

## Verrazano Spring Schedule for Students on a Pre-Physical Therapy or Pre-Occupational Therapy Track

**What you take in your second semester depends on what you're taking now: scroll down for schedule options depending on current classes.**

The 4- or 5-digit section numbers for Verrazano Honors classes change each semester. View the updated list of Verrazano sections here: <http://www.csi.cuny.edu/verrazanoschool/courses/>

**If you are currently taking Honors BIO 170/171 or BIO 106/107**

**You must take the following Verrazano courses:**

**(1) Honors ENG 151:** College Writing (3 credits); M/W 10:10-12:05  
We will sign you up for this.

**(2) Honors BIO 150:** Anatomy & Physiology I (4 credits; T 9:05-12:05 and T/Th 4:40-6:20) and Molecular Foundations of Cell Function (1 credit; M/W 8:00-9:55 for 7 ½ weeks)  
\*Students registering for BIO 150 must be currently taking BIO 106/107 or BIO 170/171. You must earn a C or higher in those courses to keep BIO 150 in your schedule for next semester.

**Other Recommended Course(s):**

**Honors PSY 242:** Developmental Psychology (4 credits, M/W 2:30-4:25) – if currently taking PSY 100

Any course from the Required or Flexible Core in Pathways General Education

As a general note, you should plan to take Verrazano honors sections whenever possible.

**If you are currently taking Honors CHM 141/121**

**You must take the following Verrazano courses:**

**(1) Honors ENG 151:** College Writing (3 credits); M/W 10:10-12:05  
We will sign you up for this.

**(2) Honors CHM 142:** General Chemistry II (3 credits); W, F 2:30-4:25  
**Honors CHM 127:** General Chemistry II Laboratory (1 credit); T 10:10-1:10

**Other Recommended Courses:**

Any course from the Required or Flexible Core in Pathways General Education

**Honors PSY 242:** Developmental Psychology (4 credits, M/W 2:30-4:25) – if currently taking PSY 100

**General Biology with Lab** (BIO 170/171)

As a general note, you should plan to take Verrazano honors sections whenever possible.
