FACULTY VACANCY ANNOUNCEMENT

The Department of Computer Science, College of Staten Island, CUNY seeks to fill two new lecturer positions in Computer Science. The successful candidates will be expected to teach both foundational computer science courses like introduction to programming, data structures, operating systems, database systems, and algorithms, and specialization courses in one or more of the following areas: software engineering, mobile and web development, security, distributed and cloud computing, data science, and artificial intelligence. The successful candidate also will be required to participate in student recruitment and mentoring, and department and college activities such as curriculum development, assessment, and service. This position is eligible for a Certificate of Continuing Employment after five consecutive years of employment.

The College of Staten Island (CSI) is a 204-acre landscaped campus, the largest in New York City. It is fully accessible from the other boroughs of the City and New Jersey by car and public transportation. The Computer Science Department offers the degrees of BS in Computer Science, BS in Computer Science Mathematics, BS in Information Systems and Informatics, AAS in Computer Technology, and MS in Computer Science. The BS in Computer Science has been continuously accredited by ABET since 1989. For more information on the Department of Computer Science and the degree programs offered through the department, please click here.

The College of Staten Island is committed to a diverse work environment that reflects the multicultural makeup of our student body. The successful candidate will be committed to inclusion and excellence. The Search Committee is especially interested in candidates who can contribute, through their research, teaching, and/or service, to the diversity of the academic community. Women and applicants from traditionally underrepresented populations are strongly encouraged to apply.

QUALIFICATIONS

Bachelor's degree in Computer Science, and the ability to teach successfully.

Preferred Qualifications: Master's degree in Computer Science or a related field. PhD degree in Computer Science or a related field.

COMPENSATION

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.

HOW TO APPLY
