

How to Set Up your Chromebook

To set up your Chromebook you'll need:

- Your Google Account username and password
- Access to a network

Step 1: Turn on your Chromebook

- If the battery is detached, install the battery.
- Press the power button.

Step 2: Follow the onscreen instructions

- To choose your language and [keyboard settings](#), select the language that appears on the screen.
- Optional: To turn on [accessibility features](#), select Accessibility.
- Choose your network.
- Accept the terms of service.

Step 3: Sign in with your Google Account

To choose your [Chromebook owner](#), enter your Google Account email or phone number and password.

- If you've already turned on [2-Step Verification](#), you'll be sent a code to your selected device.
- If you don't have a Google Account to add, [create one](#). On some Chromebooks, you can select More options Create new account.
- To use your Chromebook [without an account](#), select Browse as Guest.
- If you're having trouble signing in with your Google Account, use the [sign-in troubleshooter](#).

Once you sign in, your bookmarks, extensions, and apps will appear automatically.
