President's Message

Dear Members of the Campus Community:

This year, our holiday season reminds us more than ever of the importance of community and the treasure of family.

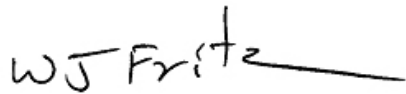

During a season where we celebrate with thankfulness and joy, many members of our Staten Island and College community have experienced tremendous personal loss; Bonnie and I extend our deepest heartfelt condolences.

I am appreciative and thankful that as a City, as a College, and, as a family, we have selflessly come together to help those in need. Whether it be through financial contributions to the CSI Foundation Hurricane Relief Fund, the donation of goods, or the investment of our time and energy, we continue to bring out the best in each other and to help those who may still be in need.

Bonnie and I, along with the entire Fritz family, wish you peace and prosperity this new year, as we rebuild and restore our communities, with a newfound appreciation in our hearts for the cherished gift of family.

As a senior college of The City University of New York, we celebrate the season while we remember those whose lives have been forever altered, and we are grateful to our community for their outreach, generosity and compassion.

Sincerely,

A handwritten signature in black ink that reads "WJ Fritz" followed by a long horizontal line extending to the right.

William J. Fritz, PhD
Interim President
