Note from Director:

We are nearing the end of the academic year. Some housekeeping items to remember:
- Please be sure you have completed your CITI training in the Responsible Conduct of Research which can be found at: https://www.citiprogram.org/
- Please remember that RF annual leave must be taken each year. There is no carryover of unused funds.
- Please be sure to notify us of any awards or accolades you receive of which we may not be aware.
- Finally, please remember to fill out your annual time and effort forms.

A Few Notable Opportunities

ZIKV Funding in the Americas: United States and Brazil

The NSF is seeking research proposals on the virus through multiple agencies. A February 9, 2016, National Science Foundation (NSF) Dear Colleague Letter announced the Ecology & Evolution of Infectious Disease (EEID) program's interest in receiving proposals relevant to the ongoing spread of the ZIKV. The EEID program is particularly looking for proposals that address the ecological transmission dynamics of the virus. Proposals needing lengthier research can be submitted to EEID’s annual call, while proposals focused on obtaining research results for the management or spread of ZIKV within the year can be submitted as a RAPID proposal following the NSF Grant Proposal Guide

**Grants Panel Project**

The Grants Panel Project continues into this current semester. This program pairs junior or mid-level faculty with established faculty who have had some success in the pursuit of Research Grants. If you would like to become part of this program, or would like more information about it,

Please contact Scott Ritchie – scott.ritchie@csi.cuny.edu in the Office of Sponsored Programs and Research for details.

**Familiar with Pivot?**

Pivot Training coming soon (May 2016)!

Pivot, (built by ProQuest, and formerly known as COS or Community of Service) is the most comprehensive source of funding information available on the internet.

CUNY subscribes to Pivot so that whether your work is in the sciences, arts, or humanities, Pivot funding services can help support your research.

Claim your profile at:
http://pivot.cos.com/

For new Registrants, please follow the “create” instructions. You will be prompted to open up an account.

For additional Pivot trainings call our Associate Scott Ritchie to arrange for one on one Pivot Training. We will also be offering a Responsible Conduct of Research Workshop this semester.
