The Department of Biology at the College of Staten Island (CSI), The City University of New York, invites applicants for two Lecturer lines starting Fall 2022. Teaching responsibilities for this position are 12 contact hours per semester (24 hours per year) and will include general Biology, plus upper-level Biology courses in the candidate's area of expertise.

Applicants from any area of Biology including Ecology, Molecular/Cellular/Developmental Biology, Bioinformatics, and Neuroscience are encouraged to apply.

CAMPUS SPECIFIC INFORMATION

The College of Staten Island (CSI) is a City University of New York (CUNY) senior College organized around two academic divisions and three schools, with over 10,000 students. CSI offers a broad range of academic programs in the liberal arts and sciences, and in several professional areas. The College awards associate's, bachelor's, master's and clinical doctoral degrees, and in collaboration with The CUNY Graduate Center, numerous Ph.D. degrees. CSI's internationally recognized faculty passionately engage in scholarly and artistic activities, and together with a strong professional staff, lead students through transformational learning experiences both inside and outside of the classroom. The College is situated on a 204-acre site, has recently incorporated a residential component, and is currently engaging in capital expansion. It is a hub of intellectual and artistic activity and a community partner and source of economic impact and job creation for the greater Staten Island area.

The College's faculty, administration, and staff are committed to educational excellence as they instill in students an enduring love of learning and respect for pluralism and diversity. The College community recognizes its responsibility to strive for the common good, including an informed appreciation for the interdependence of all people, as well as providing students with the opportunities for successful future careers.

QUALIFICATIONS

Bachelor's degree in area(s) of expertise, and the ability to teach successfully.

Preferred Qualifications include: A Ph.D in Biology and a strong record of excellence in teaching, active involvement in service to a university or the community and history of scholarly research.

COMPENSATION

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.
