President's Message

Last night, at *An Evening Above and Beyond with CSI*, the College of Staten Island launched the public phase of the first-ever fundraising campaign in our College's history—a comprehensive campaign with a \$20 million target that will provide greater resources for students and faculty, enhance CSI's signature campus, and increase our endowment.

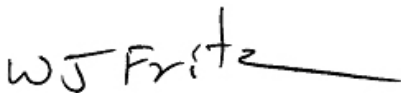

The Campaign for CSI: For College and Community, which has already raised \$7 million since its silent phase began in 2009, will enhance our ability to provide access to excellent educational opportunities for all deserving students and build on the strong foundation of scholarship and research that already exists at CSI.

The priorities of the campaign will also advance CSI's commitment to our community, and allow us to further our educational and outreach programs to the benefit of our Island, City, and region.

To learn more about the College's campaign, I encourage you to [view a brief video](#) and keep an eye on your inbox and mailbox for special campaign-related news.

The opportunities and challenges at CSI have never been greater, and I am proud to embark upon this campaign with you during such an exciting time in our College's growth and development.

Sincerely,

William J. Fritz, PhD
