FACULTY VACANCY ANNOUNCEMENT

The School of Health Science’s Department of Physical Therapy, at the College of Staten Island, currently seeks candidates for a tenure track position in Physical Therapy at the rank of Assistant or Associate Professor. We have an immediate vacancy for a Clinical Education Coordinator (DCE), anticipated to begin in August 2018. This position presents an exceptional opportunity for the successful candidate to participate in the continued intellectual and institutional growth and development of the long-standing Physical Therapy Department (offering the Doctorate of Physical Therapy (DPT) degree program) within the City University of New York.

The DCE faculty member shall be responsible for the planning, coordination, facilitation, administration, and monitoring of the clinical education component of the curriculum. This individual will be the faculty member of record for the clinical education courses. The successful candidate is expected to teach the appropriate didactic courses in the PT Program in addition to responsibilities as DCE. The candidate must have an active research program. The DCE is a valued faculty member of our Physical Therapy department. We are seeking an individual to continue the excellence of our Clinical Education program. This individual should be: energetic and enthusiastic while being committed to teaching and mentoring of both students and clinicians. The successful candidate should demonstrate organizational, and interpersonal skills with the ability to work with clinical education faculty (CCCEs and CIs) to address the diverse needs of students. When concerns arise with students/trainees or other clinical training components, the DCE will work in collaboration with the Clinic Site Director and clinical supervisors to address issues related to clinical training. Furthermore, the candidate should demonstrate knowledge of computer and software skills to ensure effective data collection, monitoring, aggregation, and reporting.

The College of Staten Island (CSI) is a City University of New York (CUNY) senior College organized around two academic divisions and three schools, with approximately 14,000 students. CSI offers a broad range of academic programs in the liberal arts and sciences, and in several professional areas. The College awards associate’s, bachelor’s, master’s and clinical doctoral degrees, and in collaboration with The CUNY Graduate Center, numerous PhD degrees. CSI’s internationally recognized faculty passionately engage in scholarly and artistic activities, and together with a strong professional staff, lead students through transformational learning experiences both inside and outside of the classroom. The College is situated on a 204-acre site, has recently incorporated a residential component, and is currently engaging in capital expansion. It is a hub of intellectual and artistic activity and a community partner and source of economic impact and job creation for the greater Staten Island area.

The College’s faculty, administration, and staff are committed to educational excellence as they instill in students an enduring love of learning and respect for pluralism and diversity. The College community recognizes its responsibility to strive for the common good, including an informed appreciation for the interdependence of all people, as well as providing students with the opportunities for successful future careers.
