

April 18, 2016

### President's Message

Dear Members of the College Community:

The College of Staten Island is proud to support the City-wide initiative "Car Free NYC" on April 22, 2016.

In celebration of Earth Day 2016, we encourage all students, faculty, and staff who drive to campus to carpool to conserve resources and ease commuting stress. This could involve carpooling with neighbors, classmates, or officemates.

It could also include registering for NYC's 511NY Rideshare program to leverage their comprehensive database to help match nearby travelers and trip takers with each other, making travel to campus quicker and easier.

Visit [www.csi.cuny.edu/commuterlink](http://www.csi.cuny.edu/commuterlink) today to register and learn more about the time and money-saving benefits of carpooling.

If you prefer, please take a break from behind the wheel to ride an MTA bus, bicycle, or walk to campus.

Together, we will help to reduce air and noise pollution, and possibly make new friends.

Sincerely,

A handwritten signature in black ink that reads "WJ Fritz" followed by a long horizontal line.

William J. Fritz, PhD  
President
