. Students in the CLIP Program acquire the reading, writing and oral communication skills necessary to be successful at CUNY. The Program's instructional philosophy reflects a holistic approach to language development in the context of academic preparation. This includes classwork, research project, computer-assisted learning, orientation to college and tutoring. It is a low-cost option for students that have remedial English needs.

- Daytime classes meet Monday-Friday from 8:45am - 2:15pm
- Tuition is $180 for the Fall and Spring terms, $75 for 6-week Summer term. Lower tuition rates may be available for some students.
- Students who register for CLIP will defer their use of Financial Aid and put themselves in a better position to earn a degree once they are enrolled in credit classes.

The Center for International Service promotes the internationalization of academic life at the College of Staten Island/CUNY in order to foster an awareness of the interdependence of nations, the value of diversity, and the importance of international understanding. The Center administers student study abroad programs, provides assistance to foreign students and scholars at CSI, and directs the English Language Institute. There are also many potential volunteer opportunities for CSI students at the Center. The Center is located in the North Administration Building (2A), Room 206. Stop by or call 1.718.982.2100.

English Language Institute (ELI)

The Institute offers intensive English and cultural orientation programs to international students, visitors, professionals, and community members. Sessions are offered each semester, with intensive sessions in the summer and during the winter intersession. Classes range from beginner to advanced levels.

International Student and Scholar Services

The Center provides services for students and scholars from around the world. In addition to processing all required immigration documentation, the Center provides extensive orientation, ongoing advisement, and assistance in on- and off-campus adjustment.

Study Abroad

Study Abroad programs provide wonderful opportunities for students to learn about the world first-hand. CSI sponsors programs in Ecuador, Italy, Greece, China, Denmark, Barbados, Ireland, Japan, France, England, and several other countries. In addition, over 30 other programs are open to CSI students through our membership in the College Consortium for International Studies (CCIS) and through the programs offered by other CUNY colleges. While no previous language study is required for most programs, students should have a 2.5 or better GPA. All programs provide academic credit for courses taken abroad. Internships and service learning opportunities are included in many programs. Financial aid applies and there are special scholarships and grants available to assist qualified CSI and CUNY students.
On-Campus International Programs

The Center organizes and sponsors a variety of on-campus programs. World on Wednesdays is held every Wednesday and focuses on international topics of interest to the CSI community. International Coffee Hours are held the first Thursday of every month and provide an opportunity for the CSI community interested in international education to gather in an informal setting. The Center highlights many of their activities during the annual International Education Week in November. Occasional special speakers, international musicians, and cross-cultural films are also offered to the campus community throughout the year. Most programs are offered for CLUE credit.

The College of Staten Island Library (CSI Library) utilizes state-of-the-art technology to enable students to access educational resources. The Library's home page is a portal to over 200 databases that offer access to thousands of journals in all disciplines. Students may search these resources in a variety of ways: at the Library's numerous computer workstations, by borrowing a laptop computer to access the campus-wide wireless network, or by logging in from remote locations (i.e., home, office, etc).

The Library consists of three floors. Reference librarians are available on the first floor to work with students seven days a week, from 8am-10pm, whenever the library is open. They provide research assistance for course assignments, term papers, and formatting citations in all academic disciplines. One-on-one guidance at the reference desk is supplemented with workshops, Library Instruction sessions, and research consultations.

Reference books, such as general and specialized encyclopedias, dictionaries, handbooks, and atlases are located in the Reference Area on the first floor. Many course textbooks selected by professors are available for 2-hour loan periods at the Circulation/Reserve Desk on the first floor. Students may also borrow books, graphing calculators, laptops, DVDs, and reserve group study rooms with a current Dolphin ID card at the Circulation/Reserves Desk.

The second floor of the Library houses a K-12 Text Collection, the Archives & Special Collections, a unit containing an ever-growing collection of political and historical materials about Staten Island, as well as the Library Learning Lab, where students receive formal instruction on using the Library's resources and services. Study rooms, work space, printers, scanners, photocopy machines, and a fax machine also are available for students.

The third and final floor of the Library houses the circulating collection (with over 250,000 volumes) that can be borrowed for three-week period and renewed online. The third floor also contains print journals, magazines, and newspapers for use inside the Library. Designated as a silent area, the third floor facilitates individual study with over 200 study carrels lined along the perimeter of the stacks.

To make full use of the Library’s services and resources, students need:

- A bar code sticker placed on the back of a current Dolphin ID card, which will allow students to take out print materials and access their account online.
- A CSI email login and password to access computer workstations and databases from off campus.

Further information about the Library’s services and resources can be found on the Library web site at www.library.csi.cuny.edu.

The Office of New Student Programs (NSP) is dedicated to assisting and supporting new students through transitional issues that occur in the first year of college at CSI. The NSP Office provides introductory orientation programs for incoming students prior to the beginning of each semester. In addition, the NSP Office also coordinates the CLUE (College Life Unit Experience) Program. The CLUE Program consists of workshops and
programs geared to help students learn more about CSI and themselves through our Co-Curricular (CC) and Personal Growth (PG) program offerings. The NSP Office also maintains an Information Center for new and prospective students and coordinates the New Student Mentoring Program, which provides peer-to-peer mentoring on a variety of first-year initiatives, including supporting first year students throughout their first semester, as well as, first-year students who are on, or at risk of academic probation. It also maintains records on all CLUE program activities and monitors students’ progress toward meeting the college’s new student orientation degree requirement. The NSP Office also coordinates the New Student Orientation Leadership Program, training current CSI students to serve as role models for incoming students during the orientation process as New Student Orientation Leaders.

New students interested in being mentored during their first-year at the College are encouraged to contact our office to be paired with a current upper-division student.

**New Student Orientation Programs**

The College of Staten Island requires all first-year incoming students to attend SPLASH: CSI’s New Student Orientation, a comprehensive mandatory two-day program, presented by multiple offices and departments on campus. SPLASH is an opportunity for students to become engaged with the college community and consists of orientation, advisement, and registration. Please visit the following website for information on SPLASH: CSI’s New Student Orientation: www.csi.cuny.edu/CLUE/orientation.html.

**CLUE Program Highlights**

Among the CLUEs that students select, two must be approved as Co-Curricular (CC) and the other two must be approved as Personal Growth (PG). Co-Curricular CLUEs are activities that focus on scholarly, cultural and civic development. Examples of these include: lectures, concerts, documentary films, and theatrical events. Personal Growth CLUEs are activities that deal with a students’ personal development, such as health and wellness, career discovery, and recreational or social experiences of college life.

Beyond the basic CLUE requirement, many students also complete the CLUE CHALLENGE, in which they agree to complete at least ten (10) of each CLUE type prior to graduation. Students who complete the CHALLENGE receive a signed certificate from the President of CSI and special recognition from the Vice President of Student and Enrollment Services.

One of the commitments of the College of Staten Island is to create in all aspects of campus life “…a climate that fosters respect for the pluralism of American society” and to confront racism, sexism, homophobia, ageism and other such prejudice through education and enlightened example.

The Pluralism and Diversity program encourages and/or sponsors a variety of educational, social, and cultural events throughout the academic year, intended to promote appreciation and respect for the diversity of the College and its surrounding community. These events feature various ethnic, religious, cultural and other groups and explore the many meanings of pluralism in this society.

If you are interested in participating in the organization of P&D events contact Michael Maslankowski, in the Office of New Student Programs, North Administration Building (2A), Room 208 at 1.718.982.2529.

**Collegiate Science and Technology Entry Program (CSTEP)**

The CSTEP Program is designed to increase the number of historically underrepresented and economically disadvantaged students who enroll in and complete undergraduate and graduate programs leading to professional licensure or to careers in a STEM field. The CSTEP Program is also designed for New York State residents,

including permanent residents and full-time students in good academic standing (2.9GPA) at the College of Staten Island. Students must be of African descent, Latino, Native American/Alaskan Native decent or economically disadvantaged (based on criteria established by New York State.) The program provides students with paid internships and scientific research opportunities.

For more information about CSTEP, please visit the program’s webpage at: http://csi.cuny.edu/step_cstep/

College Success Initiative Learning By Teaching Program (CSILTP)

The College Success Initiative Learning by Teaching Program (CSILTP) is a comprehensive support program created to increase college graduation rates for historically underrepresented and economically disadvantaged students. This program was designed by The City University of New York (CUNY) to recruit and retain underrepresented students, especially males, at the college level. The College Success Initiative Learning by Teaching Program was created to strengthen the high school to college pipeline and enable more students from historically underrepresented and economically disadvantaged backgrounds to enter and succeed in higher education. Our purpose is to provide support that will ensure students graduate with degrees in academic and/or professional areas of study. Incoming freshmen participate in a one (1) year Learning Community; the program provides students with mentoring, tutoring and paid internships.

CUNY Basic Skills Test

All new students, unless exempt, are required to take the CUNY Assessment Tests in reading, writing, and mathematics in order to become degree (matriculated) students. The scores are used for advisement and placement into college courses. Students who fail one or more of the tests will be directed to the appropriate summer or winter immersion workshops, into remedial courses, into the CUNY Start program.

Placement Examinations

Placement examinations are offered by the Department of Biology and the Department of World Languages. These examinations determine placement at the appropriate course level.

Pathways to Degree Completion Initiative

The Pathways to Degree Completion Initiative is CUNY’s new general education framework which allows students to transfer their general-education, pre-major and elective credits seamlessly among CUNY’s colleges. It guarantees that general education requirements fulfilled at one CUNY college will automatically transfer to another CUNY college and fulfill that area/bucket requirement as well.

Beginning in Fall 2013, CUNY implemented the Pathways initiative across its undergraduate colleges to ease student transfer between CUNY colleges, remove roadblocks to student progress and ensure that courses meet high student learning standards. For additional information about the Pathways initiative, go to www.csi.cuny.edu/pathways/.

Reading Between the Lines - Class Listing

All of the important facts are revealed in a single class listing (see example Class Detail):

**BIO 106** - This identifies the subject (Biology) and class level

**Biology Principles 1** - Class Title, which reflects the content of the semester’s work. Note the “1,” which indicates that there must be a second-level class after completion of this one.

**3.0 Units** – Number of credits, and number of equated credits. Like most 100-level classes (there are some exceptions), BIO 106 is a three-credit class.

**PREREQ** – This is very important, because it tells students which classes have to be completed prior to registration for this class

**CO-REQ BIO 107** – A corequisite is indicated, which means that there is a class that must be taken during the same semester as BIO 106. (In this case it is BIO 107, which is a one-credit laboratory class.)

**REQUIREMENT DESIGNATION** – This will tell you what area of Pathways General Education Requirements are satisfied by taking this class.

**DO01** – Indicates when the class is being offered and when it is scheduled to meet. In this example, the course is offered during the day (as opposed to the evening or weekend). Evening sections will begin with an E, weekend sections will begin with an S.

Please be sure to always refer to the most recent tuition bill that you received from the College and verify the building and room number, as sometimes buildings and rooms change from the time the Schedule of Classes is published or since you registered.

**SCLASS NUMBER 15925** – This is the class identification number, which is the unique identifying number assigned to each class. Section number is also known as the Course Registration Code. Be sure, when registering, that you have correctly entered the section number as the course registration code for the class you want to take. Otherwise, you will end up registered for the wrong class!

**T/T/TH 8:00 a.m. – 9:55 a.m, 3S-117.** – Day, time, and room number of the class. In this example Section 2480 meets in two different buildings both days but Section 2485 is in the same building both days but in two different rooms. Always double check class times and locations to make sure that they do not conflict with your personal schedule. Room numbers do occasionally change as well. Room changes appear on the Web at esims.cuny.edu or the CSI homepage at csi.cuny.edu.

**Bruce Eisenberg** – Knowing the name of the class instructor can be helpful. Other students who have taken the class can offer information and advice about particular professors. TBA is not a hardworking ubiquitous professor, but an abbreviation for “To Be Announced.” This simply means that the class instructor was not known when the schedule was printed.

**Frequently Asked Questions**

What’s the difference between a matriculated (degree) and a non-matriculated (non-degree) student?

A matriculated student is one who is enrolled and registered in a particular degree program (for example Biology). A non-matriculated student, though perhaps pursuing a degree or ultimately intending to pursue a degree, has not chosen a plan (major). Also, students simply taking classes, for purposes other than obtaining a degree, are non-matriculated.
What's the difference between “real” credits and equated credits?

Although most classes offer students the same number of “real” credits as equated credits, perhaps leading students to assume that they are always the same. However, in many instances, the “real” credits are not the same as the equated credits. Equated credits are the credits you pay for and that number also determines your full-time or part-time status. Please note that remedial courses worth four equated credits produce zero “real” credits. “Real” credits are only those that go toward your degree credit requirement. In other words, you pay for any equated credits you take, but only “real” credits count toward your degree requirement.

Grade Point Average (GPA)

The grade point average (GPA) is determined by dividing the total quality points earned by the total number of credits attempted. All credits for which the student is officially registered after the change of program period of each semester shall be considered “attempted credits,” except where the grades carry no penalty, (i.e., grades of W, WA, INC, AUD, and PEN.) For example:

Registration at CSI

Web-enhanced registration allows students a greater degree of flexibility and convenience. Registering via the Internet at your appointed time during Priority Registration is the best way to obtain a schedule that meets your
academic needs and accommodates your schedule. If you do not have access to the Internet or wish to register on campus, computers are available for student use in the Web Resource Center, located in building 2A, room 104. Please refer to the Registration Information link at http://www.csi.cuny.edu/registrar/registration.php4 for additional information. Students will be receiving updates about registration via their assigned CSI Email. Students for whom advisement is required must see their advisor before registering. Registration will be blocked without the approval of an advisor. The advisor or department staff must remove the advisement service indicator before you can register. Students for whom advisement is optional or not required may register without seeing an advisor.

CUNYFIRST offers more than just registration. Students may also view their schedules, grades, transcripts, bill status, search for open course sections, and view their assigned CSI Email addresses.

Parking Questions, Parking Answers

It may seem at times that there are only seven parking spots on the entire College campus, and of course, they’re all taken! But there are actually seven lots, and several other gravel parking fields, throughout campus, all with access to nearby academic buildings, or campus shuttle bus service. Since parking rules at College of Staten Island are strictly enforced, there are some items of information that students must know.

Rather than list all the information here however, the Office of Parking & DolphinCard Services has created an easily accessible and extremely thorough booklet that outlines parking DO’s and DON’Ts at CSI. Additional questions, such as parking rules, fees, safety, penalties, visitor parking, and disabled parking are addressed. This booklet is sure to clue you in to everything you ever wanted to know about parking at College of Staten Island. Students can pick up one of these booklets at the Office of Parking & DolphinCard Services or on the web at http://www.csi.cuny.edu/parking_services/pdf/parking.pdf.

Parking in Lot 6 may not be the closest to your classroom, however, consider this: how many times do you end up driving from lot to lot, circling around for 15 minutes or even 30 minutes all to “save” time by parking near your classroom? The fact is, securing a spot in lot 6, known as the Easy Parking lot may be the best and quickest way to get to class.

Parking Decals may be purchased by mail or at the Office of Parking & DolphinCard Services throughout the school year.

**Where should I park?**

**Park in lot 1 for:**

The mission of the Office of Diversity and Compliance (ODC) is to ensure compliance with all laws and CUNY policies that pertain to nondiscrimination, including sexual harassment and assault, the Americans with Disabilities Act, Section 504 of the Rehabilitation Act, and Title IX of the Education Amendments of 1972. This also includes overseeing recruitment efforts that promote affirmative action and comply with Equal Employment Opportunity Commission regulations.

In order to promote and maintain a respectful learning and working environment for the entire campus community, the ODC is charged with investigation and mediation concerning complaints of noncompliance with regard to discrimination on the basis of race, color, creed, national origin, ethnicity, ancestry, religion, age, sex (including sexual harassment, gender-based harassment and sexual violence), sexual orientation, gender, gender identity, marital status, partnership status, disability, genetic information, alienage, citizenship, military or veteran status, pregnancy, or status as a victim of domestic violence/stalking/sex offenses, or any other legally prohibited basis in accordance with federal, state and city laws.

The College is committed to addressing discrimination, including harassment and retaliation complaints promptly, consistently and objectively. Members of the College community – applicants, employees, and students – may promptly report any allegations of discrimination, including sexual harassment or retaliation to Danielle Dimitrov, Director of the Office of Diversity and Compliance/Chief Diversity Officer.

**Emergency Book Loan Program**

Student Government at CSI has designated funds to assist students in hardship that have completed the financial-aid process but will not receive their aid award in time for the purchase of books at the start of the semester.

For students who qualify, a book loan against the student’s financial aid is granted. Note this is a loan and must be fully repaid as soon as the aid award is distributed unless an alternative payment arrangement is made with the Office of the Vice President of Student Affairs.

Students can apply for an emergency book loan at the Office of the Vice President for Student Affairs (1A-301) Monday-Friday between the hours of 9am to 5pm.
CSI Food Pantry

In response to the growing food insecurity challenges that the College of Staten Island students are experiencing, the CSI Food Pantry opened its doors in the Spring of 2016. The Food Pantry offers healthy food selections to currently enrolled CSI students who may be experiencing hunger, so that they can focus on their academic studies. The food pantry, located in the Green Dolphin Lounge of the Campus Center (1C), is open several times a month for any currently enrolled CSI student with a valid CSI Dolphin Card. Students in need will also be able to make a confidential appointment to visit the pantry. Students will be provided with various nonperishable items from the food pantry. Students are encouraged to bring their own grocery bag or to reuse the grocery bag they are given upon their initial visit to the pantry. All information about applications to the food program will be kept strictly confidential. Faculty and staff are encouraged to refer students who express a need that could be addressed by using the CSI Food Pantry. For more information about the CSI Food Pantry or to make a confidential appointment, please contact the Office of Student Life at (718) 982-3088 or come by the Office of Student Life in the Campus Center, 1C-201.

March 31 is the priority deadline for applying for financial aid for the summer and fall. November 30 is the priority deadline for those starting college in the spring. Everyone must reapply each year. Meeting these deadlines allows the College to receive data from federal and state financial aid application processing centers with enough time to resolve any problems or to request and receive any necessary documents before payment is due for tuition and fees. Financial aid awards may thus be credited to the tuition and fees account and only the remaining balance, if any, will have to be paid by the due date.

Students file the Free Application for federal Student Aid (FAFSA) at www.fafsa.ed.gov. Within the online FAFSA application there is a link for New York State residents to access and file the TAP application online. Before applying for a Federal Direct Loan, students must file the FAFSA (and NYS residents should file the TAP application). Students applying for a loan at the College for the first time must also complete the Entrance Counseling and sign the electronic Multiple-year Promissory Note (eMPN); the eMPN is signed with the student’s Federal Student Aid (FSA) ID used for the FAFSA. Links to the Entrance Counseling and the eMPN are provided in the Federal Loans tab at www.csi.cuny.edu/finaid, where the CSI Direct Loan application is also available.

There are financial aid implications when students withdraw from one or more courses. Therefore, please consult a Financial Aid Counselor prior to any withdrawal. Additionally, students are expected to attend class in all courses for which they receive aid; eligibility will be recalculated to exclude any courses in which there is no evidence of attendance.

The Astrophysical Observatory at CSI has been officially recognized by the Minor Planet Center (MPC) commissioned by the International Astronomical Union (IAU) located at the Harvard-Smithsonian Astrophysical Observatory. The MPC regularly issues calls for positional data on asteroids whose orbits are weakly known, called critical asteroids, as well as data for asteroids that come near Earth, called unusual or NEO, Near Earth Objects (possible collisions with our planet!). The CSI observatory asteroid hunting and tracking program data collected at CSI and at remote observing sites is used by the MPC, in conjunction with data from other observatories worldwide, to refine orbital elements of asteroids. In other words, the most significant outcome of this effort is in the follow-up of newly discovered asteroids and keeping track of any NEO whose orbit is secured with follow-up astrometry that is done at CSI. The CSI Astrophysical Observatory uses a Meade 16” LX 200 Telescope that is computer-controlled. Research on asteroids is also done with very light-sensitive digital cameras and analysis programs. Research has been funded by NASA and NSF grants and provides funds to use robotic telescopes elsewhere in the world. The latter work has resulted in the discovery of eight new minor planets to date; and the tracking of hundreds of minor planets in our solar system. The observatory is used as a research facility for the new “Astrophysics focus” in the Physics B.S. degree. Students participate in the asteroid research program, as well as learning observing techniques and the use of equipment found in an observatory.

A public program for observing the heavens is carried out a few times monthly during the term. The observatory schedule is on the CSI Website (www.csi.cuny.edu), see Quick Links upper right for “Astrophysical Observatory”. Dressing warmly is important in cooler months. Call 1.718.982.3260 for information or if weather is doubtful. Call Professor Robbins for more details at (718) 982-2818.

STUDENT RIGHTS & RESPONSIBILITIES
AND COLLEGE POLICIES

CAMPUSS BEHAVIOR CODE: HENDERSON RULES

Rules and Regulations for the Maintenance of Public Order pursuant to Article 129 A of the Education Law

The tradition of the university as a sanctuary of academic freedom and center of informed discussion is an honored one, to be guarded vigilantly. The basic significance of that sanctuary lies in the protection of intellectual freedom: the rights of professors to teach, of scholars to engage in the advancement of knowledge, of students to learn and to express their views, free from external pressures or interference. These freedoms can nourish only in an atmosphere of mutual respect, civility, and trust among teachers and students, only when members of the university community are willing to accept self-restraint and reciprocity as the condition upon which they share in its intellectual autonomy.

Academic freedom and the sanctuary of the University campus extend to all who share these aims and responsibilities. They cannot be invoked by those who would subordinate intellectual freedom to political ends, or who violate the norms of conduct established to protect that freedom. Against such offenders the University has the right, and indeed the obligation, to defend itself. We accordingly announce the following rules and regulations to be in effect at each of our colleges which are to be administered in accordance with the requirements of due process as provided in the Bylaws of the Board of Higher Education.

With respect to enforcement of these rules and regulations we note that the Bylaws of the Board of Higher Education provide that:

“THE PRESIDENT. The president, with respect to his educational unit, shall:

a. Have the affirmative responsibility of conserving and enhancing the educational standards of the college and schools under his jurisdiction;

b. Be the advisor and executive agent of the Board and of his respective College Committee and as such shall have the immediate supervision with full discretionary power in carrying into effect the
Bylaws, resolutions and policies of the Board, the lawful resolutions of the several faculties;
c. Exercise general superintending over the concerns, officers, employees and students of his educational
unit.”

I. Rules:

1. A member of the academic community shall not intentionally obstruct and/or forcibly prevent
others from the exercise of their rights. Nor shall he interfere with the institution's educational
processes or facilities, or the rights of those who wish to avail themselves of any of the institution's
instructional, personal, administrative, recreational, and community services.

2. Individuals are liable for failure to comply with lawful directions issued by representatives of the
University/college when they are acting in their official capacities. Members of the academic
community are required to show their identification cards when requested to do so by an official of
the college.

3. Unauthorized occupancy of University/college facilities or blocking access to or from such areas
is prohibited. Permission from appropriate college authorities must be obtained for removal,
relocation and use of University/college equipment and/or supplies.

4. Theft from or damage to University/college premises or property, or theft of or damage to property
of any person on University/college premises is prohibited.

5. Each member of the academic community or an invited guest has the right to advocate his
position without having to fear abuse, physical, verbal, or otherwise from others supporting
conflicting points of view. Members of the academic community and other persons on the college
grounds shall not use language or take actions reasonably likely to provoke or encourage physical
violence by demonstrators, those demonstrated against, or spectators.

6. Action may be taken against any and all persons who have no legitimate reason for their
presence on any campus within the University/college or whose presence on any such campus
obstructs and/or forcibly prevents others from the exercise of their rights or interferes with the
institution's educational processes or facilities, or the rights of those who wish to avail themselves of
any of the institution's instructional, personal, administrative, recreational, and community services.

7. Disorderly or indecent conduct on University/college owned or controlled property is prohibited.

8. No individual shall have in his possession a rifle, shotgun or firearm or knowingly have in
his possession any other dangerous instrument or material that can be used to inflict bodily
harm on an individual or damage upon a building or the grounds of the University/college
without the written authorization of such educational institution. Nor shall any individual have in
his possession any other instrument or material which can be used and is intended to inflict bodily
harm on an individual or damage upon a building or the grounds of the University/college.

9. Any action or situation which recklessly or intentionally endangers mental or physical health or
involves the forced consumption of liquor or drugs for the purpose of initiation into or affiliation
with any organization is prohibited.

10. The unlawful manufacture, distribution, dispensation, possession, or use of illegal drugs or other
controlled substances by University students or employees on University/college premises, or
as part of any University/college activities is prohibited. Employees of the University must also
notify the College Personnel Director of any criminal drug statute conviction for a violation
occurring in the workplace not later than five days after such conviction.

11. The unlawful possession, use, or distribution of alcohol by students or employees on University/
college premises or as part of any University/college activities is prohibited.

II. Penalties:

1. Any student engaging in any manner in conduct prohibited under substantive Rules 1-11 shall
be subject to the following range of sanctions as hereafter defined in the attached Appendix:
admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, ejection,

policies, regulations, and orders of the college.

Such laws, bylaws, resolutions, policies, rules, regulations and orders shall, of course, be limited by the right of students to the freedoms of speech, press, assembly and petition as construed by the courts.

SECTION 15.2. STUDENT ORGANIZATIONS.

a. Any group of students may form an organization, association, club or chapter by filing with the duly elected student government organization of the college or school at which they are enrolled or in attendance and with an officer to be designated by the chief student affairs officer of the college or school at which they are enrolled or in attendance (1) the name and purposes of the organization, association, club or chapter, (2) the names and addresses of its president and secretary or other officers corresponding in function to president and secretary.

The board recognizes that students have rights to free expression and association. At the same time, the board strongly believes that respect for all members of the university's diverse community is an essential attribute of a great university.

b. Extra-curricular activities at each college or school shall be regulated by the duly elected student government organization to insure the effective conduct of such college or school as an institution of higher learning and for the prevention of activities which are hereafter proscribed or which violate the standards of conduct of the character set forth in bylaw 15.1. Such powers shall include:

1. The power to charter or otherwise authorize teams (excluding intercollegiate athletics), publications, organizations, associations, clubs or chapters, and, when appropriate in the exercise of such regulatory power, the power to refuse, suspend or revoke any charter or other authorization for cause after hearing on notice.

2. The power to delegate responsibility for the effective implementation of its regulatory functions hereunder to any officer or committee which it may appoint.

c. 1. Any person or organization affiliated with the college may file a complaint with the chief student affairs officer if there is reason to believe that a student organization has violated any of the standards of conduct set forth in section 15.1 above. The chief student affairs officer shall promptly notify the affected organization, investigate any complaint and report the results of that investigation along with a recommendation for appropriate action to the complainant and the student government which shall take action as it deems appropriate, except that in the case of a complaint against the student government itself, the chief student affairs officer shall report the results of the investigation and the recommendation for appropriate action directly to the president.

2. The complainant or any student organization adversely affected pursuant to paragraph c (1) above may appeal to the president. The president may take such action as he or she deems appropriate, and such action shall be final.

d. Each college shall establish a student elections review committee in consultation with the various student governments. The student elections review committee shall approve the election procedures and certify the results of elections for student governments, and student body referenda. Decisions of the student elections review committee may be appealed to the college president, whose decision shall be final. An appeal from the decision of the student elections review committee must be made in writing to the President within ten (10) calendar days of the decision. The President shall consult with the student elections review committee and render a decision as expeditiously as possible which may affirm, reverse, or modify the decision of the student elections review committee.

e. Student government elections shall be scheduled and conducted, and newly elected student governments shall take office, in accordance with policies of the board, and implementing regulations.

SECTION 15.3. THE UNIVERSITY STUDENT SENATE.

There shall be a university student senate responsible, subject to the board of trustees, for the formulation of university-wide student policy relating to the academic status, role, rights and freedoms of the student. The authority and duties of the university student senate shall not extend to areas of interest which fall exclusively within the domain of the student governments of the constituent units of the university. Consistent with the authority of the board of trustees in accordance with the education law and the bylaws of the board of trustees, the university student senate shall make its own bylaws providing for the election of its own officers, the establishment of its own rules and procedures, for its internal administration and for such other matters as is necessary for its existence. The university student senate shall have the full rights and responsibilities accorded student organizations as provided in these bylaws. The delegates and alternate delegates to the university student senate shall be elected by their respective constituencies, or by their student governments from the elected members of
the respective student governments.

SECTION 15.4. STUDENT DISCIPLINARY PROCEDURES.

Complaint Procedures:

a. A University student, employee, visitor, organization or department who/which believes she/he/it is the victim of a student’s misconduct (hereinafter “complainant”) may make a charge, accusation, or allegation against a student (hereinafter “respondent”) which if proved, may subject the respondent to disciplinary action. Such charge, accusation, or allegation must be communicated to the chief student affairs officer of the college the respondent attends.

b. The chief student affairs officer of the college or her or his designee shall conduct a preliminary investigation in order to determine whether disciplinary charges should be preferred. The chief student affairs officer or her or his designee shall advise the respondent of the allegation against her or him, explain to the respondent and the complainant their rights, consult with other parties who may be involved or who have information regarding the incident, and review other relevant evidence. The preliminary investigation shall be concluded within thirty (30) calendar days of the filing of the complaint, unless:

   (i) said complaint involves two or more complainants or respondents; or
   (ii) said complaint involves a matter that is also under investigation by law enforcement authorities. In those cases, the preliminary investigation shall be completed within sixty (60) calendar days. Further, if the matter has been previously investigated pursuant to the Board of Trustees Policy Against Sex-Based Harassment and Sexual Violence, the chief student affairs officer shall dispense with a preliminary investigation and rely on the report completed by the Title IX Coordinator. Following the completion of the preliminary investigation, the chief student affairs officer or designee shall take one of the following actions:

   (i) Dismiss the matter if there is no basis for the allegation(s) or the allegation(s) does not warrant disciplinary action. The individuals involved shall be notified that the complaint has been dismissed;
   (ii) Refer the matter to mediation (except in cases involving allegations of sexual assault, stalking or other forms of sexual violence); or
   (iii) Prefer formal disciplinary charges.

c. In the event that a respondent withdraws from the college after a charge, accusation or allegation against a respondent has been made, and the college prefers formal disciplinary charges, the respondent is required to participate in the disciplinary hearing or otherwise to resolve the pending charges and shall be barred from attending any other unit of the university until a decision on the charges is made or the charges are otherwise resolved. If the respondent fails to appear the college may proceed with the disciplinary hearing in absentia, and any decision and sanction shall be binding.

Mediation Conference:

d. The college may offer the respondent and the complainant the opportunity to participate in a mediation conference prior to the time the disciplinary hearing takes place in an effort to resolve the matter by mutual agreement (except in cases involving sexual assault, stalking and other forms of sexual violence). The conference shall be conducted by a qualified staff or faculty member designated by the chief student affairs officer. The following procedures shall be in effect at this conference:

   1. An effort shall be made to resolve the matter by mutual agreement.
   2. If an agreement is reached, the faculty or staff member conducting the conference shall report her his recommendation to the chief student affairs officer for approval and, if approved, the complainant and the respondent shall be notified, and a written memorandum shall be created memorializing the resolution and any consequences for non-compliance.
   3. If no agreement is reached within a reasonable time, or if the respondent fails to appear, the faculty or staff member conducting the conference shall refer the matter back to the chief student affairs officer who may prefer disciplinary charges.
   4. The faculty or staff member conducting the mediation conference is precluded from testifying at a college hearing regarding information received during the mediation conference, or presenting the case on behalf of the college.

Notice of Hearing and Charges, and Pre-Hearing Document Inspection:

e. Notice of the charge(s) and of the time and place of the hearing shall be personally delivered to the respondent, or sent by certified or overnight mail and email to the respondent’s CUNY-assigned email address. Notice shall also be sent in a similar manner to the complainant to the extent the charges relate to her/him/it. The chief student affairs officer is also encouraged to send the notice of charges
to any other e-mail address that he or she may have for the respondent and the complainant. The hearing shall be scheduled within a reasonable time following the filing of the charges or the mediation conference. Notice of at least seven (7) calendar days shall be given to the respondent in advance of the hearing unless the respondent consents to an earlier hearing. The respondent is permitted one (1) adjournment as of right. Additional requests for an adjournment must be made at least five (5) calendar days prior to the hearing date, and shall be granted or denied at the discretion of the chairperson of the faculty-student disciplinary committee. If the respondent fails to respond to the notice, appear on the adjourned date, or request an extension, the college may proceed in absentia, and any decision and sanction shall be binding.

f. The notice shall contain the following:

1. A complete and itemized statement of the charge(s) being brought against the respondent including the rule, bylaw or regulation she/he is charged with violating, and the possible penalties for such violation.

2. A statement that the respondent and the complainant have the right to attend and participate fully in the hearing including the right:
   (i) to present their side of the story;
   (ii) to present witnesses and evidence on their behalf;
   (iii) to cross-examine witnesses presenting evidence;
   (iv) to remain silent without assumption of guilt; and
   (iv) to be represented by an advisor or legal counsel at their expense; if the respondent or the complainant request it, the college shall assist in finding a legal counsel or advisor.

3. A warning that anything the respondent says may be used against her/him at a non-college hearing.

4. At least five (5) calendar days prior to the commencement of a student disciplinary hearing, the college shall provide the respondent and the complainant and/or their designated representative, with similar and timely access to review any documents or other tangible evidence that the college intends to use at the disciplinary hearing, consistent with the restrictions imposed by Family Education Rights and Privacy Act (“FERPA”). Should the college seek to introduce additional documents or other tangible evidence during, or some time prior to, the disciplinary hearing, the respondent and the complainant shall be afforded the opportunity to review the additional documents or tangible evidence. If during the hearing the respondent submits documentary evidence, the chairperson may, at the request of either the college or the complainant, direct the respondent to produce such other documents as may be necessary in the interest of fairness.

Emergency Suspension:

g. The president or her/his designee may in emergency or extraordinary circumstances, temporarily suspend a student pending an early hearing as provided in this bylaw section 15.4. to take place within not more than twelve (12) calendar days, unless the student requests an adjournment. Such suspension shall be for conduct which impedes, obstructs, impairs or interferes with the orderly and continuous administration and operation of any college, school, or unit of the university in the use of its facilities or in the achievement of its purposes as an educational institution. Prior to the commencement of a temporary suspension of a student, the college shall give the student oral notice (which shall be confirmed via email to the address appearing on the records of the college) or written notice of the charges against her/him and, if she/he denies them, the college shall forthwith give the student an informal oral explanation of the evidence supporting the charges and the student may present informally her/his explanation or theory of the matter. When a student’s presence poses a continuing danger to person or property or an ongoing threat of disrupting the academic process, notice and opportunity for denial and explanation may follow suspension, but shall be given as soon as feasible thereafter. The complainant shall be notified in the event that an emergency suspension is imposed against a student, and/or when the suspension is subsequently lifted to the extent that the suspension involves the complainant in the same manner notice is given to the student.

Faculty-Student Disciplinary Committee Structure:

h. Each faculty-student disciplinary committee shall consist of two (2) faculty members or one (1) faculty member and one (1) member of the Higher Education Officer series (HEO), and two (2) student members and a chairperson, who shall be a faculty member. A quorum shall consist of the chairperson and any two (2) members, one of whom must be a student. Hearings shall be scheduled promptly (including during the
The Gazetteer

1. The president shall select in consultation with the head of the appropriate campus governance body or where the president is the head of the governance body, its executive committee, three (3) members of the faculty of that college to receive training and to serve in rotation as chairperson of the disciplinary committee. The following schools shall be required to select two (2) chairpersons: CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY School of Journalism. If none of the chairpersons appointed from the campus can serve, the president, at her/his discretion, may request that a chairperson be selected by lottery from the entire group of chairpersons appointed by other colleges. The chairperson shall preside at all meetings of the faculty-student disciplinary committee and decide and make all rulings for the committee. She/he shall not be a voting member of the committee but shall vote in the event of a tie.

j. The faculty members shall be selected by lot from a panel of six (6) elected biennially by the appropriate faculty body from among the persons having faculty rank or faculty status. CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY School of Journalism shall be required to select four (4) faculty members. The HEO members shall be selected by lot from a panel of six (6) HEO appointed biennially by the president. CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY School of Journalism shall be required to select four (4) HEO’s. The student members shall be selected by lot from a panel of six (6) elected annually in an election in which all students registered at the college shall be eligible to vote. CUNY School of Law, Guttman Community College, CUNY School of Professional Studies, and the CUNY School of Journalism shall be required to select four (4) students. In the event that the student or faculty panel or both are not elected, or if more panel members are needed, the president shall have the duty to select the panel or panels which have not been elected. No individuals on the panel shall serve on the panel for more than four (4) consecutive years. Notwithstanding the above, in cases of sexual assault, stalking and other forms of sexual violence, the president shall designate one (1) chairperson, two (2) faculty/HEO members, and two (2) students, who shall be specially trained, and who shall constitute the faculty-student disciplinary committee in all such cases.

k. In the event that the chairperson cannot continue, the president shall appoint another chairperson. In the event that a seat becomes vacant and it is necessary to fill the seat to continue the hearing, the seat shall be filled from the respective faculty, HEO, or student panel by lottery.

l. Each academic year, the chief student affairs officer, and her or his designee, shall appoint/identify one or more college employees to serve as presenters for the hearings. This list shall be forwarded to the Office of the Vice Chancellor for Student Affairs, and the Office of the General Counsel and Sr. Vice Chancellor for Legal Affairs prior to the first day of the academic year.

m. Persons who are to be participants in the hearings as witnesses or have been involved in preferring the charges or who may participate in the appeals procedures or any other person having a direct interest in the outcome of the hearing shall be disqualified from serving on the committee.

Faculty-Student Disciplinary Committee Procedures:

n. The following procedures shall apply at the hearing before the faculty-student disciplinary committee:

1. The chairperson shall preside at the hearing. The chairperson shall inform the respondent of the charges, the hearing procedures and her or his rights.

2. All faculty student disciplinary committee hearings are closed hearings, but the respondent has the right to request an open public hearing. However, the chairperson has the right to deny the request and hold a closed hearing when an open public hearing would adversely affect and be disruptive to the committee’s normal operations, or when the complainant in a case involving allegations of sexual assault, stalking, or other forms of sexual violence requests a closed hearing. In the event of an open hearing, the respondent must sign a written waiver acknowledging that those present will hear the evidence introduced at the hearing.

3. After informing the respondent of the charges, the hearing procedures, and her or his rights, the chairperson shall ask the respondent to respond. If the respondent admits the conduct charged, the respondent shall be given an opportunity to explain her/his actions before the committee and the college shall be given an opportunity to respond and present evidence regarding the appropriate penalty. If the respondent denies the conduct charged, the college shall present its case. At the conclusion of the college’s case, the respondent may move to dismiss the charges. If the motion
is denied by the committee, the respondent shall be given an opportunity to present her or his defense.

4. Prior to accepting testimony at the hearing, the chairperson shall rule on any motions questioning the impartiality of any committee member or the adequacy of the notice of the charge(s). Subsequent thereto, the chairperson may rule on the admissibility of the evidence and may exclude irrelevant, unreliable or unduly repetitive evidence. In addition, if either party wishes to question the impartiality of a committee member on the basis of evidence which was not previously available at the inception of the hearing, the chairperson may rule on such a motion. The chairperson shall exclude from the hearing room all persons who are to appear as witnesses, except the respondent and the complainant.

5. The college shall make a record of each fact-finding hearing by some means such as a stenographic transcript, an audio recording or the equivalent. The college must assign a staff member for each hearing, with the sole responsibility of ensuring that the hearing is recorded in its entirety. No other recording of the proceedings may be permitted. A respondent who has been found to have committed the conduct charged after a hearing is entitled upon request to a copy of such a record without cost upon the condition that it is not to be disseminated except to the respondent’s representative or attorney. In the event of an appeal, both the respondent and the complainant are entitled upon request to a copy of such a record without cost, upon the condition that it is not to be disseminated except to their representatives or attorneys.

6. The college bears the burden of proving the charge(s) by a preponderance of the evidence.

7. The role of the faculty-student disciplinary committee is to listen to the testimony, ask questions of the witnesses, review the testimony and evidence presented at the hearing and the papers filed by the parties and render a determination. In the event the respondent is found to have committed the conduct charged, the committee shall then determine the penalty to be imposed.

8. The college, the respondent and the complainant are permitted to have lawyers or other representatives act on their behalf during the pendency of a disciplinary action, which shall include the calling and examining of witnesses, and presenting other evidence. Any party intending to appear with an attorney shall give the other party 5 (five) calendar days’ notice of such representation.

9. The chairperson of the faculty-student disciplinary committee retains discretion to limit the number of witnesses and the time of testimony for the presentations by any party and/or their representative.

10. In the event that the respondent is charged with a sexual assault, stalking or other forms of sexual violence, neither the respondent nor the complainant shall be permitted to cross-examine the other directly. Rather, if they wish to, the respondent and the complainant may cross-examine each other only through a representative. If either or both of them do not have a representative, the college shall work with them to find a representative to conduct such cross-examination. In the alternative, either party may provide written questions to the chairperson to be posed to the witness.

11. At the end of the presentations, the respondent and the complainant may introduce individual character references. The college may introduce a copy of the respondent’s previous disciplinary record, including records from any CUNY institution the respondent has attended, where applicable, provided the respondent was shown a copy of the record prior to the commencement of the hearing. The previous disciplinary record shall be submitted to the committee in a sealed envelope, bearing the respondent’s signature across the seal, and shall only be opened if the respondent has been found to have committed the conduct charged. The previous disciplinary records, as well as documents and character evidence introduced by the respondent, the complainant, and the college shall be opened and used by the committee for dispositional purposes, i.e., to determine an appropriate penalty if the charges are sustained.

12. The committee shall deliberate in closed session. The committee shall issue a written decision, which shall be based solely on the testimony and evidence presented at the hearing and the papers filed by the parties.

13. The respondent shall be sent a copy of the faculty-student disciplinary committee’s decision within seven (7) calendar days of the conclusion of the hearing, by regular mail and e-mail to the address appearing on the records of the college. In cases involving two or more complainants or respondents, the respondent shall be sent a copy of faculty-student disciplinary committee’s decision within fourteen (14) calendar days of the conclusion of the hearing. The chief student affairs officer is also encouraged to send the decision to any other e-mail address that he or she may have for the
respondent. The decision shall be final subject to any appeal. In cases involving a crime of violence or a non-forcible sex offense, as set forth in FERPA, the complainant shall simultaneously receive notice of the outcome of the faculty-student disciplinary committee's decision as it relates to the offense(s) committed against the complainant, in the same manner as notice is given to the respondent.

14. When a disciplinary hearing results in a penalty of dismissal or suspension for one term or more, the decision is a university-wide penalty and the respondent shall be barred from admission to, or attendance at, any other unit of the university while the penalty is being served.

15. Disciplinary penalties shall be placed on a respondent's transcript unless a mediation agreement, the committee's decision, or the decision on any appeal under section 15.4(o) below, expressly indicate otherwise. For all undergraduate students, a penalty other than suspension or expulsion shall be removed from the respondent's transcript upon the request of the respondent after at least four (4) years have elapsed since the penalty was completed, unless the respondent has been found to have committed a subsequent violation pursuant to this Article. The chief student affairs officer shall be responsible for having any penalty removed from a student's transcript as provided above.

Appeals.

o. A respondent or a complainant may appeal a decision of the faculty-student disciplinary committee to the president on the following grounds: (i) procedural error, (ii) newly discovered evidence that was not reasonably available at the time of the hearing, or (iii) the disproportionate nature of the penalty. The president may remand for a new hearing or may modify the penalty either by decreasing it (on an appeal by the respondent) or increasing it (on an appeal by the complainant). If the president is a party to the dispute, her/his functions with respect to an appeal shall be discharged by an official of the university to be appointed by the chancellor or her or his designee. If the penalty after appeal to the president is one of dismissal or suspension for one term or more, a respondent or a complainant may appeal to the board committee on student affairs and special programs. The board may dispose of the appeal in the same manner as the president.

p. An appeal under this section shall be made in writing within fifteen (15) calendar days after the delivery of the decision appealed from. This requirement may be waived in a particular case for good cause by the president or the board committee as the case may be. Within three (3) calendar days of the receipt of any appeal, either to the president or the board committee on student affairs and special programs, the appealing party shall be sent a written notice of the other party's appeal. In addition, the respondent and/or the complainant shall have the opportunity to submit a written opposition to the other party's appeal within fifteen (15) calendar days of the delivery of the notice of receipt of such appeal.

q. The president shall decide and issue a decision within fifteen (15) calendar days of receiving the appeal or within fifteen (15) calendar days of receiving papers in opposition to the appeal, whichever is longer. The board committee shall decide and issue a decision within five (5) calendar days of the meeting at which it hears the appeal.

SECTION 15.5. ACTION BY THE BOARD OF TRUSTEES.

Notwithstanding the foregoing provisions of this article, the board of trustees reserves full power to suspend or take other appropriate action against a student or a student organization for conduct which impedes, obstructs, or interferes with the orderly and continuous administration and operation of any college, school, or units of the university in the use of its facilities or in the achievement of its purposes as an educational institution in accordance with procedures established by the board of trustees.

Student government fees shall be allocated by the duly elected student government, or each student government where more than one duly elected student government exists, for its own use and for the use of student organizations, as specified in section 15.2. of these Bylaws, provided, however, that the allocation is based on a budget approved by the duly elected student government after notice and hearing, subject to the review of the college association. Where more than one duly elected student government exists, the college association shall apportion the student government fees to each student government in direct proportion to the amount collected from members of each student government.

Section 16.5. College Association.

a. The college association shall have responsibility for the supervision and review over college student activity fee supported budgets. All budgets of college student activity fees, except where earmarked by the board to be allocated by another body, should be developed by a college association budget committee and recommended to the college association for review by the college association prior to expenditure. The college association shall review all college student activity fees, including student government fee allocations and expenditures for conformance with the expenditures categories defined in Section 16.2. of this article, and the college association shall disapprove any allocation or expenditure it finds does not so conform, or is inappropriate, improper, or inequitable.

2. The college association structure provides a budget committee composed of members of the governing board, at least a majority of who are students, selected in accordance with section 16.5.(b)(1)(i) of these Bylaws. The budget committee shall be empowered to receive and review student activity fee budget requests and to develop a budget subject to the review of the college association. The college association may choose to not approve the budget or portions of the
budget if in their opinion such items are inappropriate, improper, or inequitable. The budget shall be returned to the budget committee with the specific concerns of the college association noted for further deliberation by the budget committee and subsequently resubmitted to the college association. If the budget is not approved within thirty (30) days those portions of the budget voted upon and approved by the college association board will be allocated. All funds for the support of student activities are to be disbursed only in accordance with approved budgets and be based on written documentation. A requisition for disbursement of funds must contain two signatures; one, the signature of a person with responsibility for the program; the other, the signature of an approved representative of the allocating body.

Section 16.7. Revenues.

All revenues generated by student activities funded through student activity fees shall be placed in a college central depository subject to the control of the allocating body. The application of such revenues to the account of the income generating organization shall require the specific authorization of the allocating body.

The chancellor or his/her designee shall promulgate regulations in a fiscal accountability handbook, to regulate all aspects of the collection, deposit, financial disclosure, accounting procedures, financial payments, documentation, contracts, travel vouchers, investments, and surpluses of student activity fees and all other procedural and documentary aspects necessary, as determined by the chancellor or his/her designee to protect the integrity and accountability of all student activity fee funds.

3. The faculty members are appointed by the college president from a panel whose size is twice the number of seats to be filled, and the panel is elected by the appropriate college faculty governance body.

4. The student members are the student government president(s) and other elected students, and the student seats are allocated on a basis which will provide representation to each government, where more than one exists, as nearly as practicable, in proportion to the student enrollment by head counter from the respective constituencies.

5. The auxiliary enterprise board structure provides for a budget and contract committee composed
of a combined total of faculty and administrative members that is one more than the number of student members. The budget and contract committee shall be empowered to develop all contract and budget allocation proposals subject to the review and approval of the auxiliary enterprise board.

6. The governing documents of the auxiliary enterprise board have been reviewed by the board’s general counsel and approved by the board.

Section 16.11. The Review Authority of College Presidents over Student Activity Fee Allocating Bodies and Auxiliary Enterprise Boards.

a. The president of the college shall have the authority to disapprove any student activity fee, including student government fee, or auxiliary enterprise allocation or expenditure, which in his or her opinion contravenes the laws of the city, state, or nation or any Bylaw or policy of the university or any policy, regulation, or order of the college. If the college president chooses to disapprove an allocation or expenditure, he or she shall consult with the general counsel and vice chancellor for legal affairs and thereafter communicate his/her decision to the allocating body or auxiliary enterprise board.

b. The president of the college shall have the authority to suspend and send back for further review any student activity fee, including student government fee, allocation or expenditure which in his or her opinion is not within the expenditure categories defined in section 16.2. of this article. The college association shall, within ten (10) days of receiving a proposed allocation or expenditure for further review, study it and make a recommendation to the president with respect to it. The college president shall thereafter consider the recommendation, shall consult with the general counsel and vice chancellor for legal affairs, and thereafter communicate his/her final decision to the allocating body as to whether the allocation or expenditure is disapproved.

c. The chancellor of his/her designee shall have the same review authority with respect to university student activity fees that the college president has with respect to college student activity fees.

d. All disapprovals exercised under this section shall be filed with the general counsel and vice chancellor for legal affairs.

e. Recipients of extramural student activity fees shall present an annual report to the chancellor for the appropriate board committee detailing the activities, benefits and finances of the extramural body as they pertain to the colleges where students are paying an extramural fee.

Section 16.12. Referenda.

1. A referendum proposing changes in the student activity fee shall be initiated by a petition of at least ten (10) percent of the appropriate student body and voted upon in conjunction with student government elections.

a. Where a referendum seeks to earmark student activity fees for a specific purpose or organization without changing the total student activity fee, the results of the referendum shall be sent to the college association for implementation.

b. Where a referendum seeks to earmark student activity fees for a specific purpose or organization by changing the total student activity fee, the results of such referendum shall be sent to the board by the president of the college together with his/her recommendation.

c. At the initiation of a petition of at least ten (10) percent of the appropriate student body, the college president may schedule a student referendum at a convenient time other than in conjunction with student government elections.

d. Where the referendum seeks to affect the use or amount of student activity fees in the college purposes fund, the results of the referendum shall be sent to the board by the college president together with his/her recommendation.

a. The college president shall be responsible for the full disclosure to each of the student government of the college of all financial information with respect to student activity fees.

b. The student government shall be responsible for the full disclosure to their constituents of all financial information with respect to student government fees.

c. The student activity fee allocating bodies shall be responsible for the full disclosure of all financial information to its membership, to the college and to the student governments with respect to all of
THE GAZETTEER

its activities.

d. The auxiliary enterprise board shall be responsible for the full disclosure of all financial information
to its membership, to the college and to the student governments with respect to auxiliary
enterprises.

e. For purposes of the foregoing paragraphs, full disclosure shall mean the presentation each
semester of written financial statements which shall include, but need not be limited to, the source
of all fee income by constituency, income from other sources creditable to student activity fee
accounts, disbursements, transfers, past reserves, surplus accounts, contingency and stabilization
funds. Certified independent audits performed by a public auditing firm shall be conducted at least
once each year.

The payment of stipends to student leaders is permitted only within those time limits and amounts
authorized by the board.

*For graduate students at the graduate division, the president of the graduate division shall, insofar as practicable, establish procedures, consistent
with this article and implement provisions thereof. The sections on student activity fees shall apply to the graduate division;

** Throughout these Bylaws in any college or unit where the title “dean of students” does not exist, the same shall refer to the officer performing
the functions which would otherwise be performed by a dean of students.

POLICY ON SEXUAL MISCONDUCT

Danielle Dimitrov is CSI’s Title IX Coordinator and is responsible for compliance with Title IX of the
Education Amendments of 1972, which prohibits sex discrimination, including sexual harassment, gender-based
harassment and sexual violence, in education programs. The Title IX Coordinator has overall responsibility for
implementing this policy, including overseeing the investigation of complaints at CSI and carrying out the other
functions of that position set forth in this policy. She can be reached by phone: 718.982.2250 or by email:
danielle.dimitrov@csi.cuny.edu. Additional resources regarding combating sexual assault and other unwelcome
sexual behavior can be found online here: http://www1.cuny.edu/sites/title-ix/campus/college-of-staten-island/

Every member of The City University of New York community, including students, employees and visitors,
deserves the opportunity to live, learn and work free from sexual harassment, gender-based harassment and
sexual violence. Accordingly, CUNY is committed to: 1) Defining conduct that constitutes prohibited sexual
harassment, gender-based harassment and sexual violence; 2) Providing clear guidelines for students, employees
and visitors on how to report incidents of sexual harassment, gender-based harassment and sexual violence and
a commitment that any complaints will be handled respectfully; 3) Promptly responding to and investigating
allegations of sexual harassment, gender-based harassment and sexual violence, pursuing disciplinary action when
appropriate, referring the incident to local law enforcement when appropriate, and taking action to investigate
and address any allegations of retaliation; 4) Providing ongoing assistance and support to students and employees
who make allegations of sexual harassment, gender-based harassment and sexual violence; 5) Providing awareness
and prevention information on sexual harassment, gender-based harassment and sexual violence, including widely
disseminating this policy, and implementing training and educational programs on sexual harassment, gender-
based harassment and sexual violence to college constituencies; and 6) Gathering and analyzing information and
data that will be reviewed in order to improve safety, reporting, responsiveness and the resolution of incidents.

Prohibited Conduct

A. Sexual Harassment, Gender-Based Harassment and Sexual Violence. This policy prohibits sexual
harassment, gender-based harassment and sexual violence against any CUNY student, employee or visitor. Sexual
harassment includes unwelcome conduct of a sexual nature, such as unwelcome sexual advances, requests for sexual
favors, and other verbal, nonverbal, graphic and electronic communications or physical conduct that is sufficiently
serious to adversely affect an individual’s participation in employment, education or other CUNY activities.

Gender-based harassment is unwelcome conduct of a nonsexual nature based on an individual’s actual or perceived
sex, including conduct based on gender identity, gender expression, and nonconformity with gender stereotypes
that is sufficiently serious to adversely affect an individual’s participation in employment, education or other
CUNY activities. Sexual violence is an umbrella term that includes sexual assault, such as rape/attempted rape,
criminal sexual act, forcible touching, and sexual abuse. If of a sexual nature, stalking/cyberstalking (hereinafter
"stalking") and dating, domestic and intimate partner violence may also constitute sexual harassment, gender-based
harassment or sexual violence.

B. Retaliation. This policy prohibits retaliation against any person who reports sexual harassment, gender-
based harassment or sexual violence, assists someone making such a report, or participates in any manner in an
investigation or resolution of a sexual harassment, gender-based harassment or sexual violence complaint.
C. Certain Intimate Relationships. This policy also prohibits certain intimate relationships when they occur between a faculty member or employee and any student for whom he or she has a professional responsibility. Amorous, dating or sexual activity or relationships (“intimate relationships”), even when apparently consensual, are inappropriate when they occur between a faculty member or employee and any student for whom he or she has a professional responsibility. Those relationships are inappropriate because of the unequal power dynamic between students and faculty members and between students and employees who advise or evaluate them, such as athletic coaches or workplace supervisors.

AFFIRMATIVE CONSENT

Consent is a knowing, informed, voluntary and mutual decision to engage in agreed upon sexual activity. Consent can be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or failure to resist does not, in and of itself, demonstrate consent. The definition of consent does not vary based upon a participant’s sex, sexual orientation, gender identity or gender expression.

Consent can be withdrawn at any time. Past consent to sexual activity between individuals does not constitute consent to subsequent sexual activity between those individuals, and consent to one form of sexual activity does not necessarily imply consent to other forms of sexual activity. Whether one party to sexual activity is in a position of authority or influence over the other party is a relevant factor in determining consent.

In order to give affirmative consent, one must be of legal age (17 years or older) and not mentally or physically incapacitated, or physically helpless, unconscious or asleep. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs or other intoxicants may be incapacitated and therefore unable to consent. Consent is not valid if it is the result of coercion, intimidation, force or threat of harm.

Immediate Assistance in Cases of Sexual Violence

Reporting to Law Enforcement

Students or employees who experience any form of sexual violence on or off-campus (including CUNY-sponsored trips and events) and visitors who experience sexual violence on a CUNY campus are strongly encouraged to immediately report the incident by calling 911, contacting their local police precinct, or contacting their college public safety office – 718.982.2111 (Building 2A, Room 108) available 24/7.

Obtaining Immediate Medical Attention and Emotional Support

CUNY and CSI are committed to assisting anyone who experiences sexual violence to seek comprehensive medical attention as soon as possible to treat injuries, obtain preventative treatment for sexually transmitted diseases, and preserve evidence, among other things (CSI Health Center, 718.982.3045; 1C-112).

On-campus resources include nurses and/or nurse practitioners at campus health offices and counselors at campus counseling centers. Counselors are trained to provide crisis intervention and provide referrals for longer-term care as necessary. (CSI Counseling Center, 718.982.2391; 1A-109).

Reporting Sexual Harassment, Gender-Based Harassment or Sexual Violence to the College

We encourage individuals who have experienced sexual harassment, gender-based harassment or sexual violence (referred to in this policy as “complainants”) to report the incident(s) to campus authorities, even if they have reported the incident to outside law enforcement, and regardless of whether the incident took place on or off-campus. Such reporting will enable complainants to get the support they need, and provide the college with the information it needs to take appropriate action. However, individuals should be aware that there are employees at their college/unit whom they can speak with on a strictly confidential basis before determining whether to make a report to college authorities.

Students may contact the:
- Title IX Coordinator (Danielle Dimitrov, danielle.dimitrov@csi.cuny.edu; (718) 982-2250; 1A-103); OR
- Director of Public Safety (Robert Wilson; robert.wilson@csi.cuny.edu; (718) 982-2111; 2A-108); OR
- Chief Student Affairs Officer (Jennifer S. Borrero; jennifer.borrero@csi.cuny.edu; (718) 982-2379; 1A-201) in addition to the Title IX Coordinator or Director of Public Safety.

CONFIDENTIALITY

After a report of an alleged incident of sexual harassment, gender-based harassment or sexual violence has been made to the Title IX Coordinator, a complainant may request that the matter be investigated without her/his identity or any details regarding the incident being divulged further. Alternatively, a complainant may request that no investigation into a particular incident be conducted or that an incident not be reported to outside law enforcement.

In all such cases, the Title IX Coordinator will weigh the complainant's requests against the college's obligation to provide a safe, non-discriminatory environment for all students, employees and visitors, including
the complainant. A decision to maintain confidentiality does not mean that confidentiality can be absolutely guaranteed in all circumstances, but only that all efforts will be undertaken to keep information confidential consistent with law. Notwithstanding the decision of the Title IX Coordinator regarding the scope of any investigation, the college will provide the complainant with ongoing assistance and support, including, where appropriate, the interim and supportive measures set forth in Section VII of this policy.

If the Title IX Coordinator determines that she/he will maintain confidentiality as requested by the complainant, the college will take all reasonable steps to investigate the incident consistent with the request for confidentiality. However, a college’s ability to meaningfully investigate the incident and pursue disciplinary action may be limited by such a request.

CONFIDENTIAL EMPLOYEES

For Students: Students at CSI who wish to speak to someone who will keep all of the communications strictly confidential should speak to one of the following:

- Counselor or other staff member at their college counseling center [718.982-2391; 1A-109]; or
- Nurse, nurse practitioner or other staff member in the college health office; [718.982.3045; 1C-112]

The above individuals will not report any information about an incident to the college’s Title IX Coordinator or other college employees without the student’s permission. The only exception is in the case where there is an imminent threat to the complainant or any other person. A student who speaks solely to a “confidential” employee is advised that, if the student wants to maintain confidentiality, the college may be unable to conduct an investigation into the particular incident or pursue disciplinary action against the alleged perpetrator. However, these professionals will assist the student in receiving other necessary support. A student who first requests confidentiality may later decide to file a complaint with the college or report the incident to local law enforcement and thus have the incident investigated.

For employees: Although there is no one directly employed by CUNY to whom CUNY employees can speak on a confidential basis regarding sexual harassment, gender-based harassment or sexual violence, free confidential support services are available through CUNY’s Work/Life Program, which is administered by an outside company. Confidential community counseling resources are also available throughout New York City: 24-hour helpline: (800) 833-8707.

AMNESTY FOR DRUG AND ALCOHOL USE

We strongly encourage students to report instances of sexual harassment, gender-based harassment or sexual violence as soon as possible, even if those reporting or the alleged victim may have engaged in the inappropriate or unlawful use of alcohol or drugs. Therefore, a student who reports or experiences sexual harassment, gender-based harassment or sexual violence will not be disciplined by the college for any violation of CUNY’s Policy Against Drugs and Alcohol in connection with the reported incident, subject to the conditions in CUNY’s Medical Amnesty/Good Samaritan policy.

DRUGS, ALCOHOL AND TOBACCO

Help Keep CSI a Drug-Free Campus

Selling and using drugs on campus is illegal. Drinking alcohol if you are under 21 is illegal. Isn’t it time you got involved in creating a drug-free campus?

Policy/Standards of conduct

The City University affirms its continuing commitment to drug, tobacco, and alcohol education on campus. It is committed to the development of educational and support programs directed toward the use and abuse of drugs, tobacco, and alcohol, whether legal or illegal.

The inappropriate use of alcohol and other drugs threatens the health and safety of students, employees, their families, fellow students, and the general public, as well as adversely impairing performance. In addition to promoting health, safety, and a positive learning and working environment, The City University is committed to preventing alcohol and other drug-related problems among all members of The University Community.

Unlawful Possession

The unlawful possession, use, or distribution of alcohol or other drugs by anyone, either on University property or at University-sponsored activities, is prohibited. Any person who is determined to have violated this policy will be subject to intervention by City University officials. Starting in 1998 federal law allows, but does not require, Colleges and Universities to notify parents anytime a student under 21 violates drug or alcohol laws.

This policy and its requirements are consistent with The City University’s desire to promote health and safety
and are in accordance with the requirements of the Drug-Free Workplace Act of 1988 and the Drug-Free School and Communities Act Amendments of 1989.

The College of Staten Island, a unit of The City University of New York, actively supports prevention of alcohol and drug abuse through education. It presents a variety of drug and alcohol abuse education and prevention programs. Specifically, the College of Staten Island’s programs aim to:

- educate students about substance abuse;
- offer supportive, confidential counseling;
- refer students with substance abuse-related programs to community agencies and treatment centers.

Sanctions Against Drug Policy Violations

Students are expected to comply with the Rules of Conduct printed in the Undergraduate Catalog and reprinted in The Gazetteer.

Any student found in violation of the rules and regulations set forth in this policy may be subject to disciplinary action. Sanctions may include admonition, warning, censure, disciplinary probation, restitution, suspension, expulsion, and/or complaint to civil authorities. These are clearly defined in the College Bulletins and The Gazetteer.

Sanctions Against Drug Policy Violations

A student who is experiencing difficulty with alcohol or chemical dependency may be referred to the Vice President for Student Affairs or the appropriate Counseling Center by members of the instructional staff or may seek assistance directly. The Vice President for Student and Enrollment Services may recommend disciplinary action or recommend that the student meet with a counselor for appropriate referral or assistance through self-help organizations or other outside intervention agencies.

Both federal and state law make it a criminal offense to manufacture, distribute, dispense, or possess with intent to manufacture, distribute, dispense, or simply possess a controlled substance. The New York State Penal Law makes it a criminal offense to possess, possess with intent to sell, or actually sell various drugs. The drugs to which this law applies include marijuana and those listed in the schedules contained in the New York Public Health Law 3306.

The possible sanctions for violation of federal or state law depend upon the particular offense. The various offenses are premised upon aggravating factors, including the type and quantity of drugs involved. Sanctions range from community service to a monetary fine and/or imprisonment.

It is a violation of New York State Penal Law 240.40 for a person to appear in public under the influence of narcotics or drugs other than alcohol to the degree that this endangers oneself or other persons or property, or annoys persons in his/her vicinity. It is also a violation of New York State Penal Law 260.20 (2) for a person to give or sell an alcoholic beverage to a person less than 21 years old.

Any person who operates a motor vehicle while intoxicated or while his/her ability to operate such vehicle is impaired by the consumption of alcohol or drugs, in violation of Vehicle and Traffic Law 1192, is subject to suspension or revocation of driving privileges in that state as well as a fine and possible imprisonment. These begin at $300 to $500 in fines and/or up to fifteen (15) days in prison, plus a ninety-day suspension. In addition, under New York State Civil Practice Law and Rules section 1311 and 1321, seizure and forfeiture of vehicles driven while impaired or intoxicated is also possible.

City University of New York Medical Amnesty/Good Samaritan Policy

I. The City University of New York’s (“CUNY’s”) Medical Amnesty/Good Samaritan Policy’s purpose is to encourage students to seek medical assistance related to drug and alcohol use without fear of being disciplined for such use. Because the use of drugs or alcohol may be life-threatening, CUNY wishes to reduce barriers to seeking and receiving medical help in those situations. In addition, CUNY wishes to encourage students who may be the victims of or witnesses to sexual harassment or sexual violence while under the influence of drugs or alcohol to seek medical assistance and to report that sexual assault. Toward that end, CUNY’s Policy is that students who seek medical assistance either for themselves or others will not be subject to discipline under the circumstances described below.

II. Students who call for medical assistance for themselves or others and/or who receive medical assistance as a result of a call will not be disciplined for the consumption of alcohol (either if underage or if consumed in a CUNY-owned or operated building/facility where alcohol consumption is prohibited) or drugs under
certain conditions. First, the students involved must agree to timely completion of assigned alcohol and/or drug education activities, assessment, and/or treatment, to be determined by the individual campuses or units of CUNY with which the students are affiliated. Second, there must be no other violations that ordinarily would subject the student to disciplinary action. Other violations that would invoke discipline include but are not limited to (i) unlawful distribution of alcohol or drugs; (ii) sexual assault; (iii) sexual harassment; (iv) causing or threatening physical harm; (v) causing damage to property; (vi) hazing.

III. If students are involved in repeated incidents, the availability of medical amnesty to those students is at the discretion of the campus or unit with which the students are affiliated. Even if medical amnesty is granted to those students, repeated incidents raise issues of medical concern and may result in parental notification, medical withdrawal, and/or other non-disciplinary responses.

IV. Failure to complete required alcohol and/or drug education activities, assessment and/or treatment by the deadline may result in a revocation of medical amnesty.

TOBACCO FREE

PROHIBITED USE

In accordance with The CUNY Revised Tobacco Policy, the use of tobacco will be prohibited on all College property, both indoors and outdoors, as of July 1, 2012.

After a careful consideration of the merits of “smoke-free” and “tobacco-free” designations, it has been determined that “tobacco-free” is the correct terminology to be utilized in the context of this Implementation Plan. A smoke-free policy is one that eliminates the use of smoke-producing tobacco. The primary concern of a smoke-free policy is secondhand smoke. A tobacco-free policy eliminates the use of any tobacco product, including, but not limited to spit tobacco, snuff, and other “smokeless” products, hookahs, etc. Tobacco-free emphasizes the health of all, including the user.

The policy prohibits smoking and the use of tobacco products (including cigarettes, cigars, pipes, smokeless tobacco, and all tobacco products) as well as the use of electronic cigarettes, or herbal cigarettes, or any other kind of smoking product, by students, faculty, staff, contractors, vendors, visitors, and any other person on all grounds and facilities under CUNY jurisdiction. This includes (i) locations such as playing fields, entrances and exits to buildings, and parking lots; (ii) within all vehicles on College properties, and within all College vehicle at any location; (iii) tobacco industry promotions, advertising, marketing, and distribution of marketing materials on campus properties; and (iv) tobacco industry sponsorship of athletic events and athletes.

All attendees at public events, such as conferences, meetings, public lectures, social events, cultural events, and sporting events using College facilities shall be required to abide by this policy; organizers shall communicate this policy to attendees and shall enforce the policy. Written notification of the policy shall be included, as appropriate, in all contracts that vendors and renters are required to sign.

Improper disposal of cigarettes or other waste is also proscribed through existing prohibitions on littering.

POLICY ON EQUAL OPPORTUNITY AND NON-DISCRIMINATION

The City University of New York (“University” or “CUNY”), and the College of Staten Island, located in a historically diverse municipality, is committed to a policy of equal employment and equal access in its educational programs and activities. Diversity, inclusion, and an environment free from discrimination are central to the mission of the University. The College’s Policy on Equal Opportunity and Non-Discrimination may be accessed online here: http://www.csi.cuny.edu/diversity_and_compliance/Equal_Opportunity_and_Non_Discrimination.pdf

It is the policy of the University and the College to recruit, employ, retain, promote, and provide benefits to employees and to admit and provide services for students without regard to race, color, creed, national origin, ethnicity, ancestry, religion, age, sex, sexual orientation, gender, gender identity, marital status, partnership status, disability, genetic information, alienage, citizenship, military or veteran status, pregnancy, or status as a victim of domestic violence/stalking/sex offenses, or any other legally prohibited basis in accordance with federal, state and city laws. It is also the University and College’s Policy to provide reasonable accommodations when appropriate to individuals with disabilities, individuals observing religious practices, or employees who are victims of domestic violence/stalking/sex offenses.

The College of Staten Island does not discriminate against any student on the basis of pregnancy or related conditions. Absences due to medical conditions relating to pregnancy will be excused for as long as deemed medically necessary by a student’s doctor and students will be given the opportunity to make up missed work.
Students needing assistance can seek accommodations from the Center for Student Accessibility at 718.982.2510 or CSA@csi.cuny.edu or the college's Title IX Coordinator, Danielle Dimitrov, at 718. 982.2250 or danielle.dimitrov@csi.cuny.edu.

This Policy also prohibits retaliation for reporting or opposing discrimination, or cooperating with an investigation of a discrimination complaint.

**REASONABLE ACCOMMODATIONS**

The City University of New York, and the College of Staten Island, in compliance with Sections 503 and 504 of the Federal Rehabilitation Act of 1973 (“Rehabilitation Act”), the Americans with Disabilities Act of 1990 (“ADA”), New York State Executive Law §296, and the New York City Human Rights Law, provides qualified individuals with disabilities the opportunity to participate in programs, activities, or employment.

A student should make an initial request for accommodation to the Center for Student Accessibility (“CSA”), and provide appropriate supporting documentation. The CSA Director, Stefan Charles-Pierre, may consult with appropriate college officials such as the instructor or provost to determine the appropriateness of the requested accommodation consistent with the program requirements. Such consultation shall be confidential, and limited to those officials whose input is necessary to the decision.

Students may consult with CSA Director Stefan Charles-Pierre [by phone: (718) 982-2510, or email: Stefan.Charlespierre@csi.cuny.edu or the 504/ADA Compliance Coordinator, Danielle Dimitrov [by phone (718) 982-2250, or email: danielle.dimitrov@csi.cuny.edu], at any time to discuss and understand their rights under the Rehabilitation Act, the ADA, and state and local legislation.

If a proffered accommodation is unacceptable to the student, the student may discuss the situation with the 504/ADA Compliance Coordinator who will review the matter and attempt to resolve it. The College 504/ADA Compliance Coordinator may designate one or two members of the 504/ADA Committee to assist in this effort. If the proffered accommodation is still unacceptable, the College Compliance Coordinator will apprise the College President of the issues and the college Compliance Coordinator's recommendation. The President shall make the final decision.

The College's full Reasonable Accommodations Policy, including a list of the 504/ADA Compliance Committee members and information and pertaining to applicants for employment, current employees, and visitors may be accessed online here: http://www.csi.cuny.edu/diversity_and_compliance/reasonable_accom.html

**CUNY POLICY ON ACADEMIC INTEGRITY**

Academic Dishonesty is prohibited in The City University of New York and is punishable by penalties, including failing grades, suspension, and expulsion, as provided herein.

I. **Definitions and Examples of Academic Dishonesty**

**Cheating** is the unauthorized use or attempted use of material, information, notes, study aids, devices or communication during an academic exercise.

The following are some examples of cheating, but by no means is it an exhaustive list:

- Copying from another student during an examination or allowing another to copy your work.
- Unauthorized collaboration on a take home assignment or examination.
- Using notes during a closed book examination.
- Taking an examination for another student, or asking or allowing another student to take an examination for you.
- Changing a graded exam and returning it for more credit.
- Submitting substantial portions of the same paper to more than one course without consulting with each instructor.
- Preparing answers or writing notes in a blue book (exam booklet) before an examination. Allowing others to research and write assigned papers or do assigned projects, including use of commercial term paper services.
- Giving assistance to acts of academic misconduct/dishonesty.
- Fabricating data (all or in part).
- Submitting someone else's work as your own.
- Unauthorized use during an examination of any electronic devices such as cell phones, palm pilots, computers or other technologies to retrieve or send information.

**Plagiarism** is the act of presenting another person's ideas, research or writings as your own. The following are some examples of plagiarism, but by no means is it an exhaustive list:

- Copying another person's actual words without the use of quotation marks and footnotes
attributing the words to their source.

• Presenting another person's ideas or theories in your own words without acknowledging the source.
• Using information that is not common knowledge without acknowledging the source.

Internet plagiarism includes submitting downloaded term papers or parts of term papers, paraphrasing or copying information from the internet without citing the source, and "cutting & pasting" from various sources without proper attribution.

Obtaining Unfair Advantage is any activity that intentionally or unintentionally gives a student an unfair advantage in his/her academic work over another student.

The following are some examples of obtaining an unfair advantage, but by no means is it an exhaustive list:
• Stealing, reproducing, circulating or otherwise gaining advance access to examination materials.
• Depriving other students of access to library materials by stealing, destroying, defacing, or concealing them.
• Retaining, using or circulating examination materials which clearly indicate that they should be returned at the end of the exam.
• Intentionally obstructing or interfering with another student's work.

Falsification of Records and Official Documents
The following are some examples of falsification, but by no means is it an exhaustive list:
• Forging signatures of authorization.
• Falsifying information on an official academic record.
• Falsifying information on an official document such as a grade report, letter of permission, drop/add form, ID card or other college document.

III. PROCEDURES FOR IMPOSITION OF SANCTIONS FOR VIOLATIONS OF CUNY POLICY ON ACADEMIC INTEGRITY

A. Introduction
As a legal matter, in disciplining students for violations of policies of academic integrity, CUNY, as a public institution, must conform to the principles of due process mandated by the Fourteenth Amendment to the United States Constitution -- generally speaking, to provide notice of the charges and some opportunity to be heard. In the context of court litigated violations, questions as to how much and what kind of process was "due" turn on the courts' judgment whether the decision on culpability was "disciplinary" (a question of fact) or "academic" (a question of the instructor's expert judgment). This distinction has proved difficult to apply on campus. Accordingly, these procedures provide for alternative approaches depending on the severity of the sanction(s) being sought. If the instructor desires solely an "academic" sanction, that is, a grade reduction, less process is due than if a "disciplinary" sanction, such as suspension or expulsion, is sought.

A faculty member who suspects that a student has committed a violation of the CUNY or the college Academic Integrity Policy shall review with the student the facts and circumstances of the suspected violation whenever possible. The decision whether to seek an academic sanction only, rather than a disciplinary sanction or both types of sanctions, will rest with the faculty member in the first instance, but the college retains the right to bring disciplinary charges against the student. Among the factors the college should consider in determining whether to seek a disciplinary sanction are whether the student has committed one or more prior violations of the Academic Integrity Policy and mitigating circumstances if any. It is strongly recommended that every instance of suspected violation should be reported to the Academic Integrity Official on a form provided by the college as described in the third Recommendation for Promoting Academic Integrity, above. Among other things, this reporting will allow the college to determine whether it wishes to seek a disciplinary sanction even where the instructor may not wish to do so.

B. Procedures In Cases Where The Instructor Seeks An Academic Sanction Only
1. Student Accepts Guilt And Does Not Contest The Academic Sanction
If the faculty member wishes to seek only an academic sanction (i.e., a reduced grade only), and the student does not contest either his/her guilt or the particular reduced grade the faculty member has chosen, then the student shall be given the reduced grade, unless the college decides to seek a disciplinary sanction, see Section I above and IV below. The reduced grade may apply to the
particular assignment as to which the violation occurred or to the course grade, at the faculty member’s discretion.

2. Student Denies Guilt And/Or Contests The Academic Sanction
If the student denies guilt or contests the particular grade awarded by the faculty member, then the matter shall be handled using the college’s grade appeals process, including departmental grading committees where applicable, or the Academic Integrity Committee. In either case, the process must, at a minimum, provide the student with an opportunity to be heard and to present evidence.

C. Procedures In Cases Where A Disciplinary Sanction Is Sought
If a faculty member suspects a violation and seeks a disciplinary sanction, the faculty member shall refer the matter to the college’s Academic Integrity Official using the Faculty Report form, as described in the third Recommendation for Promoting Academic Integrity above, to be adjudicated by the college’s Faculty-Student Disciplinary Committee under Article 15 of the CUNY Bylaws. As provided for therein, the Faculty-Student Disciplinary may, among other things, investigate, conciliate, or hear evidence on cases in which disciplinary charges are brought. Under certain circumstances, college officials other than the Academic Integrity Official may seek disciplinary sanctions following the procedures outlined above. For the reasons discussed in Item IV below, if a reduced grade is also at issue, then that grade should be held in abeyance, pending the Faculty-Student Disciplinary Committee’s action.

D. Procedures In Cases In Which Both A Disciplinary And An Academic Sanction Are Sought
If a faculty member or the college seeks to have both a disciplinary and an academic sanction imposed, it is not advisable to proceed on both fronts simultaneously lest inconsistent results ensue. Thus, it is best to begin with the disciplinary proceeding seeking imposition of a disciplinary sanction and await its outcome before addressing the academic sanction. If the Faculty-Student Disciplinary Committee finds that the alleged violation occurred, then the faculty member may reflect that finding in the student’s grade. If the Faculty-Student Disciplinary Committee finds that the alleged violation did not occur, then no sanction of any kind may be imposed. The decision whether to pursue both types of sanctions will ordinarily rest with the faculty member.

E. Reporting Requirements
1. By The Faculty Member To The Academic Integrity Official
In cases where a violation of academic integrity has been found to have occurred (whether by admission or a fact-finding process), the faculty member should promptly file with the Academic Integrity Official a report of the adjudication in writing on a Faculty Report form (see sample attached) provided by the college as described above. The Academic Integrity Official shall maintain a confidential file for each student about whom a suspected or adjudicated violation is reported. If either the grade appeals process or the Faculty-Student Disciplinary Committee finds that no violation occurred, the Academic Integrity Official shall remove and destroy all material relating to that incident from the student’s confidential academic integrity file. Before determining what sanction(s) to seek, the faculty member or the Academic Integrity Official may consult the student’s confidential academic integrity file, if any, to determine whether the student has been found to have previously committed a violation of the Academic Integrity Policy, the nature of the infraction, and the sanction imposed or action taken.

2. By the Academic Integrity Official To the Faculty Member
Where a matter proceeds to the Faculty-Student Disciplinary Committee, the Academic Integrity Official shall promptly report its resolution to the faculty member and file a record of the resolution in the student’s confidential academic integrity file, unless, as indicated above, the suspected violation was held to be unfounded, in which case all reporting forms concerning that suspected violation shall be destroyed.

---

1 A reduced grade can be an "E," a "D-," or another grade that is lower than the grade that would have been given but for the violations.
2 Typically, disciplinary sanctions would be sought in cases of the most egregious, or repeated, violations, for example: infraction in ways similar to criminal activity (such as forging a grade form, stealing an examination from a professor or a university office, or forging a transcript); having a substitute take an examination or taking an examination for someone else; sabotaging another student’s work through actions designed to prevent the student from successfully completing an assignment; dishonesty that affects a major or essential portion of work done to meet course requirements. [These examples have been taken from a list of violations compiled by Rutgers University.

CUNY PROCEDURES FOR HANDLING STUDENT COMPLAINTS ABOUT FACULTY CONDUCT IN ACADEMIC SETTINGS (EFFECTIVE MAY 1, 2010)

I. Introduction. The University and its Colleges have a variety of procedures for dealing with student-related issues, including grade appeals, academic integrity violations, student discipline, disclosure of student records, student elections, sexual harassment complaints, disability accommodations, and discrimination. One
area not generally covered by other procedures concerns student complaints about faculty conduct in the classroom or other formal academic settings. The University respects the academic freedom of the faculty and will not interfere with it as it relates to the content or style of teaching activities. Indeed, academic freedom is and should be of paramount importance. At the same time the University recognizes its responsibility to provide students with a procedure for addressing complaints about faculty treatment of students that are not protected by academic freedom and are not covered by other procedures. Examples might include incompetent or inefficient service, neglect of duty, physical or mental incapacity and conduct unbecoming a member of the staff.

II. **Determination of Appropriate Procedure.** If students have any question about the applicable procedure to follow for a particular complaint, they should consult with the chief student affairs officer. In particular, the chief student affairs officer should advise a student if some other procedure is applicable to the type of complaint the student has.

III. **Informal Resolution.** Students are encouraged to attempt to resolve complaints informally with the faculty member or to seek the assistance of the department chairperson or campus ombudsman to facilitate informal resolution.

IV. **Formal Complaint.** If the student does not pursue informal resolution, or if informal resolution is unsuccessful, the student may file a written complaint with the department chairperson or, if the chairperson is the subject of the complaint, with the academic dean or a senior faculty member designated by the college president. (This person will be referred to below as the Fact Finder.). Only students in a faculty member’s class or present in another academic setting where the alleged conduct occurred may file complaints against that faculty member.

A. The complaint shall be filed within 30 calendar days of the alleged conduct unless there is good cause shown for delay, including but not limited to delay caused by an attempt at informal resolution. The complaint shall be as specific as possible in describing the conduct complained of.

B. The Fact Finder shall promptly send a copy to the faculty member about whom the complaint is made, along with a letter stating that the filing of the complaint does not imply that any wrongdoing has occurred and that a faculty member must not retaliate in any way against a student for having made a complaint. If either the student or the faculty member has reason to believe that the department chairperson may be biased or otherwise unable to deal with the complaint in a fair and objective manner, he or she may submit to the academic dean or the senior faculty member designated by the college president a written request stating the reasons for that belief; if the request appears to have merit, that person may, in his or her sole discretion, replace the department chairperson as the Fact Finder. The chairperson may also submit a written request for recusal for good cause to the academic dean or senior faculty member designated by the college president to review such requests. If a recusal request is granted, a different department chairperson shall conduct the investigation, or, if no other chairperson is available, an administrator designated by the college president shall serve in the chairperson’s stead. Further, the college president may re-assign investigations as necessary, including but not limited to situations in which a Fact Finder has not completed an investigation in a timely manner. In addition, during any time that no department chairperson is available to investigate a complaint, the college president may assign an administrator to investigate.

C. The Fact Finder shall meet with the complaining student and faculty member, either separately or together, in a manner that the Fact Finder believes it would be helpful, he or she may meet again with the student and faculty member after completing the investigation in an effort to resolve the matter. The complaining student and the faculty member shall have the right to have a representative (including a union representative, student
government representative or attorney) present during the initial meeting, the interview and any post investigation meeting.

E. In cases where there is strong preliminary evidence that a student’s complaint is meritorious and that the student may suffer immediate and irreparable harm, the Fact Finder may provide appropriate interim relief to the complaining student pending the completion of the investigation. The affected faculty member may appeal such interim relief to the chief academic officer.

F. At the end of the investigation, the Fact Finder shall issue a written report setting forth his or her findings and recommendations, with particular focus on whether the conduct in question is protected by academic freedom, and send a copy to the complaining student, the faculty member, the chief academic officer and the chief student affairs officer. In ordinary cases, it is expected that the investigation and written report should be completed within 30 calendar days of the date the complaint was filed.

V. Appeals Procedure. If either the student or the faculty member is not satisfied with the report of the Fact Finder, the student or faculty member may file a written appeal to the chief academic officer within 10 calendar days of receiving the report, which time period may be extended for good cause shown. The chief academic officer shall convene and serve as the chairperson of an Appeals Committee, which shall also include the chief student affairs officer, two faculty members elected annually by the faculty council or senate and one student elected annually by the student senate. The Appeals Committee shall review the findings and recommendations of the report, with particular focus on whether the conduct in question is protected by academic freedom. The Appeals Committee shall not conduct a new factual investigation or overturn any factual findings contained in the report unless they are clearly erroneous. If the Appeals Committee decides to reverse the Fact Finder in a case where there has not been an investigation because the Fact Finder erroneously found that the alleged conduct was protected by academic freedom, it may remand to the Fact Finder for further proceedings. The committee shall issue a written decision within 20 calendar days of receiving the appeal. A copy of the decision shall be sent to the student, the faculty member, the department chairperson and the president.

VI. Subsequent Action. Following the completion of these procedures, the appropriate college official shall decide the appropriate action, if any, to take. For example, the department chairperson may decide to place a report in the faculty member’s personnel file or the president may bring disciplinary charges against the faculty member. Disciplinary charges may also be brought in extremely serious cases even though the college has not completed the entire investigative process described above; in that case, the bringing of disciplinary charges shall automatically suspend that process. Any action taken by a college, whether interim or final, must comply with the bylaws of the University and the collective bargaining agreement between the University and the Professional Staff Congress.

VII. Campus Implementation. Each campus shall implement these procedures and shall distribute them widely to administrators, faculty members and students and post them on the college website.

WORKPLACE VIOLENCE POLICY AND PROCEDURES

POLICY STATEMENT

The City University of New York (the “University” or “CUNY”) is committed to the prevention of Workplace Violence and will respond promptly to any threats and/or acts of violence. For purposes of this Policy, Workplace Violence is defined as any physical assault or acts of aggressive behavior occurring where an employee performs any work-related duty in the course of his or her employment, including but not limited to:

(i) An attempt or threat, whether verbal or physical, to inflict physical injury upon an employee;
(ii) Any intentional display of force that would give an employee reason to fear or expect bodily harm;
(iii) Intentional and wrongful physical contact with an employee without his or her consent that entails some injury;
(iv) Stalking an employee in a manner that may cause the employee to fear for his or her physical safety and health when such stalking has arisen through and in the course of employment.

Workplace Violence presents a serious occupational safety hazard to CUNY and its employees. The University will respond promptly to threats and/or acts of violence. All employees are responsible for helping to create an environment of mutual respect and for assisting in maintaining a safe and secure work environment and will be removed from University property and are subject to disciplinary and/or personnel action up to and including termination, consistent with University policies, rules, and collective bargaining agreements, and/or referral to law enforcement authorities for criminal prosecution.

Incidents involving Workplace Violence will be given the serious attention they deserve. Employees are
responsible for reporting any incidents of Workplace Violence of which they become aware. The procedure for reporting incidents of suspected or alleged Workplace Violence can be found in the campus specific Workplace Violence Prevention Program at Paragraph 7. The procedure for reporting complaints of a potential violation of the CUNY Workplace Violence Prevention Policy and Programs can be found in the campus specific Workplace Violence Prevention Programs at Paragraph 9.

The University, at the request of an employee, or student, or at its own discretion, may prohibit members of the public, including family members, from seeing an employee or student on University property unless necessary to transact University-related business. This policy particularly applies when an employee or student anticipates that an act of violence may result from an encounter with said individual(s).

Employee participation in the implementation of this Policy will be provided through their authorized employee representatives, who will be invited to participate in: (1) Scheduled physical risk assessment site evaluation(s) to determine the presence of risk factors which may place employees at risk of workplace violence; (2) the development and annual review of a Workplace Violence Prevention Program promulgated by each College for the implementation of the Policy; (3) the annual review of the Campus Workplace Violence Incidents Report prepared annually by each College; and (4) as appropriate, following a serious incident of Workplace Violence.

**Policy on the College's Right to Deny Admission**

The College reserves the right to deny admission to any student if in its judgment, the presence of that student on campus poses undue risk to the safety or security of the College or in the College community. That judgment will be based on an individualized determination taking into account any information the College has about a student's criminal record and the particular circumstances of the college, including the presence of a childcare center, a public school, or public school students on the campus.

**The Family Education Rights and Privacy Act (FERPA)**

The Family Educational Rights and Privacy Act of 1974 (FERPA), also known as the Buckley Amendment, is a federal law designed to protect the privacy of education records, to establish the right of students to inspect and review their education records, and to provide guidelines for the correction of inaccurate and misleading data through informal and formal hearings.

This act provides rights primarily for the student, regardless of age, once he or she enrolls at an institution of higher education. We encourage families to discuss this Privacy Act and take appropriate steps that are comfortable with both the student and family to ensure the safety and privacy of student records.
