Dear Scholarship Applicant:

We are pleased that you have taken the first step to apply for a scholarship opportunity. These awards have helped a multitude of students to complete their college journey.

The College of Staten Island offers various types of scholarships, taking into consideration academic excellence, financial need, extracurricular activities and community service, achievements in one's intended career field, and overcoming obstacles to pursue a college degree. Volunteerism and public service are highly valued aspects of an applicant's college career, however, the Faculty Review Committee will take into consideration the pandemic as well as situations in which a student may have significant responsibilities outside of the classroom and therefore, little time to engage in extracurricular activities.

The enclosed application provides information regarding the College of Staten Island Scholarship Program. Please remember to include all of the required materials and documentation with your application. Applicants who are eligible to do so (citizens and eligible non-citizens) are required to fill out the [Free Application for Federal Student Aid \(FAFSA\)](#) in order to determine financial need. Special effort and consideration should be put into writing your scholarship essays, as this is your chance to convey your enthusiasm and devotion to your goals, achievements and experiences. When requesting recommendation letters, be sure to give your reference writers ample time to complete their letters and identify solid examples of your best traits and achievements.

As there are many talented students at the College of Staten Island, applying for this scholarship is a competitive process, and care should be taken to make each aspect of your application showcase the best of your ability. Please be sure to browse the "Helpful Tips for Completing the Application" link on the scholarship webpage. If you have any questions about the application process, please do not hesitate to contact Michele Callahan, Fellowship and Scholarship Advisor, at 718.982.2332 or michele.callahan@csi.cuny.edu.

Best wishes on your pursuit of higher education to attain your goals.

Very truly yours,

Cheryl Adolph
Executive Director
Institutional Advancement & External Affairs, CSI Foundation, Inc.

Application Essay

In a maximum of 500 words, describe your academic, career and personal goals. Include any leadership, extracurricular and volunteer activities that support your application.

Your essay must be typed on a separate piece of paper and included with your CSI Scholarship application.

Biographical Profile

The biographical profile provides donors of CSI scholarships with information about students who have been awarded their scholarship(s). Please use the following questions to compose an essay not exceeding 250 words.

- When and how did you come to live on Staten Island?
- How did you learn about CSI?
- What are your reasons for wanting to obtain a college education?
- Why did you choose CSI?
- Why did you choose your major?
- What are the experiences at CSI that have helped shape your career goals?
- What is your career objective upon graduation from CSI?
- What or who has had the most influence on your choice of career?
- Where do you see yourself ten years from now?
- Have you ever experienced any adversity in your life, whether it be physical, personal, family, financial, or other?
- Is there anything else you would like to add about yourself that would help to round out your biographical profile?

Your biographical profile must be typed on a separate piece of paper and included with your CSI Scholarship application.

Special Circumstances

Have you experienced any adversity (e.g., death in the family, illness, financial, other hardships) that resulted in an interruption of or challenge to completing your college education? If so, please explain on a separate sheet of paper and include with your application.

Résumé/Curriculum Vitae

Please submit a résumé or curriculum vitae with your application. You may include experiences such as employment, military service, internships, special opportunity programs, professional development, research projects, service to CSI, CUNY and/or the community, etc.

Service Information

College and community service are important considerations in awarding scholarships. Please provide as much specific information on your résumé as possible regarding your student service (e.g., peer mentoring, athletics, performing arts, student clubs) and/or your community service (volunteering, non-profit work, fundraising, charitable events), including dates of service.

Scholarship Recommendation Guide

Two recommendation letters are required for each applicant. One letter must be from a faculty member or teacher who knows you well; the second may also be from a faculty member/teacher or from someone who is familiar with you from a job, volunteer assignment, or community project you have undertaken. Recommendations from friends or family members will not be accepted.

It is highly suggested for recommenders to type their letters on office letterhead. It is also advisable to provide your recommendation writers with a résumé or a list of your achievements and experience relevant to the scholarship. This will assist them in relating solid examples of your accomplishments, rather than generic, unsupported statements about your abilities. You may also want to supply a copy of your application essay. Approach your recommenders early in order to allow them ample time to complete their letters by the application deadline.

Recommendation letters may be submitted to the Office of Scholarship and Fellowship Opportunities via email: scholarships@csi.cuny.edu.

Letters must be emailed directly from the recommendation writer's account by the application deadline.

The Division of Institutional Advancement & External Affairs is not responsible for ensuring the timely submission of recommendation letters. We advise students to check with our office regarding the status of all application materials prior to the deadline.
