The Department of Engineering & Environmental Science (EES) at the College of Staten Island of the City University of New York (CUNY) invites applications for a Lecturer position in the Engineering programs. The broad areas of electrical, mechanical, computer and bio-engineering will be considered. The general duties of this position are to teach 12 contact hours in our Electrical Engineering and Engineering Science programs each academic semester. To develop new courses/laboratories in the above as per department chair direction and serve the department in various departmental and/or college committees. In addition she/he is expected to share responsibilities in advising students in the program as well share in providing guidance and supervision to our CLTs in the above disciplines. The position begins late August 2022.

The Department of Engineering & Environmental Science has a full-time faculty of 15 with over 15 part-time faculty members. On the Engineering side it offers the Bachelor of Science degree (BS) in Engineering Science (ENS) (with Mechanical (MechE) and Computer Engineering specializations) and the BS in Electrical Engineering (EE) and both degrees are ABET-accredited. An Associate degree in Science (AS) in Engineering Science (with EE and MechE specializations) as well as a Masters in Engineering (ME) in Electrical Engineering are also offered. The PhD program in Electrical Engineering is administered through the City College of NY (CCNY) with which our department is in close collaboration. Currently the department has over 600 students enrolled in all of its programs that also include BS in Earth & Environmental Science, BS in Earth & Environmental Science K-12 and a Masters of Science in Environmental Science.

The College of Staten Island (CSI) is a senior College organized around two academic divisions and three schools, with over 10,000 students. CSI offers a broad range of academic programs in the liberal arts, sciences and professional areas. CSI awards associate, bachelor and master degrees. In collaboration with the CUNY Graduate Center numerous PhD degrees are offered. CSI's internationally recognized faculty passionately engages in scholarly and artistic activities, and together with a strong professional staff, lead students through transformational learning experiences both inside and outside of the classroom.

The College is situated on a 204 acre site, has a residential component and is currently engaging in capital expansion. It is a hub of intellectual and artistic activity, a community partner and source of economic impact and job creation for the greater Staten Island area.
QUALIFICATIONS

Bachelor's degree in area(s) of expertise, and the ability to teach successfully.

Preferred Qualifications:

Master's degree in any of the above areas of Engineering or Engineering Science is required. The candidate should be able to demonstrate an ability to successfully teach and mentor undergraduate students. The Department seeks an individual with good leadership skills that is willing to work to continue strengthening our Engineering programs and possibly participating in the ME in Electrical Engineering

A Ph.D. in any of the above areas of Engineering with proven research in any one of the above research areas

COMPENSATION

CUNY offers faculty a competitive compensation and benefits package covering health insurance, pension and retirement benefits, paid parental leave, and savings programs. We also provide mentoring and support for research, scholarship, and publication as part of our commitment to ongoing faculty professional development.
