The following list contains the recommendations of the Student Technology Fee Advisory Committee. The recommendations focus upon academic use of technologies and resources and projects achieving a perceptible effect and demonstrable impact on students. The recommendations also reflect strategic planning investments that are sustainable and progressive.

**Laboratories**
- Upgrading of Student Computer and Instructional laboratories including both hardware and software. This will involve the replacement and upgrading of computers as well as miscellaneous hardware repairs $120,000
- Biology Laboratory Computer Upgrades $27,000
- Computer Science Academic Server Upgrade $7,500
- Technical support for Laboratories $160,000
- Student remote support, Portal, ESims, Blackboard and academic applications $70,000
- Laboratory software - General Purpose $80,000
  - Academic lab software $150,000
  - Blackboard Course Management $51,000
  - SPSS 18 $35,000
  - OWL Language Testing $12,000

**Library**
- Library electronic resources for student and faculty usage including licensing and rights for NY Times Historical, JStor, Scientific Databases and Digital Journals $260,000
- E-Textbooks $25,000
- Upgrade laptop computers in Library $25,000
- Technical Support for Students in Library $20,000
- OTPS for Media Center Equipment $10,000
- Smart Classroom Technology Support (Media Center) $25,000
- AC power outlets for laptop use $30,000

**Faculty Center for Professional Development (FCPD)**
- Technical Assistants (CAs) $30,000
- FCPD Center Technology Equipment $50,000
- Faculty Development E-Portfolio $60,000
- Student Technical Assistants for On-Line learning Mini-Grants $15,000
- Student Technical Assistants for Research Mini-Grants $15,000
- E-Portfolio License (Digication) $7,500
- Elluminate Licenses $7,500
- Renovations for Displaced Computer Laboratory $150,000

**System Support**
- Technical support for wireless network access and hand held devices $90,000
- Funding to help defray costs for maintenance of campus network $105,000
- Wide Area Network Upgrade to 1GB $80,000
- Student Account Services/Mac Support $95,000
- Web Development Support for student related activities $62,500
- Web Site Upgrade including Content Management Stystem $125,000
## COLLEGE OF STATEN ISLAND
### TECHNOLOGY FEE REVENUE ADVISORY COMMITTEE
### RECOMMENDED EXPENDITURES
### FY 2011-12

### Student Affairs
- Student Publications equipment upgrade and expansion 5,000
- Campus Activities Board 4,500
- Technical support and upgrade of computers in Campus Center 24,000
- Student Government Equipment Requests 5,000
- Student Government Collegiate Link 8,500
- Internet service provider & software license for Computer Science club server 5,000
- **Equipment and staff support for technology applications for students with Disabilities** 35,000
- SEEK Laboratory Technical Support 13,000
- WSIA Equipment Upgrade Pro Tools, etc. 15,000
- Career & Scholarship Center - On-line database system 6,000
- Digital satellite feed for film series 4,500
- Equipment for Student clubs (Computer Science, etc.) 5,000
- Computer equipment for student lounges 25,000
- Computer Lab Upgrade and Peripherals in Sports Center 20,000

### Effective Technology Usage
- Student Information Technology Skills initiative to facilitate student understanding of the use and application of computer technology 90,000
- Student Technology Internships for Special Projects & Graduate student grants 50,000
- Support for student research projects in High Performance Computing 40,000
- GIS support for Environmental Science 15,000
- Geographical Information Systems (GIS) projects 35,000
- Projectors & Presentation – Smart Classroom 35,000
- Scientific Computing Software 25,000

### Student ID and Access
- Technology for Student Identification System and access card for Library and printing 40,000

### On Line Advisement System
- Degree Works support, upgrade/new catalogue 15,000

### CUNY Enterprise Technology
- Enterprise Technology Initiative 220,000

### TOTAL ALLOCATION $2,740,500
