FACULTY VACANCY ANNOUNCEMENT

The College of Staten Island, an accredited senior college of The City University of New York (CUNY), seeks applicants for appointment to a tenure-track Assistant/Associate Professor position in the Department of Computer Science, in the areas of machine learning, artificial intelligence, security, big data, mobile computing, distributed computing, or cloud computing.

Applicants should demonstrate a successful teaching record, exceptional research productivity through a solid, peer-reviewed publication record; have experience initiating research projects and the credentials appropriate for appointment to the doctoral faculty of the CUNY Graduate Center. Additionally, the successful candidate will be expected to teach a variety of undergraduate and graduate computer science courses. The candidate will be also expected to establish a nationally recognized research program, as well to have a solid commitment to arrangements outside of the University in ways that foster considerable commercial or societal impact of his/her own academic research. As Assistant/Associate Professor, this individual shall share in the responsibility for committee and department assignments, performing administrative, supervisory, and other functions as may be assigned.

The chosen candidate is expected to maintain a reputable academic record in theoretical and/or applied research in Computational Science, establish vigorous externally funded research programs, demonstrate a sustained commitment to undergraduate and graduate teaching, and participate in doctoral education through the CUNY-wide program at the CUNY Graduate Center. The successful candidate shall recognize his/her shared responsibility for departmental and college service and will cooperate with others for the good of the institution.

The Computer Science Department offers the degrees of BS in Computer Science, BS in Computer Science-Mathematics, BS in Information Systems and Informatics, AAS in Computer Technology, and MS in Computer Science. The BS in Computer Science has been continuously accredited by ABET since 1989. For more information on the Department of Computer Science and the degree programs offered through the department, please visit our Website at: http://www.cs.csi.cuny.edu/.

QUALIFICATIONS

The ideal candidate will have a Ph.D. in Computer Science or closely related discipline. Preference will be given to candidates with research and teaching interest in one or more of the following specializations: artificial intelligence, machine learning, security, big data, multimedia, mobile computing, distributed computing, and cloud computing. Applicants who demonstrate potential for attracting externally funded research grants in these fields are particularly desired.

COMPENSATION

Salary range commensurate with experience.

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.

HOW TO APPLY
If you are viewing this job posting in CUNYfirst, please click on "Apply Now" and follow the instructions. If you are viewing this job posting externally, please apply as follows:
- Navigate to www.cuny.edu and click on "Employment".
- Click on "Search job postings".
- Click on "More Options to Search for CUNY Jobs"
- Search by the Job Opening ID number
- Click on "Apply Now" button and follow the instructions.

To be considered for this position, you must include a cover letter, curriculum vitae/resume, contact information for three to five professional references, and a statement of philosophy of teaching and service.

If you have difficulty with uploading multiple documents to the Website, please send them to:
facultyrecruit@csi.cuny.edu.
