

Please note the following CUNY-wide requirement that is in effect for all students interested in pursuing a degree in nursing.

Proof of U.S. Citizenship or Lawful Residency Status

In order to advance into the nursing clinical, students must provide documentation from one of the following four categories:

- 1) US citizenship (such as a birth certificate or US passport); OR
- 2) Permanent residency (alien registration card); OR
- 3) International student with F1 status; OR
- 4) Granted Asylum, Refugee Status, Temporary Protected Status, Withholding of Removal, Deferred Enforced Departure, or Deferred Action Status by the US government.

Students are required to email the following information to:

elaine.rocco@csi.cuny.edu

Subject: First Name, Last Name EMPLID - Nursing Documentation
(Scan or take a picture of the required documentation)

Prior to submitting their applications for admission to the AAS Nursing Program, all students must have emailed required proof of U.S. Citizenship/ Lawful Residency status to Elaine Rocco.

Students who had verified their citizenship/lawful residency status during a previous NRS 110 application cycle are not required to submit this information again. They may check either their CUNYfirst records or the right-hand corner of their DegreeWorks audits for the student group code CZ or CITZ. If they see either of these codes, they have already completed the citizenship/lawful residency verification portion of the application process.
